(From a Staff Correspondent.)

LINCOLN, April 21.—(Special.)—National Guard headquarters begin to put on a warlike appearance and preparations are being made as fast as possible for any emergency which may arise.

Those present besides the governor were Adjutant General Hall of the National Guard; Colonel G. A. Eberly, Fourth Infantry; Colonel J. N. Paul, Fifth Infantry; Judge Advocate H. F. Allen and Major C. W. Waldron, chief surgeon.

The adjutant general was authorized to proceed at once to the organization of a third regiment, which will be placed in command of Lieutenant E. M. Bowman, military instructor at the State university.

Applications from friends, O'Neill, Ashland, Aurora, Verdigris, Norfolk and Grand Island are already in and it is expected that the regiment will contain one battalion from the university guards.

Lieutenant W. D. J. Steckley of the university engineers is already at work recruiting a corps of engineers for service with the new regiment.

On April 20, and before it is deemed necessary, the military board will again convene at the office of the adjutant general and select a brigade commander.

Colonel Storch of Fullerton was the last brigade commander Nebraska had, but it is not known whether he will again be a candidate. General Storch served in the Philippines with the "Fighting First."

FIRE NEWSPAPER MEN OUT

Mark Murray Desires to Be Named U. S. Marshal—Dark Secrets Talked Over Behind Closed Doors.

(From a Staff Correspondent.)

LINCOLN, Neb., April 21.—(Special.)—As further evidence that the democratic party knows little of where it is and still less of where it expects to land, democratic editors of Nebraska in session here this afternoon absolutely refused to talk over the situation in their meeting until newspaper men not connected with democratic papers left the room.

Edgar Howard was the first man to kick. He said he did not want to talk about conditions in the democratic party with fellows around who did not feel like a democrat feels just now. "Doc" Tanner of South Omaha wanted the sheep to go away and leave the goats to fight it out among themselves and the watchful waiting policy was continued until somebody made a motion that everybody who was not connected with a democratic paper should get out.

The motion prevailed unanimously after one valiant soldier had protested against the firing of reporters who were connected with other papers.

Twenty-six of the writers of democratic doctrine were present when the meeting was called to order by Senator W. H. Smith of Seward and Mark Murray of Pender, who wants to be United States marshal, was elected chairman.
