

NAUGHTY PREACHER SCOLDED

"Kissing" Pastor Found Guilty of Unministerial Conduct.

OTHER CHARGES ARE DISMISSED

Specifically Accusing Dr. Price of New York of Immorality Are Not Sustained by Church Court.

NEW YORK, April 8.—"Guilty of imprudent and unministerial conduct" was the verdict of the court of the New York conference of the Methodist Episcopal church today against the Rev. Dr. Jacob E. Price, pastor of the Washington Heights church, defendant on charges made by members of his congregation.

Two other specifications, one accusing Dr. Price of "immorality" in conduct, in violation of the moral law, and the other of "indulgence of sinful temper and words," were not sustained.

It was the judgment of the select committee, which reported to the conference, that Dr. Price "should be and hereby is admonished as a result of his conviction on the first specification."

Bishop Luther B. Wilson, presiding at the conference, directed the conference to receive the findings of the committee without any expression of approval or disapproval. The committee's report, accordingly was received in silence.

The court did not find Dr. Price guilty of acts sufficiently flagrant to demand a change of pastorate, for in the list of charges for the ensuing year as read by Bishop Wilson, Dr. Price retains his Washington Heights pulpit.

Mrs. Claude B. Dore, wife of the attorney who prepared the charges of unministerial conduct against the pastor, was recalled to the stand today and said she was quite sure Dr. Price had kissed her twice.

U. S. Suit Against Railroad and Coal Concerns Dismissed

TRENTON, N. J., April 8.—The United States court filed an opinion here today dismissing the suit of the United States government against the Delaware, Lackawanna & Western Railroad company and the Delaware, Lackawanna & Western Coal company for alleged violation of the commodity clause and the Sherman anti-trust law. The court holds that there is no United States law or decision prohibiting the same set of individuals holding stock in two distinct corporations, even though they may be engaged in kindred business.

The decision was rendered by Judges Gray, Buffington and McWhorter, of the third judicial circuit. The action was brought in the federal court here, but through a certificate of expedition filed by attorney general McReynolds, was heard by the judges for the court of appeals at Philadelphia in January.

The case is considered of the highest importance by the government, as it is one of the steps planned by the Department of Justice in its efforts to break up what it alleges to be a monopoly of the anthracite coal trade. The case, which was brought under the Sherman anti-trust law and the commodities clause of the Hepburn railroad law, in all probability will go direct to the supreme court of the United States.

Glynn Won't Commute Sentences of Gunmen

ALBANY, N. Y., April 8.—Governor Glynn tonight refused to commute the death sentences of the four gunmen convicted of slaying Herman Rosenthal, the New York gambler, or to grant them a reprieve until after the second trial of Police Lieutenant Charles Becker. They must die by electrocution some time next week, probably Monday. The court of appeals, in denying their motion for a new trial, set the week of April 13 as the time for their execution. The exact date is fixed by the warden of Sing Sing prison.

The full names and nicknames of the condemned men are: Frank Crofici (Dago Frank), Harry Harowitz ("Gyp the Blood"), Louis Rosenberg ("Lefty Louie") and Jacob Seidensfner ("Whitey Lewis").

Wilson Reiterates Is for Local Option

WASHINGTON, April 8.—President Wilson is in favor of local option on the liquor question and does not believe prohibition should be made a part of a party program. Since the order of Secretary Daniels was issued, prohibiting the use of liquor by officers in the navy, persons in a position to obtain the president's views have learned that he will stand by his letter written in May, 1911, while governor of New Jersey, to the Rev. Thomas B. Shannon of Newark, N. J., in which he said he was in favor of local option and against the liquor question, being made a partisan one.

M'DERMOTT TO BE SCOLDED FOR "N. A. M." ACTIVITIES

WASHINGTON, April 8.—Congressional censure for Representative McDermott of Illinois, as a result of the disclosures of the lobby investigation, was agreed on today by the house judiciary committee. The determination was reached at a long session that did not determine whether the censure should extend to the National Association of Manufacturers and its officers. Committeemen who had been holding out for a resolution of expulsion for McDermott finally yielded to one for censure only.

BLAIR—Two issues before the people of Blair aside from the regular spring election made the election held here today one of more than ordinary interest. The question of Sunday base ball was voted upon and carried by about 100 and a school fight for membership on the Board of Education drew out five candidates to fill two vacancies. E. V. Capps and W. The council now feels vindicated of the many charges made against it and will proceed towards an early realization of the new lighting system.

STOP Coffee Drinkers, And think a minute! Some persons seem able, for a time at least, to get along with coffee, but it contains a subtle, habit-forming drug, caffeine, which sooner or later is pretty sure to rob one of health and comfort. If you know coffee don't harm you—if you feel prime and fit under its continued use, well and good—stick to it. But—if you are sometimes a bit "off color," and irritable nerves, disturbed heart action, biliousness, headache, or symptoms of liver or kidney trouble make you wonder what's the mater— Better find out what coffee has to do with it. Evidently some people are learning the truth about coffee—listen— During 1913 the sales of coffee in this country decreased over one hundred million pounds. A mighty army of former coffee drinkers now use POSTUM and enjoy freedom from their old coffee aches and pains. Postum, made of whole wheat and a bit of molasses, is a delicious table beverage absolutely free from the coffee drugs, caffeine and tannin. If you are interested in bettering yourself—think it over! Postum now comes in two forms. Regular Postum—must be well boiled. 15c and 25c packages. Instant Postum—a soluble powder, requires no boiling. 30c and 50c tins. The cost per cup of both kinds is about the same. "There's a Reason" for Postum—sold by Grocers everywhere.
