Nebraska. DEMAND LOW APPLE RATES

Formal Request Filed with Interstate Commerce Body. VARIOUS MARKETS INCLUDED

State Railway Commission Will Await Decision of Supreme Court on Jurisdiction Question Involving Omaha Traction.

(From a Staff Correspondent.) LINCOLN, May 14.—(Special.)—A demand for lower freight rates on apples, signed by the railway boards of Nebraska, Iowa, Missouri and Kansas, was today forwarded to the Interstate Commerce commission by the Nebraska Railway commission.

Three different complaints have been drafted, each one running against twenty-five to thirty-five railroad companies. All of them set forth that the rates charged on fruit raised in the territory included in the complaints are unreasonably high in comparison with rates in other sections of the country.

The first complaint, relating to shipments eastward, deals with the Milwaukee, Madison, Indianapolis, Chicago, Peoria, Springfield, Columbus, Cincinnati and Louisville markets to which lower rates are requested. The fruit growers are anxious to reach these points in the eastern markets which rates now practically exclude them.

Complaint No. 2, dealing with shipments north and northeast, names Minneapolis, St. Paul, Duluth and South Dakota as objective points for rate reduction.

Complaint No. 3 applies to the southern states of Tennessee, Alabama, Georgia and Mississippi. The country included in the complaint, described as the greatest apple growing section in the world, takes in the following portions of the four states:

Nebraska—Six counties bordering the Missouri River. Kansas—Five northeastern counties. Iowa—Five southeastern counties. Missouri—Eight northeastern counties. Board Will Await Court. Representative J. A. Davis of Omaha, who filed the six-for-a-quarter complaint against the Omaha & Council Bluffs Street Railway company before the State Railway commission was at the capitol yesterday, inquiring when his complaint would be taken up. The commission has indicated it would prefer to allow the complaint to rest until the supreme court has announced rulings on some important cases which have been submitted, and which involve the powers of the commission in such cases as the Davis complaint invokes.

Report on Cows at Theford. C. M. Day, special veterinary examiner, completed his inspection of 116 dairy cows at Theford during the last ten days and has submitted his report to the state veterinarian. The examination was ordered when Dr. Kigin discovered tubercular cattle in the herd which were being sold for beef stock at Theford. Day reported that thirty of the 116 cows he examined had symptoms of tuberculosis.

Confer Over Rates. C. J. Lane and H. Buckingham, representing the Union Pacific railroad, H. H. Holcombe of the Burlington and H. W. Jones of the Northwestern, all of Omaha, held a conference with members of the railway commission today with reference to the new class freight rates, which the commission will announce in a week or ten days. The visitors supplied the commission with several tables of figures, which they asked be considered before definite action was taken.

Inspect Rifle Range. Adjutant General Hall met Captain F. C. Stritzinger, regular army officer detailed by the War department to inspect the new rifle range for the guard, at Omaha yesterday and the two left immediately for Plattsmouth to look over the grounds. WEALTHY JEFFERSON FARMER SUE BY NEWLY WED WIFE

FAIRBURY, Neb., May 14.—(Special.)—Asserting that her newly wedded husband became meanly jealous of her and started a system of espionage by employing private detectives, after she left Fairbury to go to Rock Valley, Ia., to secure her personal belongings in a hospital so that she might properly finish her home in this city, has caused Mrs. Mary W. Ratz to file suit in district court for alimony against her husband, Arthur J. Ratz, a wealthy property owner of this county and who is rated at between \$50,000 and \$100,000.

Mrs. Ratz has employed ex-County Attorney C. H. Denney to represent her in the case. Prior to the marriage, March 30, the plaintiff had been a nurse and a superintendent of a hospital at Rock Valley. She asserts her husband has never expended any money on her, notwithstanding the fact that he owns three valuable flats in St. Louis and approximately 600 acres of land in this county.

The plaintiff is 30 years old and is unusually pretty.

Nebraska. Former Tecumseh Banker in Trouble at Spokane, Wash.

TECUMSEH, Neb., May 14.—(Special.)—The information is authentically given out here that Charles M. Chamberlain, wrecker of the Chamberlain Banking house in this city, is in serious trouble at his home in Spokane, Wash. Mr. Chamberlain has been living at Spokane for some two years, previous to which time he resided at Pullman, Wash. It is stated that the charge against Chamberlain is forgery and that his trial will begin there Friday. The statement is that the man who is pushing the suit against Chamberlain is George Gray, a former horse buyer of this section of the country, but who located in the northwest a few years ago and prospered remarkably financially. Chamberlain has either been in the employ of Mr. Gray or in a partnership deal with him, and stories vary as to the amount involved, running from a thousand or two to some \$10,000. However, that he is to come up for trial this week there is no doubt, and four of Tecumseh's citizens, County Clerk J. P. Kelley, Attorney Frank L. Dinmore, P. S. Jones and Sheriff E. L. Roberts have gone to Spokane to appear against Chamberlain, their testimony remarkably favorable to Chamberlain's character and his experience in the banking business here, and the long drawn-out litigation which followed.
