A run was made in each of the sub- sequent innings by the Rourkes. In the fifth Skipper Bill, the well known ac- quatic athlete, walked after having whiffed twice in succession before. Clancy whiffed the sait water gent to second and Thomason lined a hit on which Skip scored. Wakefield made a pretty catch of Krug's fly in the sixth, but Clarke walked Chase. Chase moved up one on a hit and the on which Crosby went out and Thople smote the pill mightily for a two sacker, giving Chase all kinds of time to ramble home. # "Seedling" Mile

**Reds Trim Dodgers.** Somewhere in Nebraska a mile of con-crete road is to be built, likely some time this summer, by the Lincoln Highway as-sociation. This is the word that has come to Omaha from A. R. Pardington, vice president of the Highway association. He announced that the association has decided to give a sample mile of con-crete road io Iowa and Illinois and that the game won and Rowan went on the mound. Score: BROOKLYN. very soon the matter of building a simflar mile along the route in Nebraska 's

to be taken up. These sample miles, known as "seedling" miles, or "teaser" miles, are to be built this summer.

Clarke a Stumbling Block. Watch McGraw for Tricks. As a result of several complaints lodged by visiting National league man-tagers, Secretary John A. Heydler in-structed Umpire Charles Rigier to ex-amine the pitching box at the Polo grounds. The champion scientist of John K. Tener's force discovered that the rub-ber was well within the height limit of fifteen inches, but suggested that the slope was too pronounced. Discourt Over Pitchardo

Prieste to Canada.

#### Matty a Tircless Hurler.

Aitchison Going Good. Raleigh Altchison at times appears to lack control, yet he is pitching neat ball and has the looks of being a distinct ad-dition to the Superba pitching corps. Ra-leigh watches the bases closely, has a good motion when throwing to first, sneaks a bothersome underhand ball over once in a while and apparently has good nerve. Matty a Tircless Hurler. There were only two pitchers in the National league in the last two years who pitched more innings than Mathew-son. Alexander led him in that regard in 1912, and Seaton did the same in 1913. But it was by Manager Dooin working those two pitchers so frequently that spolled what chance the Phillies had to win the pennant. Matty can pitch more innings and with less strain on himself than any other pitcher in the country.

#### Stenzel Approves Move.

Jake Stenzel, a former National leaguer, will profit through the decision of Garry Herrmann to have no more beer sold at Redland park. Stenzel owns a saloon near the park, and he is selling paste-board bottles to the fans who want their beverage while the game is going on. Prieste to Canada. Manager McGraw of New York, has turned pitcher Monte Prieste over to the Toronto club of the International league. Prieste is a versatile athlete. He not only plays an infield position pretty well, but also is a promising boxman. He showed some good work at second base as a member of the Giant second. Last year Frieste played with Wheeling, then in Hamilton, O.

#### McAlester Released. The St. Louis club has released Catcher William McAlester to the Rochester club of the International league.
