

"MOTHER" JONES LET OUT OF PRISON BY COLORADO GOVERNOR

Aged Strike Leader Given Her Freedom from Walsenburg Jail.  
HABEAS CORPUS WRIT ISSUED  
Action Simultaneous with Departure of Troops from Zone.  
COUNSEL MAKES STATEMENT  
Asserts She Will Probably Arrange for Conference.  
PROBABLY WILL GO TO DENVER  
Proceedings Before Supreme Court In Habeas Corpus Case to Test Martial Law Remains Undetermined.

DENVER, April 16.—"Mother" Mary Jones, held as a military prisoner in the Walsenburg jail, was released today, according to an official announcement made by Governor E. M. Ammons. A writ of habeas corpus issued by the Colorado supreme court was returnable April 15. The release of the aged strike leader was simultaneous with the departure of the last of the state troops from Huertano county, according to the governor's announcement.  
Thomas M. Hawkins, attorney for Mrs. Jones, said she probably would come to Denver for a conference with him. He declined to state what further action he would take with regard to the habeas corpus proceedings. The announced theory of the military authorities is that the release of the prisoner does not constitute disrespect to the supreme court and that, as a free agent, she will appear in court voluntarily in the matter to do so. Judge Advocate Boughton recently announced that if the court desires to fight the case out, in view of the release of "Mother" Jones he was ready to appear and defend the action of the military authorities in imprisoning her.  
"Mother" Jones was arrested at Trinidad early in the year. After she had defied an order to remain away from the coal strike district, she was held in confinement in a hospital. A petition for original jurisdiction of a habeas corpus proceeding was presented to the supreme court, but denied. Habeas corpus proceedings then were brought in the district court of Las Animas county, where Judge A. W. McFadden denied the writ. An appeal was taken to the supreme court, but before arguments had been heard "Mother" Jones was unexpectedly released in Denver on March 15. On the night of March 25 she left Denver with the avowed intention of returning to Trinidad in defiance of the military authorities. Early the next morning she was arrested, taken from the train at Walsenburg and imprisoned in the hospital ward of the Huertano county jail.

WOMAN KILLED BY AUTO TRUCK YESTERDAY AFTERNOON.

MRS. PRESSLY J. BARR.

AUTO VICTIMS GET CONFUSED

Mrs. Barr and Daughter-in-Law Panic Stricken.  
BECKONED TO THE SIDEWALK  
Woman Who Was Killed, Together with Companion, Failed to Heed Signs of Pedestrian and Driver of Truck.

Mrs. Anna Flynn, who witnessed the auto accident at Nineteenth and Farnam streets, in which Mrs. Pressly J. Barr was killed and her daughter-in-law, Mrs. L. Edmund Barr, seriously injured, declares that the two women, who had started to cross the street, grew panic-stricken and failed to heed the beckonings of the drivers and herself to hurry back to the sidewalk. Clyde Dunn, Arthur Olsen, Jim Torrens, all city firemen, together with A. Livingston, chief of the Dundee fire department, witnessed the accident and reported Mrs. Flynn's version of the affair, as did Harry E. Olsen who saw the accident from his drug store across the street. The firemen carried the women into the fire station at Nineteenth and Harney and, with the police, had considerable difficulty in keeping back the large crowd which quickly gathered. Considerable feeling was evinced against the drivers by the crowd, who failed to understand the nature of the accident.

Mrs. P. J. Barr, the dead woman, was prominent in church work and formerly was a missionary to China and Japan. She was about 60 years of age. Her husband is engaged as collector for the Reliable Messenger Exchange, and was located about a half hour after the affair while at lunch in a downtown restaurant. Mrs. Barr was active in the Daughters of the American Revolution and a member of the Christian Science church. An operation will be performed by Dr. E. A. Fote in an attempt to save Mrs. L. E. Barr's life. Late yesterday afternoon the woman was reported to be resting easily at the Wise Memorial hospital.

Mrs. P. J. Barr, resided at 290 Dodge street, while her daughter-in-law, Mrs. L. Edmund Barr, lives at Missouri Valley. The accident occurred when a big auto truck belonging to the Omaha Ice and Cold Storage company ran wild at Nineteenth and Harney streets at 1 o'clock yesterday afternoon in the hands of a green driver, who was being broken in by the regular chauffeur. The driver, Harry Best, 485 Farnam street, was instructing Jess Buel, 82 Georgia avenue, how to run the truck, and while Buel had the machine in hand, he suddenly lost control, and it smashed into the curb and there ran down the two women, who were crossing the street. The elder woman was completely run over through the center of the body by the heavy truck. Mrs. Barr's right foot was crushed by the wheel and the result of the collision injured her internally. She was rushed to Wise Memorial hospital for an operation. Her husband, a Northwestern locomotive engineer, is now at the hospital.

Best and Buel, the two drivers of the auto, having been arrested by the police and charged with a suspicious character. F. J. Barr, husband of the dead woman, is employed as a collector by the Reliable Messenger exchange.

Truck Hits the Curb

The truck was going west on Harney street at the time, and is said to have been traveling at a fair rate of speed. The two women stepped off the north-east corner at Nineteenth street to cross to the other side of Harney. The driver of the car lost control at that instant and the auto ran against the north curb and then struck the women as it was steered back toward the middle of the street. Coroner Willis Crosby took charge of the body of the dead woman and will hold an inquest. She was about 30 years of age, was visiting with her mother-in-law in order to be near her husband in the hospital here. She is a sister of Assistant County Attorney Haffer.

COXEY'S ARMY IS ON WAY TO WASHINGTON

"General" of Unemployed Leaves Massillon Hundred

CHAPLAIN OFFERS PRAYER  
Police Officials Release All the Vagrants from Prison Who Promise to Leave Town with the Army.

MASSILLON, O., April 16.—Headed by "General" and Mrs. Jacob S. Coxe, in an old phaeton drawn by a mule, the second "army" of the commonweal, about 200 strong, assembled at the call of a bugle in Massillon's business section at 10 o'clock today and left for Washington. From shanties along the railroad tracks outside the city limits, from the socialist hall and from the city prison, the men gathered. The police released all vagrants from prison who promised to leave town with the "army."  
Rev. Harry L. Wilson of Rockdale, Pa., official chaplain of the "army," offered an invocation before the start on the march to Washington, praying for the success of "General" Coxe's program. In and out among the ranks of the "soldiers" rode little David Coxe, the 11-year-old son of the "general," clad in khaki and mounted on a pony. He is the official courier for the "army."  
At a mass meeting held in the city hall last night, "General" Coxe outlined his plans.

Army Proceeds Rapidly.  
CANTON, O., April 16.—When "General" Coxe and two divisions of his "army" completed their first lap of the proposed hike to Washington here this afternoon the force had dwindled to about sixty. Of this number fifty were high school boys who had given Coxe a send-off from his home town. They will go back home. The others were composed of Coxe and his son, his chaplain and enlisted men in the "army."  
On the arrival here the men had not yet lost hope and with their "general" declared they would pick up a band of recruits here.

KELLEY CALLS FOR PROOF OF HOLY SPIRIT'S ORDER

INDEPENDENCE, Mo., April 16.—Elder J. M. Terry, of California, addressed the morning assembly of Saluta at the annual conference here today. At the afternoon meeting E. A. Blakeslee of Michigan expressed his willingness to help carry out the instructions contained in the revelation of the body spirit presented to, and accepted by the church on yesterday. This provides that Mr. Blakeslee should take up more active work in the affairs of the presiding bishopric of the church of which he has been a member for many years.  
Richard C. Kelley, third son of Bishop E. L. Kelley of this place made a statement before the conference in which he asked that his ordination looking towards his work in the bishopric be deferred until such time as he might receive an assurance that it is the Lord's will that he be so occupied. Elia Short, bishop of the district comprising most of Texas, Oklahoma, Kansas, Arkansas and a portion of Missouri, selected Hubert Case of Oklahoma as one of his counselors, which was ratified.

Isaac M. Smith was recommended by the apostles for ordination to office of evangelist minister. This choice was concurred in by the conference.  
Rev. Mr. Smith stated that in 1912 he was shown that he would be called to that work, which is that of blessing the members of the church, encouraging and advising them and being in many ways a "father to the faithful." The various quorums, boards and committees of the church were, as is customary, sustained by vote of the assembly. Hubert Case of Oklahoma was the speaker.

Urges stock reforms

T. F. Sturges, editor of The Twentieth Century Farmer of Omaha, called on Governor Morehead this forenoon in an effort to interest him in sending a number of veterinarians over the state lecturing along the lines of prevention of disease in stock as laid down by the State Veterinary board. Mr. Sturges believes that a campaign of education along these lines would be of immense benefit to the state and that the money expended would be well spent. Governor Morehead was unable to give him much encouragement by reason of the lack of funds. The legislature appropriated \$20,000 for the maintenance of the Live Stock Sanitary board and the governor is of the belief that it will all be needed before the biennium closes for the work already laid out.

MILLER IS OUT FOR REGENT

Former State Senator from Lincoln Files for Democratic Nomination—Stock Disease Lectures Are Urged.

(From a Staff Correspondent.)  
LINCOLN, April 16.—(Special.)—Creameries and cream stations which have been using scales which test one, two, four, six and twelve bottles of cream at a time must after May 1 do all testing on the single bottle scales, according to an order issued by Food Commissioner Harman.  
His reasons for doing so is that scales used for testing cream are very sensitive and in case one bottle does not come up to the standard or weighs above the requirements all the other bottles weighed at the same time will suffer or gain correspondingly, so the order is issued.  
After May 15 pop manufacturers will be required to dispense with the use of pop bottles with the wire stopper as they have been declared unsanitary. This order meets with the approbation of the manufacturers and it is thought no trouble will come from putting it into effect. The bottles are not only unsanitary, but a public nuisance, as the opening of them in a crowd has many times resulted in injury to clothing of those who happened to be sitting close by reason of the contents of the bottles being thrown about.

WASHINGTON, April 16.—President Wilson was asked by a delegation from the senate and house today to request Attorney General McKeen to obtain from the circuit court of appeals at Chicago a stay of execution for the twenty-seven labor leaders sentenced to Fort Leavenworth for complicity in the dynamite conspiracy.  
"They asked the president to stay the sentence until he had an opportunity to review all the proceedings and the application for pardon. The president promised to give the cases careful consideration. FARMERS' CONGRESS HAS LPAN UP BEFORE IT

(From a Staff Correspondent.)  
LINCOLN, April 16.—(Special.)—It is now up to the Farmers' congress next year to accept or reject the resolutions passed by the committee selected by the different bodies of organized agriculture to investigate the State Board of Agriculture and devise some means for its future government.  
At the meeting held yesterday and last night the matter was gone into thoroughly and a resolution was passed about as follows:  
The board of agriculture shall consist, besides its present membership, of twenty-five of the following: In counties having a county demonstrator, that organization shall be privileged to select a member of the board. In counties where there is no county fair organization, the Board of County Commissioners or the Board of Supervisors shall select someone to represent the county on the State Board of Agriculture.  
This resolution passed without opposition with the exception of a question raised by Charles Craft, who said that in his county the so-called county organization of a county fair was controlled by half a dozen men at Winer and the county had nothing to do with it, although by a bill passed by the last legislature the so-called agricultural association has been able to draw \$700 from the treasury.

WHITE WOLF'S BRIGANDS DEFEATED BY TROOPS

PEKIN, April 16.—Regular troops today severely defeated "White Wolf" and his brigands, several hundred of whom were killed.  
The troops encountered the bandit army at Li Chuan Hsien, northwest of Shan Fu. After a sharp engagement the brigands fled to a position twenty miles from Kien Chow, further northwest.  
Heavy reinforcements of regulars have been dispatched to the scene, and the bandits, who have pillaged many towns and villages and killed the inhabitants, are being gradually surrounded.  
A number of mission doctors have gone from Huh Shen and Chow Chih to attend the wounded.

JURY FAILS TO CONVICT "KID SLEDGE" OF THEFT

A jury in Judge English's district court failed to convict Fred Sledzowski, otherwise known as "Kid Sledge," of a charge of robbing employes of a local ice-plant store of their pay envelopes, because, it was reported one of the jurors was greatly moved by the plea for sympathy made by the "Kid's" attorneys. A disagreement, eleven to one, resulted and the jury was discharged after two days and a night of deliberation.  
The "Kid" is of youthful appearance and his aged mother was with him in the court room.

NEBRASKA'S PUBLIC DEBT

Splendid Showing Made by the Antelope State.

LOWEST IN UNITED STATES

Only 31 Cents Per Capita, and Less Than One-Tenth of One Per Cent of the Country's Total.  
WASHINGTON, D. C., April 17.—(Special.)—The forthcoming bulletin pertaining to national and state indebtedness and funds and investments has been given out by Director W. J. Harris, of the bureau of the census, Department of Commerce. The bulletin carries information for the state of Nebraska, as well as for the other states and the United States. The data were compiled under the supervision of Mr. John Lee Coulter, expert special agent in charge of the inquiry on wealth, debt and taxation.  
The bulletin, which will soon be issued, will contain statistics for each state for each year from 1900 to 1912, inclusive, as far as statistics are available, and will also contain details for the year most nearly corresponding to 1913, thus making it possible to show the general movement during a period of over thirty years. The bulletin will show the total debt of the states, as well as many details, such as the various classes of outstanding bonds and special debt obligations to public trust funds. It will also show the floating debt and its component parts. Under "Funds and Investments" will be shown separately all the different funds, and in each case cash and securities will be shown. The population of the states for each year under consideration will be used, and the per capita debt (less sinking fund assets) will be given.

Floating Debt Wiped Out

An inspection of the tables for Nebraska, in the bulletin soon to be issued, shows that only biennial reports were obtainable for the period covered. The bonds, amounting to \$40,000 in 1900, decreased to \$15,000 in 1908, and disappeared altogether in 1910. No special debt obligations to public trust funds were reported. The floating debt, which appeared for the first time in 1902, advanced to \$2,345,000 in 1904, but fell to \$274,000 in 1912.

In the case of funds and investments

the securities increased steadily throughout the period, advancing from \$2,311,000 in 1900 to \$2,308,000 in 1912. The cash advanced naturally from year to year with a general tendency to decrease; \$1,500,000 in 1900 fell to \$573,000 in 1912.

The sinking fund assets decreased from \$195,000 in 1900 to \$56,000 in 1909, and disappeared altogether in 1910. The debt (less sinking fund assets) was slightly less than the total debt during the first decennial period, but represented the same amount from 1902 to 1912.

Though there was a slight decrease in the total debt between 1900 and 1912, and a steady increase in population throughout the period, the sinking fund assets held in 1900 brought about a lower per capita debt for this year than was recorded for the state in 1912.

Rise and Fall

In 1890 the total debt of Nebraska at the close of the fiscal year, November 30, was \$499,000; in 1893 it was \$1,496,000, advancing to \$2,345,000 in 1904; it fell to \$254,000 in 1910, and was \$274,000 in 1912. The population of the state increased from 652,000 in 1890 to 1,230,000 in 1912. In 1890 the per capita debt was \$0.77; in 1900 it was \$0.24, increasing to \$2.15 in 1906, but falling to \$0.20 in 1910; in 1912 it amounted to \$0.21.

In contrast with the state of Nebraska we find that, taking the entire debt (less sinking fund assets) for the forty-eight states, the per capita debt according to the latest report is \$5.52, or \$3.21 more than the per capita debt for Nebraska.

Comparing the decrease in the per capita debt of Nebraska and the forty-eight states for the thirty-year period we find

HUERTA IMPOSES CONDITIONS  
United States Warships Must Fire Salute in Reply—This is in Accordance with International Usage.

BULLETIN.  
WASHINGTON, April 16.—The United States government tonight accepted General Huerta's offer to salute the stars and stripes as an apology as the result of the arrest of American bluejackets at Tampico a week ago today. The Huerta government's salute to the American flag will be answered with a salute to the tri-color of the Mexican nation.

This arrangement, the details of which were being finally arranged tonight in an exchange of official messages between Washington and Mexico City, ended, in the view of all high administration officials, the crisis that had arisen in the last few days, resulting in the dispatch of American war fleets to Mexican waters. Executive quarters and congressional circles breathe a sigh of relief that the tension had passed.  
No time has been set for the firing of the salute, and until the details are arranged no further orders will be sent to the American fleets now proceeding south. It is practically certain, however, that while many of the vessels will be turned back, others will continue south and a substantial increased naval force will be maintained in Mexican waters.

WASHINGTON, April 16.—Huerta has promised Charge O'Shaughnessy to salute the American flag in apology for the arrest of American bluejackets at Tampico. The news was received at the White House today. Just as Secretary Bryan and Acting Chairman Shively of the senate foreign relations committee went into conference with President Wilson.

Unless Huerta changes his mind, the crisis promises to pass over within the next twenty-four hours.  
It was authoritatively stated that the only point remaining to be determined was the number of guns and that this would be speedily agreed on. At the State War and Navy departments officials considered the crisis passed.  
The only condition attached was that the American ships fire a salute in acknowledgment. Officials close to the president said this was in accordance with naval practice of nations and according to precedent. It was pointed out that the American ships fire a salute to the flag of other nations as a result of difficulties at sea, a salute in response had been fired.

Does It Mean Recognition?

The only question involved in Huerta's condition was whether a salute of response would constitute recognition, but it was pointed out that the Washington government considered recognition a matter of intent in each case and would not regard an acknowledgment of Huerta's salute.  
Some officials declare that questions of recognition were no more involved in the demand by the United States for a salute from Huerta than in acknowledging a salute from him.

The disposition of the administration

is understood to be to increase the naval force in Mexican waters somewhat, even after the salute is fired, so that in such an event only part of the ships now steaming south would be turned back. With smiling faces, Senator Shively and Secretary Bryan came from the White House conference.  
"The president has some very interesting news," said Secretary Shively.  
"The situation is highly encouraging," said Secretary Bryan.

Then it was made known that dispatches from Charge O'Shaughnessy described his conference with Huerta last night as "very cordial and satisfactory," and officials said they were convinced that unless Mr. O'Shaughnessy had misinterpreted Huerta's intentions, there was no doubt that compliance with the American demands for apology would be forthcoming within the next few hours and that the crisis would be passed.

The text of the dispatches was not (Continued on Page Two.)

Sending It Back

Women often say when making a purchase, "Oh, well, if I don't like it, I can send it back." This is a bad custom—bad for the retailer because it entails unnecessary deliveries and collections; bad for the customer because it entails loss of time in making a second selection.

Also, it is one of the many grains of sand that make up the "high cost of living."

Women who read the advertisements contained in such newspapers as The Bee know before they enter a shop what they want, and save themselves and the merchant time and trouble by making satisfactory purchases on their first trip.
