CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

Prices on Board of Trade,
CHICAGO, April 29.—Predictions that
the government report, would show a
higher condition May 1 for winter crop
than on April 1, swung the wheat market completely around to the bear side.
Theze was a nervous close at 140%c to
%c, a %c net decline. Corn finished unsettled. %c off to Ac up; oats down ½c
to 140%c, and provisions showing a lose
of 74,000c to 35c.
Beariah sentiment as to wheat did not
develop until after a cold weather buige

Bearlah sentiment as to wheat did not develop until after a cold weather buige in prices at the outset. Heavy snow and freezing temperature in parts of the northwest, both sides of the Canadian line gave rise to fear that seeding where already late would have to be further postponed. As soon, however, as word began to get around that one of the leading crop experts had gone on record with a forecast indicating improved condition percentages for winter wheat especially in western Kansas and Nebraska and in Oklahoma, speculators turned sellers more, aggressively than at any previous time this week.

time this week.

Prospects of larger receipts of wheat here for delivery on May contracts induced considerable unloading by holders. The arrivial of a cargo of 359,000 bushels of No. 1 hard spring from Duluth attracted considerable notice in this connection.

nection.

Despite temporary strength due to reports that Argentine storm damage meant losses amounting to more than 40,000,000 bushels, the corn market gradually became weak. Cash demand here was slow and the outlook for domestic planting was good. The most active selling was by May longs, a number of whom, however, reinstated by purchasing July. Oats all day were under pressure from a leading elevator interest. The weather was regarded as favorable for the new crop. Provisions suffered from the depression in the market for grain and hogs. Undoubtedly, too, prices felt the effect of peace talk.

The corresponding day last year. \$2,309.

Wool Market.

LONDON. April 29—WOOL—There were \$1,500 hales offered at the wool auction sales today. A good assortment of Merinos met with streng demand. America was a buyer of greasy Merinos.

Evaporated Apples and Drive Fruits NEW YORK, April 29—EVAPORATED APPLES—Market quiet: prunes, firm, apricots and peaches, firm, but inactive; raisins, quiet, but steady.

Key to the Situation—Bee Advertising.

they asked. Of course, nothing sold at these lowered prices, but when, a little later, hids regained their curly level a good many of the sellers had come to the concusion that they had better cut loose at the prices they were offered earlier in the day, while they had a chance to do so, and as a result a good many droves were cashed at this time at prices that were close to like lower than yesterday's average and logist below Tuesday's packer market. After a trading basis was reached the movement was fairly continuous, but trade did not become lively until toward the close, when, under the influence of keen compelition, the market strengthened up and closed active at prices that were strong to a nickel higher than the earlier trade, and scarcely a dime lower than yesterday.

and scarcely a dime lower than yesterday.

On the whole, the market can be quoted as 10m15c lower than yesterday's average and just about a dime below yesterday's average. Most of the earlier sales were made around \$8.15, with a faw up to \$8.17%, but a good many of the late hogs sold at \$8.20, and the bulk of all the sales landed at \$8.15m8.30, with a top of \$8.25.

PIGE

SHEEP—From the opening to the close about an average run of ewes and lambs for a Wednesday were fairly active sellers and everything at all decent in the killing line was disposed of by 16:20 o'clock. While the wooled lambs and ewes remained at about steady figures with yesterday, the shorn lambs showed an advance of 10cpl5c, an unusual feature of the market this morning being the preference on the part of the packers for shorn stock. As a matter of fact, strictly good wooled lambs have been getting more scarce every day, consequently buyers take more readily to the best grades of shorn offerings than of late, and from now on quotations will be based largely on that kind of sheep and lambs.

The wooled stock today consisted of about seventeen cars, two of which were ewes and the remainder lambs. Such Mexican lambs as were here sold at \$1.90 and the bulk of the fed westerns moved around \$1.5067. K. Shorn lambs sold all the way from \$6.30 to \$6.50.

The inquiry for sheep and lambs for shearing and feeding purposes was much the same as on recent days, but little of that class was available today. Early business included suche feeding lambs at \$1.90.

The receipts footed up some \$7.00 head, against \$221 last Wednesday, 9.27 two weeks ago and 7.158 a year ago. Other markets were about normally supplied, but first messages from those points indicated a depressed condition in the general trade with the tendency to prices weak and a little lower.

Quotations on sheep and lambs. Lambs. Mexicans, \$7.7508.25; lambs, good to choice westerns, \$7.5068.10; lambs, fair to good westerns, \$7.5068.10; lambs, shorn, \$5.006.50; werthers, fair to good to choice, \$6.306.60; ewes, fair to good. \$6.0066.30 SHEEP-From the opening to the close

READY FOR THEIR DEGREES

Creighton Sends Out Graduating Class Thursday Evening.

FIVE COLLEGES REPRESENTED

Medical, Dental and Pharmac Students Complete the Required Course of Studies Mere.

The annual commencement exercises of the professional departments of Creighton university will be held at the Braniels theater this evening. At this time the members of the senior classes of the medicine, law, dentistry and pharmacy colleges, numbering 107 in all, wil leave the university.

Judge O'Neill Ryan, dean of the law department of St. Louis university, St. Louis, Mo., will be the speaker of the evening. The various classes will be presented for their degrees by the following: Dr. A. L. Muirhead, dean of the medical de-

partment; Harley G. Moorhead, professor in the law college; Dr. A. H. Hipple, dean ment. The diplomas will not be pre-sented on the stage.

He has also issued a proclamation in sented on the stage.

university. With the graduation from the local law school the law seniors are ad- To the People of Cmaha: local law school the law seniors are admitted to the practice of law in Nebraska without any state board examination, and they will be admitted to the bar on the night of graduation. The oath will be administered by one of the judges of the supreme court who will be present.

Division of Graduates.

To the People of Cmaha:

Whereas, A disturbed condition exists in the republic of Mexico that threatens to bring about war with the United States, and Whereas, The War department has called upon the Nebraska National guard to immediately recruit three regiments to war strength in anticipation of a call into volunteer service, to go to Mexico, and

Preceding the program all of the graduates and,

All the program all of the graduates from the four departments will meet at court room No. 1 of the law department of the university, Eighteenth and Douglas streets, where they will don cap and grave and march to the theater.

The volunteer service, to go to sheated, whereas, It is necessary that several hundred young men be enlisted from the city of Omaha that we may do our share in defending the national flag and honor and in carrying humanitarian ald to our war stricken neighbors south of the Rio Grande:

Dahlman Asks that Soldiers' Positions Be Held for Them

Mayor Dahlman will introduce a resolution at the meeting of the city commission this morning in behalf of assuring all city employes their posttions upon their discharge from the army should they join the National of the dental department, and I. C. army should they join the National Ariedge, dean of the pharmacy depart- guards and be called upon for duty in

The judges of the Nebraska supreme behalf of employers in Omaha who have court will be the special guests of the men in their service that belong to the behalf of employers in Omaha who have militia:

while at the law school the law seniors will sign the roll of attorneys.

The graduates are divided thus: Medica, thirty-three; pharmacists,: twenty-four dentists, twenty-six; lawyers, twenty-four.

In the law class are Patrick J. Barrett, member of the varsity debating team; Wallse C. Hengel for four verse a star. their services as volunteers.

Are Invited to Big Barbecue at Benson

An open air meeting of the Real Estate exchange is the program for the regular meeting next Wednesday. This was decided at the meeting when the Hastings & Heyden company invited the exchange to a barbecue feed and open air meeing on Benson Acres, northwest of Benson. The exchange accepted.

A letter from F. D. Wead as member of the Water board was read, giving his personal opinion on the matter of proposed rebates on water bills for water lost in leaks not visible on the surface dered Judge O'Neill Ryan, the speaker of of the ground. He said he could not speak officially, as the matter had not been definitely decided, but he gave it as his personal opinion that rebates should not be given in such cases.

Gas Company Gets Permit to Serve More Customers

A permit to the Omaha Gas company to serve consumers on both sides of the main in the Military road to Benson was granted by the Board of County Commissioners on motion of Harte, seconded by Best, Commissioners McDonald and O'Connor voted for the resolution, Lynch being absent.

A clause in the permit, which says that it shall not be construed to give the gas ompany any additional rights in Douglas county, was inserted, the commis-sioners say, in order to obviate any possibility of the granting of franchise rights

NEW YORK STOCK MARKET

Advances Halted and Market Drifts Idly Through Session.

SLIGHT EARLY ADVANTAGE LOST

Decline Influenced by Weakness of Few Stocks, Such as C. P. and Gould Lines.

NEW YORK, April 29.—The advance in stocks was halted today. The market drifted idly through the session, losing quickly a slight early advantage and toward the close the tone became heavy. Extensive covering on the advance of the preceding two days made the position of the short interest less vunerable and stocks were supplied more freely. Distinctive weakness developed in a few spots, but the average loss was small. The late decline in the market was influenced by the weakness of a few stocks such as Canadian Pacific and the Gould issues. Rock Island common and preferred sold at low levels. Collateral bonds also made a new low mark, slumping more than 2 points to 31% on reports that the next interest payment would not be met. Missourl Pacific dropped to 15% Canadian Pacific was supplied freely by Berlin and Amsterdam, although most of the foreign operations were on the buying side.

Steel was under slight pressure at times, out had up well in view of the deficit of more than \$6,000,000 reported for the last quarter.

Bonds were steady. Active issues were not essentially changed, aside from licek Island collaterals. Total sales, par value, \$1,850,000. United States 2s, coupon, declined 4 and Panama 2s, coupon, and registered 4 on call. A block of \$10,000 linted States 2s, coupon, declined 4 and Panama 2s, oupon, and registered 4, on call. A block of \$10,000 linted States 2s, coupon, all at \$7, compared with the previous actual sale at \$9.

Coffee Market

NEW YORK, April 39.—COFFEE—Market opened 266 points lower thin morning under scattering selling which may have been encouraged by predictions of full Santos receipts for the month of May and talk of bearish world's supplies statement for April. European and Brazilian markets were fairly steady and prices here railied on late trading, with the close steady, net I point lower to I point higher. Sales, 14,000 bags. KINDLING NEAR FURNACE STARTS A SMALL BLAZE

A pile of kindling in close proximity to a well heated furnace caused a deal of excitement when it suddenly burst into flame in the basement of Mrs. R. Collins' boarding house at 2006 California street, The women in the house succeeded in putting out the blaze before the arrival of the fire department. Mrs. G. Smith was overcome by smoke and excitement during the operation.

The Liver as Aid To Blood Purity

The Natural Stimulus Required is Not the Purgative Kind.

Most Pills Are Better if Thrown Away.

Important as it to keep the bowels open, it should be remembered that such action does not necessarily mean that the liver has been atimulated. The action of S. S. S. is a natural liver tonic, but not a bowel mover. It works in the liver cells to assist in the natural and necessary function of converting from the blood certain constituents into what are known as assimilable products. These are readily absorbed lists the body itsues to constantly provide new and healthy material for that which is being destroyed by the energy of tissue changes.

being destroyed by the energy of tissue changes.

The presence of any blood trouble naturally suggests a singulah liver, but there is required those medicinal properties which, upon reaching the liver, still retain their catalytic energy to keep on through the blood circulation to do battle with impurities wherever they may have settled.

Rheumatiam, catarrh, anemia, most skin diseases and other results of impure blood, while implicating the liver by their morbid influences, are quickly checked by S. S. S. Its action throughout the blood circulation results in the stimulation of the issue cells to the healthy and judicious selection of their own essential nutriment.

You can get S. S. S. in any drog store, but insist upon having it.

Take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist, address The Swift Socials Company, 526 Swift Bidg., Atlante, 4s.
