CHICAGO, May 27.—Reorganization of the board of home missions of the Presbyterian church in a manner to satisfy most of its critics in various synods and presbyteries was accomplished today when the report of the standing committee on home missions presenting a plan of reorganization was adopted by the general assembly with little discussion.

Helping Kidneys By Clearing Blood

A Function Greatly Assisted By a Well-Known Remedy.

Most readers will be interested to more clearly understand why analysis of urine is so important in the use of K. K. This purify the blood, its action is a stimulant in the myriad of the blood vessels that make up the constructive tissues of the body. All the blood from all over the body must pass through the kidneys. They act as a filter and remove the waste products that they allow to pass out in the urine. Both as to quantity and materials, the health of the kidneys and the quality of the blood is determined. The catalytic energy forced by K. K. is shown in the urine. It is also demonstrated in the sweat through the skin. And K. K. is prepared by The Swift Specific Co., 527 South Blvd., Atlanta, Ga., and if you have any despondent or obsolete blood troubles, write to their Medical Dept. for free advice.

HUERTA WILLING TO RETIRE

Official Dispatches from Mexico City Say He is Yielding.

REBELS READY TO NEGOTIATE

South American Envoys, United States and Huerta Delegates Go to Toronto to Attend a Garden Party.

WASHINGTON, May 27.—Official dispatches sent from Mexico City and received at a diplomatic source here today, say the "withdrawal" of Huerta is "possible," and that it is being delayed by the necessity of arrangements to permit the dictator to abdicate with dignity.

Representatives of the constitutionalists here took steps today to reopen the question of representation at the Niagara mediation conference.

Powers Will Be Limited.

Neither Mr. Lind nor Mr. Douglas would discuss under what conditions the constitutionalists were willing to participate, but the opinion was revived that the powers of a Carranza representative would be very limited, perhaps without plenary authority, and only for the purpose of furnishing information.

Today's development, which undoubtedly was one direct outcome of long conferences General Carranza has been holding over a special telegraph wire with Emilio Zuberan, his minister of the interior, in charge of the constitutionalist agency here, was pointed out as justifying the optimism of the last day or two in official circles.

Joe Vasconcelos, one of the Carranza agents, who has been mentioned as a probable choice to represent General Carranza at Niagara Falls, still is in the city; Luis Cabrera, another agent, arrived at New York today on the steamer Olympic from Europe; Fernando I. Calderon, a third constitutionalist representative, is in El Paso. It has been said that if General Carranza sent representatives to the Niagara conference, these three men probably would be selected.

Mediators Take Holiday.

Although the constitutionalists have reiterated that they are willing to participate in any mediation which dealt with the relations of Mexico with the United States, and that they were opposed to taking part in any mediation over the internal affairs of Mexico, it was pointed out that the recurring proposal for the establishment of a provisional government to be selected by the mediators, the Huerta delegates and the American delegates and to be recognized by the United States, may have advanced the situation to the point where the constitutionalists for their best interests have representatives on the ground.

Mediators Take Holiday.

NIAGARA FALLS, Ont., May 27.—The mediation body, composed of the South American envoys and the American and Mexican delegates suspended their work here today to attend a garden party in Toronto in honor of the governor general of Canada, his royal highness, the duke of Connaught, the duchess and the Princess Patricia. Sir John Gibson, lieutenant governor of Ontario, is the host. As the party left for Toronto for a day of real diversion, the first break from almost continuous labor, it was evident all were highly confident of a successful outcome of the conferences.

With the land question satisfactorily adjusted, the mediators and delegates were concentrating their attention on the exact manner in which a new provisional government might be set up to succeed the present regime. That General Huerta has formally indicated his willingness to abide by the program thus far outlined here is no longer doubted.

The effort now is to arrange for a change of executives in a dignified manner. The mediation conference in all probability will not choose a provisional president. This will have to be done by the Mexico City government itself. But the process which is receiving consideration is the drawing up of a list of representative Mexicans from which a certain number might be approved by the United States and all parties concerned, so that there would be no question about recognition being accorded the individual chosen therefrom. This select few, it is understood, will be submitted to the constitutionalists and an effort also will be made to obtain the viewpoint of the Zapatista element.

Court Roasts Titled Briton for Part in Army Contract Graft

LONDON, May 27.—Lord Saxe and Selous, controller of the king's household and a direct descendant of one of the twenty-four barons entrusted with the enforcement of the Magna Charta, was today made the subject of scathing rebuke by Justice Dalrymple when sentence was pronounced on the nine British army officers and eight civilians convicted of conspiracy to offer or accept bribes in connection with allotment of army contracts.

Lieutenant Colonel Whitaker, the highest in rank of the prisoners, was sentenced to six months imprisonment. He pleaded for mercy and he had acted on permission of Colonel Finnes, now Lord Saxe and Selous, Justice Dalrymple, referring to Finnes' letter, which Whitaker declared had led him astray, said: "The letter shows sad decadence from the traditions of a great family. I myself if I belonged to such a family, would starve rather than get my living by cadging for orders for beer."

Finnes' letter had asked Lieutenant Colonel Whitaker to use his good offices in behalf of a firm of brewers. John Canfield, general manager and director of Liptons' limited, and Archibald Minto former head of the military department of the same firm, were each fined \$2,500. Six lesser civilian defendants were fined \$50 each.

The other military defendants were bound over to come up for judgment if called on.

Picks Wrong Place to Count His Money

Leslie Wagner of Battle Creek, Neb., stood at Twelfth and Douglas streets counting a handful of dollar bills. Among places to stand counting money, Twelfth and Douglas ranks among the rankest. Approached a negro and a white man. "How much 'y' got, bo?" inquired the white man. "Thirty clamsHELLs," answered the Battle Creek.

"No, yo'all ain't got thirty seeds—yo'll had 'em," put in the negro, making a swift move with his hand and possessing himself of the bills.

Mr. Wagner told it all to a policeman who passed that way shortly after.

TRIPLE TRAGEDY IN STREET

Motorcycle Runs Into Express Wagon in Chicago.

RIDER IS FATALLY INJURED

While Driver is Carrying Him Into Store Another Machine with Man and Woman Hit Wagon and Both Are Killed.

CHICAGO, May 27.—A man and a woman were killed and another man was probably fatally injured here early today when two motorcycles dashed into a loaded express wagon. Adolph Maspeis first ran into the rear of the wagon and while the driver was carrying the unconscious man into a drug store, leaving his wagon standing in the middle of the street, the second machine crashed into it. The riders were Edward Bomark and Marie Kierns. Both were killed and Maspeis is not expected to recover. Marie's sister, Virna, riding with another man, was saved when they saw the lantern of the wagon driver returning to his horse, unaware that a second machine had run into his vehicle in the dark.

Sing Sing Convict is Fined by Fellows for Stealing Meat

NEW YORK, May 27.—By a court of his fellow prisoners, a convict in Sing Sing prison was found guilty yesterday of having stolen six pounds of cooked meat from the mess room, and Warden Clarence, acting upon the recommendations of the judges, fined the thief 500 marks, which means that he must serve four months in addition to his minimum sentence. This is the first time in many years, it is said, that a convict court has been called together at Sing Sing.

For some time there have been complaints among the prisoners against what they term the severity of the punishments prescribed by the warden for infractions of prison rules. Recalling these criticisms, Mr. Clarence called the court to decide the case.

When the accused prisoner said he had been "framed," the court ordered him to put on his coat with the meat in it after it had been weighed.

"Do you mean to tell this court you did not know you had six and a half pounds of meat under your coat?" the presiding judge asked.

"I certainly did not."

The court retired in another room and in a few minutes returned with a verdict of guilty and asked the warden to inflict the severest penalty, as the man had stolen meat, thus depriving other prisoners of food.
