Clerk of the District Court Harry Brown started Friday morning, in company with Harry Sims and P. J. Kennedy, for a few days fishing at Annapolis, Md., making the trip by automobile. The session reported some among Council Bluffs fishermen for its bass and crappie. Mr. and Mrs. J. Beers Rohrer arrived last evening from Santa Rosa, Cal., for a visit of ten days with Mr. Rohrer's parents, Mr. and Mrs. Millard F. Rohrer, and other relatives. Beers Rohrer and daughter will leave for Ludington, Mich., on Lake Michigan, on Friday morning, and Mrs. Beers Rohrer on Saturday morning. Soren Henderson, aged 78 years, died at 2 a. m. Friday at the family home, 913 Avenue F, after a week's illness. He was born in Denmark and had been a resident of this city since 1882. He is survived by his wife and two daughters, Mrs. Christine Hansen of this city and Mrs. Belinda Fair of Denver, Colo. BUY YOUR GRADUATION GIFTS FROM A LARGE UP-TO-DATE STOCK, AT LEFFERTS. On an application of Mrs. Stine Anderson Blackmore, widow of the late Karl V. Anderson, Judge Wheeler in probate court yesterday morning entered an order directing the administrator of the estate to pay to the widow for the support of herself and five children the sum of \$200 for support during the first year following the death of the husband and father. City Treasurer Frank T. True and Secretary J. W. Mitchell of the Commercial club went to Spirit lake yesterday to do a little fishing. They expect to return early in the week. Spirit will probably spend the greater part of the summer there, occupying the comfortable cottage he owns at Grandall's lodge. Mr. Mitchell, whose recreation also is linked to the same place by memories of many pleasant weeks spent there last year, will make many trips during the summer. The St. Joseph school ball team yesterday was defeated by the St. Peter boys. The score in the last of the eighth was 30 to 18. The game was played at the St. Peter's diamond. Flynn made two errors in the second inning and Withrow was in the box. The batter for the St. Joseph team were Flynn, Withrow and Fitzgerald. The reorganized team of the invincibles would like to get games with any 14 or 15-year-old team in the city or out of town. For games, call Fred Nelms, Phone 107. One of the big freight trucks used by the Clear Transfer company was in collision yesterday with a street car on the Iowa school for the blind. The accident occurred at the corner of Eighth avenue and South Main street. A number of the windows of the car were broken and the glass showered upon the passengers, several of whom received slight injuries. Responsibility for the accident is placed upon the driver of the freight truck. Considerable damage was inflicted upon the front part of the truck. Fireman yesterday responded to three alarms, but the fire did no damage in either instance. At 4 o'clock in the morning fire was called to 222 South Sixth street, where a pile of lumber for use in building a new house for A. C. Record was on fire. At 1 o'clock children and matches started a fire at 81 First avenue that would have caused the loss of several buildings. At 3 o'clock fire from rubbish set fire to a barn on the premises of E. Blakesley, 26 South Twenty-first street. BUY YOUR GRADUATION GIFTS FROM A LARGE UP-TO-DATE STOCK, AT LEFFERTS. By agreement of the attorneys on both sides the case of the injury against M. C. Harford, in connection with consent petition was postponed yesterday until after the consent petition is approved by the Board of County Supervisors. The date of the hearing was fixed for June 2. The county board will begin the canvass of the big petition on the afternoon of May 20, and it is quite probable that it will require several days to secure the necessary withdrawals from the consent petition has apparently almost ceased and has just as apparently been a signal failure. The repeated rebuffs, many of them of no gentle character, have discouraged the small army of "workers" and most of them have abandoned the field. The only hope indulged by the prohibitionists is belief in the defeat of the petition through pure technicalities. This hope is so faint that it does not inspire any enthusiasm. Real Estate Transfers. The following real estate transfers filed Friday were reported to The Bee by the Pottawattamie County Abstract company: E. J. Blind Boys Open Big Broom Factory

Although his eyesight was totally destroyed nine years ago by the explosion of dynamite fuses and caps, U. H. Slack, son of Arthur Slack, has installed the machinery and fully equipped a broom factory at the corner of South Main street and Thirtieth avenue, and is now manufacturing brooms for the wholesale trade. Associated with him is Ralph Van Beek, another blind Council Bluffs boy. Both of the boys were educated at the Vinton school for the blind and both became exceedingly proficient in the manufacture of brooms. Young Van Beek developed extraordinary talent as a piano tuner and had prepared to follow the work, but the deep friendship that grew up between the boys during their years at the school for the blind made them inseparable and the friend qualified himself as an excellent broom maker, so they could be together in their work. Many Council Bluffs people recall the accident that blinded the Slack boy. His grandfather, U. H. White, had hidden a bundle of fuses with dynamite caps attached, and they were found by the boys years after the old man died. Half a dozen children were playing around a fence when some of the boys, ignorant of the character of the explosives, threw them into the fire. Several were badly hurt by the explosion that followed, and both eyes of Arthur Slack were destroyed.

Wife of Electrocutd Gunman Admits She Perjured Herself.

HEARD ROSE URGE THE MURDER "Bald Jack" Told Four Gunmen Plot Officer Wanted Rosenthal Killed—Saw Money Divided Later. NEW YORK, May 16.—Mrs. Lillian Rosenberg, the young widow of "Lefty Louie," one of the four gunmen electrocuted for the part they played in the murder of Herman Rosenthal, was a witness today for the state at the trial of Charles Becker, charged with being the "brains" of the plot her husband helped to carry out. In swearing she heard Jack Rose urge her husband and his three companions to kill Rosenthal because Becker wanted them to and that she saw the quartet dividing the money they received in payment for their crime, the widow of the gunman contradicted testimony she gave as his first trial and furnished what District Attorney Whitman declared to be "proof beyond all doubt that the witness for the state have told the truth." On cross-examination Mrs. Rosenberg was asked why she had not testified at the trial of the gunman as she did today. With tears in her eyes she answered: "I lied because I wanted to save the man I loved from the chair." Mrs. Rosenberg's statement discounts the confession alleged to have been made by "Dago Frank" Ciroflet, just before the gunman were electrocuted. In the confession he was quoted as saying he never heard the name of Becker mentioned in connection with the murder plot. In answer to questions by District Attorney Whitman, Mrs. Rosenberg said: "I was the wife of Louis Rosenberg until April 13, when he was electrocuted. Jack Rose came to my house many times. On one occasion, about a week before the murder of Rosenthal he came in and saw the boys, Louis, Harry Harowitz and Whitey Lewis and I rank. He said to my husband: 'Becker is sore at Rosenthal. He is more at you boys, too. He also says at Jack Zelik. The best thing you fellows can do is to stick inside the house. The first time you poke your heads outside the door he will get you for carrying guns.' "Then my husband said: 'But we don't carry any guns.' To that Rose replied: 'But he'll frame you up; he'll put guns in your pockets.' 'Well,' said Louie, 'We'll do anything we can for Becker, but we don't want to be framed. What can we do?' The Rose told Louie: 'You four fellows kill Rosenthal for Becker and everything will be alright.' "After the murder of Rosenthal the police are now looking for Arnold Pruitt, who secured lodgings through the kindness of Peterson. Pruitt served a term in the reform school and the police think his companion is another reform school boy.

STUDENTS PLAYING GOLF FOR MONEY PUT IN JAIL

CHICAGO, May 16.—Six students of the University of Chicago playing in the qualifying round of the university golf championships, were arrested on the city golf links today and locked up, charged with gambling. The men were accused of making up a jackpot of small change on every hole. They gave bonds and will appear for trial tomorrow. V. K. Brown, assistant playing grounds commissioner, declared that he witnessed the alleged offense. "Did you lie then, or are you lying now?" asked Mr. Manton. "I lied then," replied the widow of the gunman, two big tears rolling down her cheeks, "because I wanted to save the man I loved from the electric chair."

VESEVIUS AND ETNA ARE AGAIN SHOWING ACTIVITY

NAPLES, May 16.—Mount Vesuvius is again active. Tonight a high column of vapor and tongues of flame are coming out of the crater. CATANIA, Sicily, May 16.—Etna's shocks continue with alarming frequency. Mount Etna is extremely active. A number of the houses weakened by previous shocks have fallen. There have been no fatalities, as the populace of the city is camped in the open.

DEER PARK CLUB HOLDS SESSION ON LIGHT CONTRACT

The Deer Park Improvement club at its meeting at Vinton school last night, discussed the proposed street light contract, and long and heated arguments followed an explanation of the proposed contract by I. J. Zimman. David L. Shanahan spoke in favor of municipal ownership, and his figures were promptly contradicted, when he cited the city water plant as an example of successful municipal ownership. Henry C. Richmond, editor of the Nebraskan, made the motion to invite F. A. Nash and R. H. Howell to debate the matter before the club, as soon as they could find a convenient time for the engagement. Fred Hoyt supported the motion, asking the club thoroughly to consider the matter, before going on record as being in favor of or against the proposed contract. J. Curtin also championed that scheme.

Peterson Will Know Better Next Time

Several days ago, L. H. Peterson, who owns the building and conducts a second-hand store at 223 Broadway, was approached by a young man with a hard luck story. The man had a couple of blankets and begged permission to sleep in an unoccupied room on the second floor. The request was granted and he had spent several days and nights there. Thursday night he was joined by another youth. Yesterday morning they both disappeared and Peterson found his place had been robbed. A parcel had been cut from the bottom of a rear door. Investigation disclosed the loss of nine revolvers, a lot of pocketknives, a seventeen jewel Elgin watch, a lot of rare coins, including a Columbia 50-cent piece and \$2 in cash. The thieves overlooked a pocket-book containing \$20 in cash. The police are now looking for Arnold Pruitt, who secured lodgings through the kindness of Peterson. Pruitt served a term in the reform school and the police think his companion is another reform school boy.

Vien and His Men Watch Tango Dancers

In accordance with his announcement when he became chief of police, that all of the city ordinances and state laws should be enforced, Chief of Police Vien, accompanied by Sheriff Lindsey and Captain Shafer, visited East Omaha again Thursday night to inquire into the conditions surrounding two houses there. One of the houses, kept by Miss Maimie Kelley, a Council Bluffs girl, was found to be conducted as a dancing club with a well-kept floor constantly cleared for dancing. Not a thing objectionable was visible, and the officers watched the tango being danced with the proper decorum. Ice cream and soft drinks were being served and everything in sight indicated that it was a dancing club. For the purpose of compelling some of the East Omaha people who made complaints to appear in court as witnesses, Miss Kelley was required to give a \$25 cash bond for her appearance in police court this morning. The second place visited was that of Martha Howe, who forfeited a \$25 cash bond by not appearing in police court yesterday morning. She was required to put up an additional bond for her appearance today. About the same hour Detectives Callaghan and Lane, Sergeant Short and Officer Smith went to the Kirwin hotel near the Illinois Central depot, and arrested A. B. Brown, proprietor, and two women. Brown was required to give a cash bond of \$25 and the women \$15 each for their appearance today. It is likely that all of the cases will be dismissed.

English Women's Beautiful Complexions

There is no nation in which the women live as sanely as do the English and there is no nation in which the skins are so fair and clear. Under perfect, natural conditions a well balanced life would guarantee a beautiful and healthy skin. But the ordinary social and economic American life of today forces the system to furnish so much vital force for action that nerves, eyes and complexions all suffer. In addition to this strain many women further abuse their skin by covering it with pore-clogging powder instead of doing the wise thing—that is, using a lotion which protects and smooths without choking the pores. The reason complexions suffer so much in summer is because powder does not offer sufficient protection against the sun. A plain aprunax lotion not only safeguards the skin from the elements, but in itself is a beautifier of great worth. To prepare this lotion at home, dissolve ounces aprunax from drugists in 1/2 pint hot water (or witch hazel) and add 1 teaspoonful glycerine. This applied to the skin becomes invisible and imparts a velvety softness and dainty tint to a rouged skin. It relieves that shiny oily appearance, and its use will insure a clear, lovely complexion.—Advertisement.

THE CHANDLER LIGHT WEIGHT SIX \$1785. The name CHANDLER means more today, in the Automobile World, than any other name has ever come to mean in a single year. In one short year the Chandler Light Weight Six has gained recognition in every part of the world as representing a higher type of design, a higher class of construction and a higher value than was believed to have been possible to produce at the price. You may remember that some months ago we predicted, with great certainty, that the Chandler Light Six would come to dominate the trade in its particular class. We based this prediction on our judgment as long experienced automobile men and we point with pride to the rapid fulfillment of this prediction. There has never been a doubt in our mind as to the ultimate demand that this better car would enjoy and we have never hesitated to put our capital behind our opinion. Since the receipt by us of our first Chandler Light Six and our observation of it under severe road tests, we have purchased every Chandler Light Six which the factory was willing to ship to Omaha. Demand for Chandlers in this territory has now grown until our sales have reached a figure 50% in excess of our receipts from the factory, the deficit being supplied from stock that we were able to accumulate during the winter months. This demand is increasing and our stock is diminishing and we recommend that you examine this car and see for yourself why it has grown to be so generally accepted as the highest grade car of its class on the market. Demonstrations will be given with pleasure to interested parties. CHANDLER LIGHT WEIGHT SIX \$1785. W. L. HUFFMAN AUTOMOBILE CO. MITCHELL, S. Five Reasons Why Men Change Tires

Goodyear Users This Year Increase 55 Per Cent

Faster than ever men are changing from other tires to Goodyears. There are more tire users—that is true; perhaps 20 per cent more than last year. But Goodyear sales have increased 55 per cent. So legions of these new users have discarded other tires. Why They Change. Some change to end rim-cutting. And No-Rim-Cut tires offer them the only feasible way to do it. Some have suffered needless blow-outs, due to wrinkled fabric. The only way to prevent them is the "On-Air" cure, and we alone employ it. It adds to our tire cost \$1,500 daily. Some fear loose treads. By a patent method we reduce this danger by 60 per cent in No-Rim-Cut tires. And some want our All-Weather tread. A double-thick tread, as smooth as a plain tread, but with deep, sharp, tough projections. It grasps wet roads with a bulldog grip. No other tire offers any one of these features. Yet every tire user knows he needs them all. Resent Extra Prices. Some resent extra prices. There are 16 makes which this year cost you more than Goodyears—up to one-half more. And those prices are unjust. No-Rim-Cut tires hold top place in Tire-dom. They outsell any other, after millions of mileage tests. At least in the four ways cited they excel any rival tire. Then why should men pay for other tires from \$5 to \$14 more? There is no reason. It is easy to build tires to undersell Goodyears, but none ever built tires worth more. Goodyear prices are due to mammoth output, to efficient methods and to modest profit. Every added penny is an utter waste. Tell your dealer you want Goodyears, and at Goodyear prices. He will give them to you. GOOD YEAR AKRON, OHIO No-Rim-Cut Tires With All-Weather Treads or Smooth. THE GOODYEAR TIRE & RUBBER COMPANY, AKRON, OHIO. This Company has no connection whatever with any other rubber concern which uses the Goodyear name. Any Dealer can supply you Goodyear Tires. If the wanted size is not in stock he will telephone our Local Branch.
