AN ENGAGEMENT of much interest is announced today, that of Miss Katherine Beeson, daughter of Mr. and Mrs. A. G. Beeson, to Mr. John Potter Webster. Both young people are prominent in social and club circles, and the engagement does not come as a surprise, but the announcement today came as a surprise, as Miss Beeson's guests were invited to meet Miss Heth Vail of Hancock, Minn. Not one of her friends guessed that the announcement was to be made at the bridge party.

Mr. Webster is the only son of Mr. and Mrs. John R. Webster and graduated at the University of Michigan, where he was a member of the Glee club and was prominent in athletics. Holdup Men Prove Extremely Polite in Robbing a Woman

Holdup men, who surprised their victim by their unusually polite actions, secured a pay check and some money and other valuables from Miss Bertha Friend, cashier of the Henshaw hotel, almost in front of her home Saturday night. "Please throw up your hands, lady," two youths said to her as she neared her home, 58 South Twenty-fourth street, about 10:20 o'clock. They had been standing at the edge of the sidewalk as she approached and she had not suspected them to be highwaymen. "And please give us your valuables," the gentlemanly robbers continued. "I thought they were sofly polite," Miss Friend said afterward in telling of her experience. "But when they pressed a revolver right against my side, I decided that they weren't so polite, after all. I certainly was scared then. "To cap the climax, they said 'Thank you' when I gave them my mesh bag and

Purpose is to Promote Good Fellowship Among Members.

WILL BANQUET NEXT WEEK

Festivities for the Confederates Will Be Given First Wednesday Evening in March at Loyal Hotel.

The Clef club, a new musical club in Omaha, held a meeting at the Omaha public library Sunday afternoon, selected a name and a constitution and became duly organized. This is rather a musician's club than a musical club in the ordinary sense of the term, as it is made up of music teachers who are actively engaged in their profession.

The purpose of this club is set forth as "The promotion of social fellowship among the musical fraternity and the advancement of musical culture and the arts in the community. The idea of the organization originated with Mr. Kelly, Mr. Borglum and Mr. Duffield. Although it has been discussed informally for some time, no definite steps in its formation were taken until a short time ago, when a charter membership was organized and an executive committee elected to manage its business affairs.

At the meeting Sunday afternoon the name and constitution were adopted, and it was decided to give a dinner at the Hotel Loyal on Wednesday evening, March 4.

The Membership.

The executive committee of the club is as follows: J. H. Simms, chairman; A. M. Borglum, T. J. Kelly, Henry Cox, Mrs. Douglas B. Welton, Sig and Landsberg and J. P. Duffield. The membership of the club is as follows: Mr. and Mrs. T. J. Kelly, Mr. and Mrs. A. M.

Egg Carrier Device Company Opens Up Office in Omaha

The Eureka Egg Carrier company, of which E. E. Yoho is president, has opened its offices at 411 South Fifteenth street, and since the manufacture of their new egg containers and carriers has been well started it is believed that the new product will be on the market by March 2. Mr. Yoho is a Nebraska boy, and for years lived in Lincoln. The new device which the new factory will manufacture here is his own patent. The manufacturers claim that the new carrier will eliminate 25 per cent of the breakage of eggs, and special devices are to be made both for farmers and for delivery by grocers. The new device is constructed of steel, yet costs no more than the old-fashioned wooden containers. H. B. Kingston is secretary and treasurer of the new concern and E. E. Yoho is president and general manager.

Ambassador Hari of Japan Sees His First Blizzard in Omaha

Ambassador Hari was a passenger on Northwestern-Union Pacific No. 1 Monday. The fact that the train was a hour late gave him an opportunity to see something of a blizzard as he passed over the western portion of Iowa.

The Japanese ambassador speaks very good English and during the train's stop at the Union station, he spent considerable of his time securing data on storms. He stood out in the station yards and watched the snow flurry along, remarking: "So this is a blizzard? I never saw anything like it at home. These blizzards are not as bad as I had supposed they were."

The ambassador asserted that he had seen storms of snow on his native islands, but there they are not accompanied by wind. There the snow falls and usually melts soon after reaching the earth.

Not "Raised" with Yeast—

You can "raise" a loaf of white flour bread with yeast—but you can't "raise" healthy, robust American youngsters in that way. The best food for growing boys and girls is

Shredded Wheat

It contains no yeast, no fats, no chemicals of any kind—just pure, whole wheat, steam-cooked, shredded and baked. The crisp, brown Biscuits are not only deliciously appetizing, but they encourage thorough chewing, which makes them better than porridges for growing youngsters. Ask your grocer.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Deliciously nourishing when eaten in combination with baked apples, stewed prunes, sliced bananas or canned or preserved fruits. Try toasted Triscuit, the Shredded Wheat wafer, for luncheon with butter, cheese or marmalade.

Made only by The Shredded Wheat Company, Niagara Falls, N. Y.

THE ECONOMY BOOK

How It Came To Be

The keynote upon which the "Economy Book" is built was sounded by President Wilson in Omaha during the presidential campaign when he declared:

"The Nation's problems today are problems of the home and by the same token they are women's problems."

Later Speaker Clark repeated the chord in his opening speech at the annual convention of the Woman's National League, and the women within sound of his voice caught the harmony thought wave.

The Economy Book containing the best thought and experience of 450 leading women, representing every state in the Union, is the result.

What It Is

What the "Economy Book" stands for and what it accomplishes is perhaps best told by Mrs. Thomas R. Marshall, wife of the Vice-President of the United States, who is famous both in Indiana and in Washington for her practical ideas on household management and housewifely thrift. She writes on December 8, 1913:

"It is a successful effort in suggesting to the average housewife how, with a diminishing food supply, she can not only keep the roses in her children's cheeks, but live within her husband's income."

You will be able to supply many of your needs with the money this book will enable you to save.
