**S**O MANY people are asking, "Why didn't the Americans leave Mexico when they heard that there was going to be trouble?" Several letters were received in Omaha last week from the City of Mexico and near Vera Cruz, and not any of the Americans down there realized the danger. It seems they were not informed in time through the Mexican newspapers, as these were censored.

Mr. Philip Lehmer received a letter last week from Mr. Frank Lehmer, in which no mention was made of the trouble.

The dispatches last evening speak of the arrest in Mexico City of Mr. Robert B. Buchanan. An Omaha friend had a letter from Mrs. Buchanan dated April 11, in which she said that if there was any trouble she planned to return to Omaha, but at that time she evidently thought that war was remote.

Local fraternity men are not a little interested in several of the Mexican prisoners. Mr. Frank Lehmer and Mr. Burton Wilson, both of whom are graduates of the University of Nebraska, are members of the Phi Kappa Psi fraternity, and their college friends are decidedly anxious concerning their safety.

K. M. Van Zandt, president of the American club in the City of Mexico, and also president of the Mercantile Banking company, whom the dispatches also say is under arrest by the federals, is well known by many Omaha people whom he has entertained and to whom he has extended the courtesies of the club. Mr. Fred Thomas recently had a letter from Mr. Van Zandt, and he also did not mention the Mexican trouble.

### Free Dressmaking School Opens at the Brandeis Stores

A free school where dressmaking is taught is the latest innovation at the Brandeis Stores. Under the direction of Lydia Coats, an expert modiste of New York City, this school was opened at 2 o'clock yesterday at the third floor of the big store. Before the day ended 50 women had enrolled themselves as students and perhaps as many more will be on hand this afternoon when the second session is called.

Madam Coats is going to remain five weeks and yesterday demonstrated the fact that not all of the students are to be taught during any one day, there are so many of them. The attendance was a surprise and brought out the announcement that the class starting yesterday will be given lessons each Monday and Friday, while the class starting today will receive instructions Tuesday, Thursday and Saturday.

The sessions of the school continue the students will be taught to cut and fit in accordance with the latest and most up-to-date dictates of fashion and style.

At the season of the free dressmaking school yesterday afternoon, when close to 300 women were in attendance, there were young and old, rich and poor, taking their first lesson. Some were even novices in sewing, while others were pretty well up in the art of making dresses, wraps and apparel for women.

## "The Last Rose of Summer"

The Favorite Song of Adeline Patti Was Composed by Mendelssohn.

Felix Mendelssohn, founder of the Royal conservatory at Leipzig and conductor of that city's world famous Gewandhaus orchestra, was the composer of many oratorios and cantatas, but it was neither his cantatas, his oratorios nor his "Spring Song" that caused his name and fame to be indelibly written on the tablets of the human heart.

Although he managed to crowd into the thirty-eight years of his life an unusually large number of compositions, his place in the popular hall of fame rests solely on the setting he gave to Thomas Moore's poem, "The Last Rose of Summer."

Mendelssohn was born in Hamburg, February 3, 1809, and died in Leipzig November 4, 1847. Long before his death "The Last Rose of Summer" was enjoying a world-wide popularity and it was on account of this song's universal appeal that Adeline Patti kept it in her repertoire.

"The Last Rose of Summer" and all your other favorite songs will be found in The Bee's new compilation entitled "Songs That Never Grow Old." A display announcement of this new song book will be found on another page of this edition and also a coupon which explains the method of distribution. Clip the coupon today.

# Shredded Wheat Biscuit and Strawberries

A return to this simple, wholesome, nourishing diet after a season of heavy foods means renewed mental and physical vigor—a clearing of the cobwebs from the brain. It keeps the stomach sweet and clean and the bowels healthy and active.

Heat one or more Biscuits in the oven to restore crispness; then cover with berries or other fresh fruit; serve with milk or cream and sweeten to suit the taste. Better than soggy white flour "short-cake"; contains no yeast, no baking powder, no fats, no chemicals of any kind—just the meat of the golden wheat, steam-cooked, shredded and baked.
