Give Your Blood A 6000 Searching Bath

An astonishing record of serious blood poisoning is daily brought to our attention. And most if not all these conditions could be averted were the blood primed, toned and purified in advance by that wonderful romedy known everywhere as S. S. Few people realize how quickly the system becomes infected with the acids and ferments from undigested food, con-

stipation and inactive kidneys.

The symptoms of fever, thirst, excitability, dry skin followed by rash, and many indications are often wrongly diagnosed as Ptomaine poisoning.
Many people who act hastily from
violent temper are simply suffering
from the effects of poisoned blood,
produced by faulty elimination. But
by far the greatest peril is the daily danger from bruises, contusions, the scratch of a rusty nail, and vocational

scratch of a rusty nail, and vocational poisoning.

The medicinal properties of S. S. S. are relatively just as essential to well balanced health as are the nutritive properties of the meats, grains, fats and sugars of our daily food. And if you will bear this fact in mind and get your blood under the dominating influence of S. S. S. you will not only drive out those impurities that cause Rheumatism. Catarrh, Ecterns, Finples, Boils and thin anemic blood, but you will feel anew the thrill of health than can come only from a purified blood stream.

Do not accept anything else in place of S. S. S.; pay no attention to the "Just as Good" claims of those who would sacrifice your health to make an extra profit. S. S.
