Vice President Marshall Addresses Maine University Students.

STATES RIGHTS CRY IS PASSING

Subjects Formerly of Purely State Cognizance Are Now of Common Interest—Relations of Labor and Capital.

ORONO, Me., June 10.—Vice President Marshall delivered the principal address here today at the University of Maine commencement exercises. He said in part:

"Slight knowledge will not enable the young man to assume the management of life's affairs. In the irrepressible conflict between labor and capital he cannot assume that either property or labor is everything without tending to establish a peer class in America or an oligarchy of wealth. Complete knowledge may convince him that it will be better for the

THERE is white over flesh with ribbons of pink; or white over white with ribbons of blue. And then we have the shell pink and lavender and rose; some of embroidered net; others of shadow lace. OGDEN LEAVES BIG ESTATE

Heirs of Chicago Recluse Searching for Papers.

PROPERTY IN SEVERAL STATES

He Laid Foundation for Fortune by Buying and Leasing Chicago Lots Immediately After Great Fire.

CHICAGO, June 10.—Safety deposit records were searched here today in an endeavor to find missing deeds to property owned by Francis A. Ogden, the 54-year-old recluse and multimillionaire, whose death in Houston, Tex., was made known yesterday.
Mr. Ogden was a nephew of William B. Ogden, first mayor of Chicago. He laid the foundation of his wealth by leasing and buying Chicago property immediately after the great fire of 1887. He never married. "My brother and sisters invested in families and children. I invested in farms and real estate," was one of his favorite remarks. He was known to have held real estate of great value in Chicago and rich lands in Wisconsin, Kansas, Georgia, Washington and several other states. He is said to have kept a valise full of deeds to property in each state, but these have not been found.
Mr. Ogden maintained quarters in a hotel he owned in Madison, Wis., where he lived until litigation led him to abandon the city. His room reflected his eccentricity. The walls were covered with advertising chromos, clippings from newspapers and calendars. For many years he lived on a self-prescribed schedule of abstinence. It was said he allowed himself 2 cents for breakfast, 20 cents for luncheon and 15 cents for dinner.
His total wealth may never be known as he left no will as far as known and search of his papers has disclosed no instructions and no schedule of properties. He has recently caused to be erected in a Madison cemetery a tall bronze shaft at the foot of which he planned to be buried. Relatives living in Madison have started for Houston to take charge of his effects.

Deeds Found, but No Will.
HOUSTON, Tex., June 10.—Deeds to real estate worth hundreds of thousands of dollars, but not a line indicating that he disposed of his large holdings by will or that he had any relatives to inherit his fortune, have been found by the temporary administrators of the estate of F. A. Ogden, who died here suddenly several days ago. Several of the deeds have never been recorded and were found in trunks or between leaves of books.
Property in more than a dozen states were represented by these papers, including Indiana, Texas, Louisiana, Wisconsin, Missouri, Tennessee, Illinois, Minnesota, Arkansas, Washington, New Mexico, Arizona, South Dakota and Oregon.
Ogden's effects also disclosed that he was both "philosopher and poet." He was little known here and his great wealth was not suspected. He lived simply. His death was due to heart failure.

Estate Worth Twelve Millions.
ALBUQUERQUE, N. M., June 10.—C. W. Ogden of Albuquerque, nephew of F. A. Ogden, the recluse millionaire, whose death in Houston, Tex., was announced yesterday, left here last night for Houston to attend a conference of the heirs. Mr. Ogden said his dead uncle's estate was estimated at about \$12,000,000.

Chambers of Omaha Defeats Harry Legg

KNAS CITY, June 10.—Playing an aggressive game—brilliant at times—W. N. Chambers of Omaha Country club defeated Harry G. Legg of Minneapolis, four-time trans-Mississippi golf champion, in the second round of the championship flight of the tournament of the Trans-Mississippi Golf association here today. Two earlier ago Legg defeated Chambers in the Trans-Mississippi finals at Minneapolis, eight up and six to play, and the gallery following them anticipated a similar result today.
Legg and Chambers played their game on the greens. Both had trouble with their "short game" in the first nine holes. Chambers always playing short and Legg playing over. At the ninth hole, however, Chambers threw away a wooden putter which he had been using and started putting with a cleft. From then on he had the young Minnikahda clubman at his mercy. Legg repeatedly drove out of bounds and miscalculated his puts.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know how to remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take A-K Tablets, and the results will be satisfactory in the highest degree. You can obtain them at all drug stores in any quantity, 10c worth or more. Ask for A-K Tablets.

SICK HEADACHES

Sick-headache, the most miserable of all sicknesses, looms its terrors when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way.
Genuine A-K Tablets bear the K nonogram. At all drug stores.

MRS. PANKHURST ESCAPES

Leader of Wild Women Evades the Guards Around Her Home.

LIBERAL FEDERATION SPEAKS

Women's Organization Calls Upon Government to Stop Reign of Anarchy Caused by the Suffragettes.

LONDON, June 10.—The elusive Mrs. Pankhurst, the militant suffragette leader, again succeeded during the night in evading the police, who were closely watching the house in Grosvenor square from which she had been recently conducting the campaign against the peace of members of the royal family at Buckingham palace and other places.

The raid on the offices of the Women's Social and Political Union yesterday, like the previous one early in May, did not produce the results expected by the police. The documents seized revealed few names of public interest.

Chief Inspector James McBrien said today the published report of the disclosure during the raid that members of the royal family including the prince of Wales had contributed to the funds of the militant suffragettes was absolutely groundless.
A resolution strongly condemning militancy and demanding urgent action by the government to stop the reign of anarchy was adopted today by a large majority of the conference of the Women's Liberal Federation now in session in London.

Lady Carlisle, the president, denounced as "spurious sentimentalism and a travesty on chivalry" the theory that women should not be made to suffer the same penalties meted out to men under the law.

Portrait Destroyer Defies Court, BIRMINGHAM, Eng., June 10.—Miss Bertha Ryland, the suffragette vandal, who yesterday destroyed with a butcher's cleaver George Romney's "Portrait of a Boy" in the Birmingham Art gallery was today committed for trial. During the hearing she created a scene in court, shrieking without cessation and quoting Scripture. She used the text, "I came not to send peace, but a sword," as justification for her act and she declared the militants were "working with Divine guidance for purity and righteousness."

"No surrender," was her parting cry as she went to the cells.

Finger Crushed and Bruised, Bucklen's Arnica Salve gives sure relief. Quickly heals sores, bruises, burns, etc. All drug stores.—Advertisement.

No assembled car—high priced or low—can match Studebaker SIX value.

It cannot incorporate perfect alignment, perfect balance and road-ability, as Studebaker does.

Because the assembler cannot specify the manufacture of materials, and reject the unfit—as Studebaker does.

Because he cannot heat treat the steels two to four times—as Studebaker does.

Because he cannot forge, and cast, and stamp, and grind, and machine the parts—as Studebaker does.

Because—in a word—he is not a manufacturer.

Increased production—lowered price—will not help him equal Studebaker quality, because only Studebaker processes and thoroughness can produce that quality.

Send for the Studebaker Proof Book, describing Studebaker manufacturing methods.
