SUPERIOR SAVINGS IS CLOSED

Examiner Takes Charge of Bank Allied to First National.

DEMAND FOR \$46,000 NOTES

Deposits Said to Be Million Dollars. Coming Under State Guaranty Law as Protection to Patrons.

SUPERIOR, Neb., March 6.—(Special Telegram.)—Closed in the hands of State Banking board "is a sign hung on the door of the State Savings bank at noon today.

United States Marshall Sammons served notice on the officers an hour before they closed, demanding \$46,000 in notes claimed by Receiver Seybolt of the First National bank. The notes and securities are said to be in the hands of Cashier G. M. Seamon of the new State Bank of Superior, which opened last week and took over the assets of the Superior National bank.

This is the first bank to fall under the guarantee law and the question how soon depositors will be paid is a puzzle to many here. The State Savings bank was started in the back part of the First National bank building two years ago last January and the last report showed over \$1,000,000 in deposits and about the same amount of notes. The officers of the bank was also interested in the First National bank.

Receiver Seybolt sold the First National bank building to J. P. Fair of Manhattan, Kan., at auction for \$25,000. Several bankers from other towns were present and bidding was lively. The price obtained was \$3,000 above the highest estimate made by the receiver. It will be occupied by the Citizens' State bank recently organized.

Four Damage Suits Taken to High Court

(From a Staff Correspondent.) LINCOLN, March 6.—(Special.)—Four Douglas county cases were heard in the supreme court today, all of them covering damages sustained by individuals from corporations.

The Omaha & Council Bluffs Street Railway company appeals from a judgment secured by Bernard Gross, administrator of the estate of Arthur Gross, a 15-year-old boy, who was killed at Thirtieth and Evans streets by being run over by one of the company's cars.

The same company appeals from a judgment secured by Linn McKenna, who was struck by a street car while driving across the track at Twenty-fourth and Cuming streets in Omaha.

Laurea Nelson, who was a steam fitter for the Omaha & Council Bluffs Street Railway company and was injured by a steam valve dropping on his hand, claimed that the workmen engaged in the work with him could not understand English and were ignorant of the work, consequently the company should be held for his injuries. The case has been held for the supreme court once before on appeal by Nelson and was sent back for another trial.

The fourth case is an appeal by the Union Pacific Railway company from a judgment secured by Charlotte Richeieu for the death of her husband, Harry E., who was killed in a railway accident at Valley in May, 1910. Richeieu was a brakeman and was uncoupling a car of the freight train when his foot caught in an open frog and the car went over him, from which injuries he died.

Notes from Beatrice and Gage County

BEATRICE, Neb., March 6.—(Special.)—A movement has been started in Beatrice to organize a country club. It is proposed to buy a suitable site along the Blue river northwest of the city, erect a club house, lay out golf links, tennis courts, etc. A tentative plan has been drawn up by H. T. Weston of this city, and if it goes through the club will be incorporated for \$10,000.

M. Morgan, proprietor of the 16-cent store at 46 Court street died Wednesday at a local hospital after an illness of two weeks. He was born at Drakeville, Ia., and before locating in Beatrice five years ago was engaged in business at Shenandoah, Ia. He is survived by no family except his widow.

The \$10,000 damage suit against the Beatrice Electric company, brought by Archibald Schultze of this city, is being heard in the district court. In March, 1913, Grant, the son of Mr. and Mrs. Archibald Schultze, was electrocuted at Eleventh and Lincoln streets, and action for damages was brought, alleging that if the company had taken proper precautions the accident would not have happened. It was shown that a wire had in some manner crossed the electric company's wires, carrying a voltage of 2,300, and hung down near the sidewalk. It is alleged that the company knew of this dangerous wire early in the evening, but that it was not removed until the lad met his death.

The Beatrice Volunteer fire department met in annual session Wednesday evening and elected these officers: Assistant chief, W. G. Hall; president, H. C. Leech; vice president, Theodore Horn; second vice president, Gus Dressy; secretary, E. A. Gamble; treasurer, C. O. Gudtner. The chief is an appointive office, which has been held for the last few years by Rudolph Woelke.

Plain Truth That's Worth Money. Using Foley's Honey and Tar for cough and cold is just practical common sense. It is exactly made to stop a cough and check a cold and it prevents the grippe, bronchitis or pneumonia. F. P. Monahan, Monomonia, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. BARTLING MAY YET RUN

Father of Sunday Base Ball Law Likely to Get Into Race.

MEN OF EXPERIENCE NEEDED

All Insurance Agents in State Must Have License on and After First of May—Pool's Letters Are Unanswered.

(From a Staff Correspondent.) LINCOLN, March 6.—(Special.)—Senator H. H. Bartling of Nebraska City, who has served two terms in the state senate, was a caller at the state house today. The senator has said several times he did not expect to be a candidate for re-election in his district, but when the proposition was put up to him this morning it was noticed that he was wavering and was willing to talk about it.

Senator Bartling was father of the Sunday base ball law and when it passed the last session and became a law the senator said he was satisfied to retire. However, it is a political prerogative to change one's mind, and Senator Bartling may finally conclude to run. The senator said he believed the coming session would be one of the most important the state has ever held and men of experience could give the state the better service.

There were 1,645 inspections made during the month, 186 sanitary orders written, 126 certificates of commercial clubs in as many different towns of the state and to date has received but twenty-nine answers. Mr. Pool also received a letter of congratulation from Still Bron, banking house of Omaha on the bulletin of statistics sent out by the department. They think that the next legislature ought to appropriate sufficient money so that the department could do the service it is expected.
