#### TO FEDERATE FATHERS' CLUB

Sixth Organization of This Kind is Under Way.

WORK TO COMMON PURPOSE

Meeting Will Be Held Tuesday Night at Washington Avenue Building to Arrange for Organization.

The sixth Fathers' club was organized last night at the Eighth avenue school, and on next Tuesday evening the seventh will be formed at the Washington avenue building. The plan is to carry the organization work forward until there is an organization in each of the schools of the city. The federation of all the clubs, similar to that effected by the Mothers' clubs, will follow, with the probability of a further joint federation of the two central organizations, thus giving the schools of Council Bluffs the most unique organized support to be found anywhere.

This matter was discussed informally at the Eighth avenue school last night. Although one of the smaller buildings, Stymest Stevenson started the movement several months ago and which has already given Council Bluffs national promgations were from Madison avenue school, way, Council-Bluffs, Ia.

The Council Bluffs boy says the more serious parts of the education of these Mexican youths is being undertaken by the patriotic American boys.

The Mexicans are being taught to respect the American flag. Every day the dusky-hued youths are lined up and compelled to salute the flag.
