### METCALFE TALKS TO PUPILS

Ex-Governor of Panama Tells Park School Children About Panama.

### COUNTRY IS MUCH IMPROVED

Zone Has Taken Several Steps Forward Since Advent of Americans and the Natives Are Loyal to Uncle Sam.

In interesting, off-hand talks to three groups of pupils at Park school, Twenty-ninth street and Woolworth avenue, yesterday afternoon, Richard L. Metcalfe told of his trip to the Canal Zone, his experiences there, of the people, their government and schools, and of the wonders of the Panama canal and what it will accomplish for the United States.

"The Zone is a fine place in which to live," Mr. Metcalfe told the youngsters. "Since Uncle Sam went down there and took charge, things have been cleaned up and conditions have been improved so much that they surprise people going there from this country.

"The schools now are mighty fine, the government is good, and the sanitation is perfect, so that the death rate is less than that of New York. All these improvements over the poor conditions that

### Skin Health Comes From the Blood

Even Slight Eruptions Such As Acne Should Be Treated.

Pimples and other skin troubles do not spring from the face like flies. They come bubbling out from within. They are impurities. And if let alone or greased with salves they become chronic, simply because the cause is still at work within. It should be attacked with R. S. S. and the impurities in the blood thus rendered harmless.

This is why skin troubles vanish so readily and why they do not return. Under the influence of R. S. S. this does not work of blood vessels in the skin is constantly taking from the blood the impurities required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by the Swift Specific Co., 261 Swift Bldg., Atlanta, Ga. You will find R. S. S. on sale at all drug stores. Get a bottle today and banish all skin afflictions.

### AUTOS UNDER CHURCH BAN

German Baptist Must Not Own or Use Vehicles.

### ACTION IS NEARLY UNANIMOUS

Only Three Delegates in National Conference of Three Hundred Vote Against Resolution Aimed at Automobile Sport.

FRANKFURT, Ind., June 3.—The automobile yesterday was placed under the ban by the German Baptist church, which is holding its national conference on a farm near here. Only three delegates voted in favor of the use of the machine, while 300 were against it. The resolution adopted is as follows:

"Whereas, We realize the difficulty and unpleasantness in dealing with the automobile spirit, we advise all churches not to allow their members to own or operate an automobile, auto truck, motorcycle or any motor vehicle, at least until such a time as they become in general use or until we get more light on the subject."

### Predators Cheap Electric.

PHILADELPHIA, June 2.—Within ten years there will be in this country more than 1,000,000 electric automobiles, costing less than \$500 each, the upkeep of which will average about \$10 a month, it was predicted by Dr. C. F. Steinmetz, Schenectady, N. Y., today in an address at the annual convention of the National Electric Light association. Drawing a parallel with the bicycle, Dr. Steinmetz said that automobiling will soon cease to be a sport, and that automobiles will be purchased merely for practical uses.

### Two Suffragettes Chain Themselves to Gates of Palace

LONDON, June 2.—Two young militants disturbed the tranquility of Buckingham palace today by chaining themselves to the rails of the main gates. They then waved women's social and political union flags, shouting denunciation of the "torturers of women." Neither King George nor Queen Mary was in the palace at the time.

### LEICESTER, England, June 2.—An attempt by a suffragette arson squad to burn a mansion near Market Harborough was frustrated today by the discovery of inflammable materials had been piled.

### Senate Provides for Two Battleships

WASHINGTON, June 2.—The senate late today passed the annual naval appropriation bill, carrying about \$14,000,000 for providing for the administration two battleship construction program and authorizing in addition the building of a third modern dreadnought with money to be derived from the sale of the battleships Idaho and Mississippi.

### Federal Mediation Prior to a Strike

CHICAGO, June 3.—The printing and distribution of ballots for the referendum strike vote of firemen and engineers of western railroads will require ten days, but it is expected the result of the ballot can be announced by July 14, it was said today by Warren S. Stone, grand chief engineer of the Brotherhood of Locomotive Engineers and Firemen.

### COMMITTEES NAMED FOR BIG REPUBLICAN BANQUET

Committees have just been appointed in connection with the republican banquet at which Senator W. F. Kenyon of Iowa is to speak at the Rome Hotel the evening of June 22 at 6:30. Edgar A. Baird has been made chairman of the reception committee. Clinton Krome is chairman of the committee on invitations. Amos Thomas is chairman of the committee on arrangements. Arrangements are being made for a banquet to seat at least 400 men. No distinctions to be made between men who supported Roosevelt and men who supported Taft at the last presidential election. Henry Ostrom is treasurer of the banquet committee.

### WESTLAKE-HEEBNER.

AVOCA, Neb., June 3.—(Special Telegram.)—Miss Lulu Heebner, daughter of County Commissioner and Mrs. Charles Heebner, and Jesse Westlake of Eagle were united in marriage at the home of the bride north of town today. A wedding dinner was served to the guests. They will make their home on a farm near Eagle.

### PIERRE, S. D., June 2.—(Special Telegram.)—The marriage of Miss Margaret, daughter of Mayze Pierre, and J. K. Morrison, of the First National Life Insurance company, occurred at the Baret home this evening. Several guests from out of the city were present.

### HOUSE FINISHES CLAYTON BILL

Measure Contains Provisions Aimed at Price Discrimination in Trade.

### UNION LABOR GAINS A POINT

Strikes and Peaceful Picketing Legalized and Corporations Violating Law May Be Fined.

WASHINGTON, June 2.—The completion of the Clayton anti-trust bill left only the Rayburn railroad securities bill to be acted upon by the house in order to complete consideration of the administration program. Ten hours of general debate are allowed on the Rayburn bill and house leaders will make an effort to complete the final measure by the end of this week.

When the detailed consideration of the Rayburn bill is completed the three measures will be taken from the "committee of the whole" into the house for final vote.

As finally argued upon the Clayton bill contains provisions aimed against price discriminations, prohibiting arbitrary refusal to sell national mineral products, forbidding sale or lease of goods conditioned upon the agreement of purchaser or lessee not to deal in competing products; making decrees in suits brought by the United States under the anti-trust laws conclusive evidence in private suits against the same defendants, prohibiting corporations from controlling competing concerns by stock ownership and forbidding interlocking directorates in concerns under federal jurisdiction.

### Here Labor Wins.

The much debated labor sections of the bill provide that nothing in the anti-trust laws shall be construed to forbid the existence and operation of farmers and labor unions and that such organizations and their members shall not be construed or held to be combinations or conspiracies in restraint of trade. The measure also limits the use of the injunction in labor disputes; legalizes strikes, primary boycotts, peaceful picketing and the peaceful assemblage of strikers, and provides for trial by jury in cases of contempt of court committed outside of the presence of the court or not near enough to interfere with the administration of justice.

The penalty section would impose a fine of \$5,000 upon corporations convicted of violating the law, and a similar fine or imprisonment for one year as a penalty for directors, officers, agents or employees, who authorize, direct or do acts which result in violations of the law by the corporation.

The house adopted without a record vote the Webb amendment declaring that none of the acts specified as peaceable strikes, boycotts and picketing shall be construed to be illegal. All other amendments were rejected and the whole section covering the injunction questions was adopted.

### War of Words.

Mann and Murdock got into a wordy exchange over talk of amalgamation of their parties.  
"Do you think," asked Mr. Murdock, "there is any chance of amalgamation between a set of men who want to go forward and a set of men who want to sidestep and dodge everything?" He said Mr. Mann had not consulted Colonel Roosevelt enough and that the colonel could not justly be accused of dodging anything. He asserted "the gentleman from Yale," as he referred to Mr. Taft, and the republican leader of the house and the "reactionaries at the other end of the capitol," had blocked anti-trust legislation.

### YUTAN-CHALCO CUT-OFF TO BE FINISHED IN A YEAR

The Edward Peterson company has been awarded the contract for the grading of the Yutan-Chalco cut-off for the Burlington railroad. The contractors will start work in ten days and have the job completed within a year.  
The line extends over twenty miles of country and will reduce the distance between Omaha and Bloux City. Laborers for the work will be hired in Omaha.

One Day Only.  
Saturday, Herzberg's Women's Toggery, 1517 Douglas street, will sell any wool coat or suit in the house, values to \$25.00, for \$25.

### DEVIL'S HOTEL CRITICISED SEVERELY BY MRS. HAYES

AK-SAR-BEN'S "Devil's hotel" is deserving of severe criticism, in the opinion of Mrs. C. W. Hayes, former president of the Omaha Women's club.  
"It is a shame that 2,000 of the best citizens in Omaha should assist in boosting a play with such a theme, even at the Den," she declared. "I intend to call upon the women of Omaha to resent it. I feel that I represent them when I say that I am shocked and horrified at the manner in which Omaha is advertising itself this year."

### DES MOINES TO NEW SHARON

Will Give Company Its Own Rails from Capital of Iowa to Peoria—Coal Operators After Their Own State's Business.

(From a Staff Correspondent.)  
DES MOINES, Ia., June 2.—(Special Telegram.)—Approximately \$1,000,000 is to be invested by the Minneapolis & St. Louis railroad in a new line to be constructed between Des Moines and New Sharon, if present plans carry, according to rumors originating in a source that is considered as absolutely reliable.  
The extension will give the company its own rails from this city all the way to Peoria.

### Engineers Meet.

The Iowa convention of stationary engineers opened here today with about one hundred present. Governor Clarke and Mayor Hanna delivered addresses. The convention plans to secure a new state board to examine and license those who operate stationary engines.

### Want Home Contracts.

Officers and a delegation of Iowa coal mine operators visited the state board of control today in an effort to induce the board to let all contracts for coal for Iowa institutions to operators of Iowa mines.

The board lets the coal to lowest bidders regardless of where the coal comes from, but will make some changes in specifications that will be of advantage to Iowa miners.

### Thorne Likely to Win.

Returns on Monday's primary from seventy-four out of the ninety-nine counties in the state today appeared to make certain the nomination of Clifford Thorne and James H. Wilson as railroad commissioners on the republican ticket. Senator Cummins received 18,115 to 44,379 for A. O. Savage in eighty-seven counties on the republican senatorial contest. In eighty-four counties Congressman Connelly had received 18,128 to 30,197 for E. T. Meredith in the democratic senatorial contest.

### TREASURER GUILTY OF EMBEZZLEMENT PARDONED

BISMARCK, N. D., June 2.—George L. Bickford, former state treasurer, who was convicted of embezzlement of state funds, was pardoned yesterday by the state board.

Bickford's case was taken to the supreme court twice, but on the last appeal the verdict of guilty was affirmed. He faced a sentence of one to three years in the penitentiary, but the pardon was granted before he began to serve the sentence.

At one time the total of his alleged embezzlement amounted to \$50,000, but most of this amount was made good by friends and the conviction was obtained on an

**Studebaker SIX**  
ECONOMICAL LIGHT WEIGHT  
**\$1575**

High proportion of manufactured parts means car value, long life and road-ability.

Studebaker SIX incorporates a greater proportion of manufactured parts than any other car.

Its steels are more rigidly specified; each shipment analyzed and tested before acceptance.

Its vital parts are heat treated more thoroughly—two to four times—and with greater scientific accuracy.

Methods of manufacture are more intensive; machinery equipment more complete and costly, yet far more economical because of big production.

Laboratory and engineering work goes deeper, is more thorough, and actually in charge of manufacturing.

Friction and vibration minimized, the life of the car lengthened by perfect adjustment of correlated parts. Perfect lubrication and perfect balance.

Hence the Studebaker SIX is the greatest value, has the longest life, the most perfect road-ability.

No higher price can buy as much, let alone more.

Send for the Studebaker Proof Book, describing Studebaker manufacturing methods.
