By MELLIFICIA. Tuesday, May 12, 1914.

THE Junior Musical club started auspiciously with thirteen members in the year 1913. I do not know whether the first meeting was on the thirteenth or not, but the club is flourishing, with nearly thirteen more young women on the waiting list. Personally I think the children should have had their program tomorrow, May 13. The average age of the young women is also 13, ranging from 12 to 15 years of age.

The first program given by the club was much enjoyed and was entirely a Mozart program.

A Beethoven program was planned for the May meeting the latter part of the month, but their plans have been changed and instead a miscellaneous program was given this afternoon at the attractive garage studio of Mrs. Latham Davis.

This studio, which has been opened Sunday afternoons all winter for interesting programs arranged by Mrs. John M. Macfarland and Mrs. Latham Davis, is to be closed this week for the summer, but the musicales will be given again next season, and Mrs. Davis offered the studio this week to the youthful musicians of the Junior club.

This will be the last meeting this season of the Junior Musical club, and nearly all of the members will take part. The greater number of them will play Beethoven numbers, as originally planned. The members of this club are:

For Colonel and Mrs. Graves.

Mr. Ralph E. Sunderland entertained at dinner last evening at the Royal Hotel in honor of Colonel and Mrs. C. H. Graves, who are his cousins. Colonel and Mrs. Graves leave this evening for Pennsylvania for a short visit at Mrs. Graves' home, after which they will go to Duluth to spend the summer. They plan to spend next year at Santa Barbara, Cal. Mr. Sunderland's other guests at dinner were Mr. and Mrs. J. A. Sunderland and Mr. and Mrs. John R. Webster.

Afternoon Bridge.

Mrs. Arthur Pinto entertained at an afternoon bridge at her home today in honor of her sister, Mrs. Hazel Jeanne Payne of Milwaukee, who arrived Sunday to spend several days with Mrs. Pinto. Five tables were placed for the game.

In Honor of Bride-to-Be.

Mrs. C. F. Belman entertained informally at a reception at her home this afternoon in honor of Miss Blanche Zimmman, whose wedding to Henry Hachman of Rock Island, Ill., will take place Tuesday, June 2. Twelve guests were present.

Engagement Dinner.

Mr. W. C. Hanger, 1126 Georgia avenue, entertained in honor of his daughter, Miss Livia, Saturday evening at 8 o'clock dinner. During the dinner she announced the engagement of her daughter to Mr. Roy S. Frye, a young business man of Grand Island, the wedding to take place in the near future.

The room were beautifully decorated in spring flowers, the color scheme being pink and white. Place cards were miniature photographs of Miss Hanger and her fiancé.

Dancing Party.

Mr. and Mrs. O. D. Kiplinger entertained at a fancy dress dancing party Saturday evening at their home for their daughter, Miss Dorothy Kiplinger, and son, Mr. Donald Kiplinger. Japanese lanterns and flowers were used in decoration. The guests included:

STOP RUBBERING ON 'PHONES

Tekamah Man Has Device to Keep Others from Butting In.

LISTENER IS NOW REVEALED

Scheme is for Use on the Numerous Party Lines Which Are in Use, Especially in the Rural Districts.

"No more rubbering on the telephone lines in the rural districts," is the slogan of A. G. Howard of Tekamah, who has invented and patented what is known as the Howard Indicator, which indicates to the party calling, just whose receiver is taken down along the entire line. It indicates this by means of musical notes as signals. Every phone on the line is capable of giving forth certain musical tones and combinations of tones, just as the old system has given combinations of rings assigned to it. When one takes down the receiver to listen the combination of notes peculiar to his phone is given forth and transmitted over the line to the ear of the party calling. He can thus tell instantly who is "rubbering" or "butting in" as it is called on the rural lines.

An indicator in front of the man calling, registers just how long the "rubbering party" holds the receiver. The party calling, can thus by the sound of the notes determine who is eaves dropping, and if that party eaves-drops more than a few seconds he can call him by name over the line and say, "Hey, Bill Jones, butt out of there."

All this will be embarrassing to anyone surreptitiously listening to neighborhood gossip, and is expected to put a stop to the practice. Putting a stop to this practice it is asserted will greatly save the batteries in the various phones, as the practice of pulling down receivers all along the line all day long, is said to exhaust the batteries rapidly.

Mr. Howard has worked on the patent for eleven years. He now has it perfected and a company has been incorporated. He says he expects to begin the manufacture of the Howard Indicator in Omaha before long.

Harmony is Sought in Making Out the New Assignments

School teachers who do not like their principals and principals who see their teachers with a jaundiced eye, will be given a special treatment by Superintendent E. U. Graff in the assignment of teachers for next year.

Superintendent Graff says: "I will make the pupils in her graduating classes feel the desirability of good judgment in connection with all matters concerning the close of the school year. Let them feel that we have no desire whatever to attempt to dictate to the pupils' parents reference to these matters, but urge the pupils to let their enthusiasm and interest overbalance their good judgment."

For many of the boys and girls this is the time they must start in the world for themselves. Influence them to show that they have learned in their school days the desirability of simplicity. We shall leave to you the manner in which you present this matter to your pupils, but request that the quotation be taken up before the parents have started to arrange for graduation.

I hope by persistent and repeated mention of this thought we may be able to make the time for graduation not a time for embarrassment and unwarranted expense, but a time for felicitation.

Teachers Urged to Put Aside Gloom and Open Joy Valves
School teachers have no right to force gloom and gloom to "live in an atmosphere of gloom or discontent. One of the greatest lessons we must teach is joy in work."

PROGRESSIVE CLUB IS SEEKING NEW MEMBERS
The Douglas County Progressive club has in the last few days assumed the face of an aggressive club, in that it is out soliciting members. Young men of the club are coached to go to the various offices in the city and seek members for their organization. They ask men to pledge themselves to support the entire bull-moose ticket whatever may be put up in the county and the state.

Sears and Miles May Be Candidates for Governorship

Two possible republican candidates for governor of Nebraska are just peeping over the horizon to see what the lay of the land is politically. One is District Judge Willie G. Sears of Douglas county, who is not saying much about it, and the other is Mayor Clarence J. Miles of Hastings, who is also saying little, but whose friends have been sounding out political sentiment for him. Though admitting that he is being "urged by friends," Judge Sears says he is scarcely ready to announce himself.

STORM DAMAGE IS REPAIRED

Iowa Trains Are Again Running on Their Schedule Time.

HAIL DOES HEAVY DAMAGE

Windows Are Broken, Trees Denuded and Gardens Ruined Over a Strip One Hundred Miles Long.

The Chicago-Omaha roads have repaired the damages caused by the heavy rain of Sunday night, and again the trains are back on schedule time. The reports of the violence of the storm through central Iowa continue to come to the offices of the Omaha roads, indicating that it was the worst in years, having been a combination of wind, hail and rain.

At Coon Rapids in Carroll county there is said to have been three inches of rain inside of an hour. There hail fell that instead of being real hail was ice worked up in chunks. Some of these measured seven and eight inches in circumference. There the storm came from the north-east, and on the business streets of the town all of the windows on the south side of the streets were destroyed.

The Iowa storm apparently covered an area about 100 miles in length and eight to ten miles wide. Miles of telegraph and telephone lines were blown down, and numerous small buildings were unroofed or taken off their foundations. Owing to the storm coming so early in the season crops that were damaged are expected to recuperate, but the fruit trees in the hail belt have been denuded of foliage and the fruit. The berry bushes have been beaten to the ground and gardens completely destroyed.

Simplicity in the Dress of Grads is Urged by Mr. Graff

Simplicity in graduating dresses is urged by Superintendent E. U. Graff of public schools in a circular sent to principals, in which teachers are asked to tell parents that it is not the proper time "for embarrassment and unwarranted expense."

Superintendent Graff says: "I will make the pupils in her graduating classes feel the desirability of good judgment in connection with all matters concerning the close of the school year. Let them feel that we have no desire whatever to attempt to dictate to the pupils' parents reference to these matters, but urge the pupils to let their enthusiasm and interest overbalance their good judgment."

O'BRIEN THINKS HE MAY STRIKE AN OIL PRODUCER

Possibilities of oil wells being developed in McPherson county are being considered by T. J. O'Brien of the Henshaw. He owns a ranch in the county, within a few miles of where traces of oil have been discovered. This spring he will bore an artesian well, 1,500 to 2,000 feet deep, to get flowing water for his cattle. Since returning from the ranch this week and thinking over the "oil talk" that is going the rounds of ranchmen in the sandhalls, he has declared that he would not be surprised to find his artesian well turn into an oil well before it is completed. Other ranchmen and homesteaders in that part of the state are looking forward to the O'Brien well work with great interest.

GARIBALDI—ITALIA'S GREAT PATRIOT

IN the cause of Personal and National Liberty this modern Rienzi of sunny Italy would have gladly laid down his life. It inspired him to deeds of immortal grandeur, of superb valor and of boundless suffering. Garibaldi would not have legislative tyranny of any kind enter into his own private life any more than will our millions of liberty-loving Italian citizens. His flaming soul scorned any legislation which would prohibit ALL because ONE man out of thousands imbibes in gluttonous quantities. He knew that the light wines of Italy and the barley brews of Germany are beneficial to humanity.

Upon an old Germanic basis 57 years ago Anheuser-Busch, brewers of Budweiser, established their brand. The Constitution of the United States is the sole authority upon which they launched their business in America. Every day of these 57 years has been devoted to the brewing of an honest Barley-malt and Saazer Hop brew—the kind that spells Temperance throughout the world. Seven thousand, five hundred people are daily required to keep pace with the public demand for Budweiser. Its sales exceed any other beer by millions of bottles.

Special Announcement

Owing to the lateness of the season, we have decided to place on sale at special prices all our high class solid mahogany, walnut and birds-eye maple bedroom suites. All our high class solid mahogany complete dining room suites together with hundreds of odd pieces, all high class furniture. Such prices as the following prevail:

- \$605.00 William and Mary Dining Room Suite—special \$300.00
- \$617.00 Eight-piece Sheraton Inlaid Bedroom Suite, complete, for \$450.00
- \$175.00 Three-piece Parlor Suite, with mahogany, velour coverings, loose cushions, special \$100.00

In addition there are hundreds of other complete suites and odd pieces at greater reductions, we believe, than have ever been offered anywhere for such high class furniture as we are offering at this sale.

In making these reductions we bring the prices down to less than the cost of manufacturing. This is only explained by the fact that we are determined to sell these suites, though we are sustaining a loss, rather than carry them over to the fall season.

You should avail yourself of this opportunity and come and see the greatest values that have ever been offered in high class furniture.
