coming into head, and that the cutting of wheat will be somewhat earlier than usual. The weather in the spring wheat country was clear and favorable to a resumption of seeding operations, which will be pushed to completion as rapidly as possible.

The cash trade in wheat at Chicago yesterday was on an exceptionally small scale, only 25,000 bushels being reported. The export business here was said to be light for the day, and a telegram from Winnipeg said the export demand for Manitoba was disappointing, the inquiry being the poorest for some time past, with no business resulting. Outside of a little western Canada barley that is being worked every day, foreigners show no disposition to re-enter the market.

All the markets of the old world were higher and the undercurrent was prorted quite firm.

Corn closed fractionally lower yesterday, with conditions in Argentina, the leading influence. The corn from that country was offered, c. i. f., New York, at 65%c, June, and 65%c. July shipments, with sellers more anxious.

Provisions were lower in price, with pork the weaker of the list, July lard and ribs were 80ld by packers, and some of the buying was led by that interest. Cash oats were 1%c lower.
