PLEADS FOR HIGHER RATES

Willard Argues for Advance in Freight Charges.

REVENUES ARE NOT SUFFICIENT

Pennsylvania Employes Throw Out of Work by Retrenchment Policy Hold Indignation Meetings.

PITTSBURGH, March 28.—Daniel Willard, president of the Baltimore & Ohio railroad, and chairman of the president's committee of railroads in official classification territory, at the annual dinner of the Traffic club of Pittsburgh, tonight argued for higher freight rates.

Under existing conditions rates now in effect in official classification territory do not yield sufficient revenues properly to meet the situation, Mr. Willard said.

Way to Get Such Money.

It has been stated that the growing need of the country's commerce will require an additional expenditure by railroads for equipment and facilities of upwards of a billion dollars a year for some years.

The only way in which such money can be obtained is through private enterprise, and railroad investment must be made sufficiently attractive to secure new capital else development will cease, and nothing can more effectually check the growth of commerce than insufficient transportation facilities.

I do not think the necessity for increased revenues on the part of the carriers in official classification territory is seriously questioned by anyone at this time.

Hold Mass Meeting. W. A. Pierce, president of the federation of workers.

ALTOONA, Pa., March 27.—The 1,250 employes from all departments of the Pennsylvania railroad shops, who were thrown out of work as a result of the company's retrenchment policy, held a meeting tonight at the headquarters of the federation of workers.

ALLEGED WYMORE THUGS CAPTURED IN MONTANA

BEATRICE, Neb., March 28.—(Special.)—Ralph and Fred Holmes and Frank Ritchie, three of the eight young men who are charged with assaulting a party of Beatrice students after the Beatrice-Wyome debate at Wyome a few weeks ago, were arrested Friday at Valentine, Mont., and will be held there until requisition papers can be secured from Governor Morehead for the return of the trio to Nebraska.

MINORITY COMMITTEEMAN TO DIRECT MAJORITY FIGHT

PIERRE, S. D., March 28.—(Special Telegram.)—Returns secured to this evening indicate that there has been another break in the majority ticket by the selection of J. L. Lockhart, the minority selection for state committeeman, to have charge of the party campaign next fall.

Commercial Club of Red Oak Secures Many New Members

RED OAK, Ia., March 28.—The Red Oak Commercial club has 246 members and there is little doubt but that the number will be raised to 300 within a few days, for no less than 115 new names were added to the club roll Friday alone, as the result of a novel campaign to get every live man in the community interested and working.

The club was divided into four squads, each working under a captain, but divided into two sections. Every business man in the city, as well as a number of farmers and retired men, who were not already members of the club, were listed as prospects and a canvass of these prospects was completely made.

Among the matters on which the club is now working are the organization of a co-operative creamery, the suppression of fake solicitors, and the establishment of a glove factory, as well as in getting local business men together. A free employment bureau is conducted by the club.

Secretary Wood receives a salary of \$1,000 per year, which indicates that the business men of this city have faith in the value of the right kind of co-operation.

Notes from Sutherland.

SUTHERLAND, Neb., March 28.—(Special.)—Sutherland is one of the towns where no particular issue faces the voters who are to choose three members of the council at the coming election.

The local Christian church organization will within a few weeks hold services in the new church building which is rapidly nearing completion. The town will then have four church buildings. One resident pastor is now employed here.

Coupler Works Drops All Negotiations to Settle the Strike

DEFEW, N. Y., March 28.—General Superintendent George W. Hayden of the Gould Coupler works today severed all negotiations looking to a settlement of the strike. His announcement came as a surprise to both the members of the state board of mediation and the representatives of the strikers, as a meeting between the company and a committee of the men had been arranged for this afternoon.

The company's refusal to recognize the union and its proposition to re-employ the men only as they were needed were distasteful to the men and a modification of both of these clauses was sought.

Mr. Hayden's statement says: "I am through with the state board of mediation. I have submitted a proposition to the men and they may take it or leave it. I will not meet a committee of the strikers."

The company is willing to take back all its old molders and core makers within six months, except those who have been guilty of violence to the men or the plant. We will not deal with unions as such, as we have adopted the policy of the open shop.

CHURCH ADVERTISING TO BRING THOUSANDS TO FILL EMPTY PEWS

(Continued from Page One.)

Heralds Sound Bugles.

Four heralds, mounted on white horses, bearing "Go-to-Church" signs and constantly blowing bugles to attract attention, gave final emphasis throughout the business district yesterday afternoon in the churchgoing campaign. Today all policemen and street car conductors have been instructed by their superiors to offer information as to the whereabouts of churches to all who may ask.

The day has been officially recognized as "Go-to-Church Sunday" by Mayor James C. Dahman and Governor John H. Morehead, both of whom have issued proclamations urging all citizens to attend religious services.

On account of co-operation of Protestants, Hebrews, Adventists and members of other creeds, the campaign for general religious activity has not been confined to any one faith or denomination, but is being participated in by all. Yesterday was observed by the Jews and Adventists, who report unusually large congregations at their services. The general committee which has been directing the movement points out that by being a co-operative movement merely for increased religious activity, the campaign avoids being a sectarian proposition and will result in a general moral uplift, rather than in temporary "revival excitement."

President Woodrow Wilson has endorsed "Go-to-Church" campaigns in the following language: "I need not tell you that efforts to quicken the church-going habit meets with my warmest sympathy. It has always seemed to me that the habit of going to church somehow lays the foundation of steadfast character and the maintenance of the standards of life."

He sent the above message to the committee in charge of the recent "Go-to-Church" movement at Bellefontaine, O.

The church as an advertiser was thoroughly discussed by Rev. Edwin Hart Jenks at the First Presbyterian church last Sunday in a way that made it plain that advertising by churches is as legitimate and worthy an undertaking as ringing a church bell to call people to church, which practice has been followed for many centuries. Advertising, the minister declared, was simply the modern way of ringing the church bell. At the same church at 7:30 o'clock this evening, a special musical service will be given in honor of the ninety-fourth birthday of Fanny Crosby, the noted hymn writer.

Miss Ruth Ganson will sing a solo with violin obligato, and the quartet will render several selections.

At the Young Men's Christian association meeting this afternoon at 4 o'clock W. R. Orchard, editor of the Council Bluffs Nonpareil, will speak on the topic "Why the Church?" He will tell of the importance and influence of churches in a community and of the advantages to be gained by attending them.
