CUPID is interfering with the stage career of two pretty Omaha sisters, Miss Marie Donohue and Miss Nell Donohue, and the young women will give up the stage and will go to other cities to reside.

Both sisters are unusually gifted, and there is a close resemblance, with high coloring, large eyes, fair skin and a quantity of dark auburn hair. The two brides-to-be attended Sacred Heart convent in Parke Place and studied voice with Mrs. Millie Ryan.

The wedding of Miss Marie Donohue, the younger daughter of Mrs. M. E. Donohue, to Mr. Hulbert Myron Larrabee of Jackson, Mich., was celebrated this afternoon at 2 o'clock at the apartments of the bride's mother at the Harold. Rev. Father McCarthy of S. Peter's church officiated. The rooms were decorated with pink tulips and Kilarney roses.

The bride wore white crepe meteor, trimmed with duchess lace, and her corsage bouquet was of lilies of the valley. Her only attendants was her sister, Miss Nell Donohue who wore a gold and black charmeuse afternoon gown with corsage bouquet of pink sweet peas.

Mr. and Mrs. Larrabee will take a six weeks' wedding trip to the Pacific coast and will later go to New York to visit before making their home in Chicago. The bride made her stage debut last season with "Everyman," having the role of "Conscience."

At the wedding, the announcement was made of the engagement of the bride's sister, Miss Nell Donohue, to Mr. Frank O. Reilly of New York City. Miss Donohue returned this week from New York, where she has been with the "Madcap Duchess" company. Miss Donohue made her stage debut about two years ago in New York and has had unusual success. Her wedding will take place in the near future.

At Lynhurst.

Three musicals and lectures will be presented by the members of the Tuesday Morning Musical club at Lynhurst, the home of Mrs. George A. Joslyn. The first was given at 4 o'clock in the afternoon and the programs were given by Mr. and Mrs. Thomas J. Kelly. The dates are Tuesday, March 3; the second, Tuesday, March 17, and the third, Tuesday, March 31.

Surprise Party.

A surprise party was given Miss Edna Anderson at her home, 215 North Twentieth avenue. The time was spent with music and playing games. The music was furnished by Misses Madeline and Angeline Grosack and Irene Johnson. Those present were:

Sunday At-Homes.

Miss Lynn Curtis entertained informally at tea at her home Sunday afternoon in honor of Mrs. Lillian Jacobs of Littleton, Col. Mrs. Jacobs, who spent the week with Miss Curtis, leaves this evening for her home. About twenty guests called.

About forty guests attended the musical given Sunday afternoon at 4 o'clock at the studio of John Macfarlane and Mrs. Lillian Davis. An enjoyable number was the violin and piano sonata written by Mr. Sigmund Landsberg and presented by Mr. Landsberg and the piano, with Mrs. Louise Shaddock Zorbiele on the violin. Other numbers were the vocal solo by Mr. George McIntyre and the flute solo by Mr. Richard Lucke, accompanied by Miss Elizabeth Underwood.

Walsh-Carlson Wedding.

A simple home wedding was solemnized at the home of Mr. A. S. Carlson Thursday evening, when his daughter, Lillian Agnes, became the bride of Mr. Glenn Allen Walsh, also of this city. The bride was beautiful in her wedding gown of embroidered crepe, trimmed with duchess lace. The ceremony was performed by Rev. Mr. Higby of the First Christian church. A reception was held at the home of the bride's parents from 8 to 10 p. m. Mr. and Mrs. Walsh will be at home to their friends after March 15 at their home, 1316 Pinkney street.

Gym Club Kensington.

The Gym club was entertained at a Kensington at the home of Miss Lillian Lane Saturday afternoon. After a short business meeting the afternoon was spent socially. Those present were:

REPORT MANY CONTAGIOUS

During First Two Months of Year Dangerous Diseases Numerous.

WARM WEATHER CONTRIBUTES

Connell Declares that Because of Mild Temperatures Many Children Afflicted Spread Germs at School.

Diphtheria, smallpox and scarlet fever have been more prevalent in the city during January and February than for many years, according to statistics furnished by the city health department.

In February this year the following cases were reported to the health department: Diphtheria, 65; scarlet fever, 49; measles, 4; tuberculosis, 4; erysipelas, 3; typhoid fever, 2; smallpox, 2; chicken pox, 7.

And in January this year: Diphtheria, 58; scarlet fever, 49; measles, 11; whooping cough, 5; erysipelas, 2; smallpox, 49; typhoid fever, 2; chicken pox, 11.

In the first of January the following cases of contagious diseases were reported to the health department: Diphtheria, 32; scarlet fever, 8; smallpox, 21; chicken pox, 8; tuberculosis, 24; typhoid fever, 4; erysipelas, 4; whooping cough, 5; measles, 11.

And in February: Smallpox, 43; scarlet fever, 5; diphtheria, 5; chicken pox, 22; measles, 5; tuberculosis, 11; whooping cough, 12; typhoid fever, 2; erysipelas, 1; mumps, 6.

Health Commissioner R. W. Connell says various causes have served to spread contagious this year, among them being the warm weather, which has permitted infected children, in cases of diphtheria especially, to go to school.

All physicians of the city have been ordered to report cases of contagious diseases at once so that the health department can take proper precautionary measures.

Slit Skirts Doomed, While New Styles Tend to Comfort

New styles for women are decidedly extreme and different, yet so comfortable, becoming, graceful and really beautiful that all dealers in women's apparel are expecting this spring to be an unusually good season in their line of business. So says Julius Orkin, who returned Monday from a two weeks' buying trip to New York.

"Looseness and comfort are the general characteristics of the main new styles for spring," Mr. Orkin says. "Some of the styles are so extreme in that way that they look almost sloppy. Eastern society women are enthusiastic over the new modes, because they are becoming as well as pretty." Although still especially suited to slim figures and retaining the narrow skirt bottom, the newest styles indicate that slit skirts and minarets are declining in

popularity. Mr. Orkin declares. Tier effects, draped effects and ruffles are now the thing, he says, and the horizontal arrangement of rows to trimming and bulging ruffles around the hips is a predominating characteristic.

The latest word from Paris is that the styles of 1914 will be all the rage in the new dresses, which are especially irresistible, he says. He saw one model almost exactly like that of a dress worn in 1790. It had a tendency to exaggerate the hips and make them look fat.

Jackets are short, skirts have tunics, waists are very thin and scant, with low-cut fronts and high-cut backs. Light materials and high colors prevail, with the new "tango" color and light green the favorites.

Colored wigs to match the gowns are already being worn, and silk suits are popular. Moral silk is the leading material for coats, and is also used in trimming tailor-made suits and cloth skirts.

The tango craze still packs the New York cafes every night, Mr. Orkin says. While he was there the blizzard made street traffic impossible in some places, and teams and autos were sometimes forced to use sidewalks.

WEATHER RECORDS NORMAL DURING THE LAST MONTH

No meteorological records of any kind were broken during February, according to the summary just issued by L. A. Welsh, local forecaster of the weather bureau. From start to finish it was a very peaceful month with the exception of three days when the minimum temperature dropped below zero. The lowest temperature registered was 11 degrees below zero, while the highest was 59 degrees above. The mean temperature for the month was 21.4 degrees. The total precipitation was only .87 of an inch, but the snowfall was 12.3 inches. A good stiff wind velocity was registered on the 25th. On that day the wind blew at a rate of forty-six miles an hour.

Nemo KOPSERVICE

ENTIRELY NEW IN CONSTRUCTION IN EXCLUSIVE FEATURES IN HYGIENIC PROPERTIES IN STYLE EFFECTS

\$5.00 AT \$10.00

OF VITAL IMPORTANCE TO ALL WOMEN

THE new Nemo KOPSERVICE Corsets completely solve the vexed problems of the day by harmonizing the "nature figure," as a distinct fashion-type, with the invaluable hygienic features for which Nemo Corsets are famous throughout the world.

KOPSERVICE Corsets perform the seemingly impossible by enabling all women, from very slender to extra-stout, to attain a rational "nature figure" without sacrificing one iota of comfort or hygienic safety.

The influence of this radically new system of corset-construction will be felt immediately in all the world's fashion-centres, where already the Nemo is a predominating factor.

Details of Construction

A. Right side of the corset skirt as worn.
B. Left side of corset skirt, turned back to show supporting feature.
C. The curved ends of front steels forming part of supporting feature.
D. Seam, whereby corset-skirt is attached to body of corset.
E. Groin section showing how the effect of the nature figure is retained.
F. The famous Nemo "bridge" construction which avoids all pressure over the gastric region, and prevents even a "bunch" corset from "digging in" at the waistline.

KOPSERVICE construction produces practically two corsets in one.

The corset-body, in the front, being free from the influence of the corset-skirt and hose supporters, is self-adjusting and remains firmly in proper place, no matter what the attitude or pose.

The corset-skirt, hanging free from the front of the corset, with the attached hose supporters, strongly reduces the upper limbs, but is made easy and comfortable by the semi-elastic Lasticurve-Back, which provides for ample "spread" when seated.

In the models for stout figures, (Nos. 551 and 552), the abdominal support is given by the curved front steels and the converging bands, which give perfect hygienic support from underneath.

For SLENDER and MEDIUM

The construction of these corsets provides for the extreme poses of the "debutante slouch," they give perfect hygienic support, and guard the figure against permanent loss of symmetry.

No. 561 For slender and medium figures. Practically "hollow." Entire corset above waistline is of semi-elastic Lasticurve fabric, lightly boned. Very long skirt with Lasticurve-Back. Absence of boning and lightness of material, reveal the natural lines. Slender bustle, sizes 30 to 36. **\$5.00**

No. 562 For medium figures. Very low bust extra-long skirt, with Lasticurve-back. Inserts of semi-elastic Lasticurve Cloth, extending three inches above the waist-line and five inches below, give wonderful ease and the "natural" lines. This effect is ENTIRELY NEW. As in No. 561, the new short front gives all needed figure support. Slender bustle, in sizes 30 to 36. **\$5.00**

These corsets represent style and hygienic values that cannot be obtained in any other corset at any price. Sold in all leading stores.
