Chance Makes Changes. Manager Change of the New Yorks. has retained just five men of the truops which he led on the field at the beginning of 1912. All the rest have been recruited since that time, and the five who constitute the old guard are Hartzell, Sweeney, Flaher, Caldwell and Warhop. In the work of starting to build up a ball team Change surely has made big changes in a short time.

Will Stick to South Joseph J. Lannin, the new president of the Red Sox, has added his voice to the general wall against leaving the south to soon in the spring. He says that rext season he will remain on the torrid side of the Mason and Dixon line as long as possible.

Johnson as Pinch Hitter. Manager Griffith plans this season to use Pitcher Walter Johnson as a pinch-hitter and is having the pitcher take strenuous batting practice daily. The Kansan has always been a good battinen, but never trained particularly to-develop this angle of the game.

Why Should I Smoke TUXEDO?

TUXEDO is the logical smoke for millionaires because it is impossible to buy a better tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin-making the average cost per pipeful only one-fourth of a centl

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to make a tobacco as good as Tuxedo at less than the Tuxedo pricel

Tuxedo is made of only the finest, choicest selected leaves of perfectly aged Burley tobacco. It is made by the original Tuxedo process which takes all the unpleasantness out of tobacco and leaves all the pleasantness in!

Tuxedo has a deliciously mild, fragrant aroma that is pleasant to all. It is the only tobacco you can smoke in a room full of lace curtains without leav-

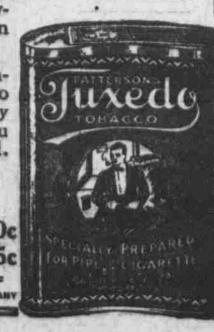

ing even a trace of an odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin-today.
