OHIO COAL MINERS ARE IDLE

Fifty Thousand Men Forced Out of Work by New Law.

SCALE CONTRACT HAS EXPIRED

Work Will Continue in Other States in Competitive District Pending Negotiations by Districts.

CHICAGO, April L-Nearly 50,000 Ohio bituminous coal miners were forced into Indefinite idleness today and 38,000 Pennsylvania miners may be thrown out of employment Friday because of the failure of the recent Chicago conference between the operators and officials of the United Mine Workers of America to reach a new wage agreement to take the place of the one which expired last midnight.

Pending negotiations for a new trial agreement, thousands of union coal miners in Indiana, Illinois and lows will continue at work.

Most of the mines in the Obio district suspended operations last midnight in accordance with orders issued Monday by the operators. The operators in the central Pennsylvania district announced last night that unless the old agreement is renewed before Friday all of the mines

law was strongly opposed by the operators. Negotiations for a new agreement have been in progress between the miners and operators in the central Pennsylvania district since March 3. The Pennsylvania miners have abandoned all their demands except one providing for a change in the system of pushing cars in and out of the
