MOREHEAD IS NOT WORRYING

Governor Returns from Fishing Trip in Brown and Cherry.

NOT BOTHERED BY POLITICS

Filing of R. L. Metcalfe for Executive Position Gives Him Little Concern—Pardon Board Will Meet Today.

(From a Staff Correspondent.) LINCOLN, Neb., June 10.—(Special Telegram.)—Governor Morehead returned this afternoon from his fishing trip to Long Pine and Brown and Cherry counties, where he has spent about a week recuperating and getting ready for the campaign for a second nomination at the hands of the democratic party. When asked what he had to say on the filing of Richard L. Metcalfe for the nomination for governor, the governor said that he had not heard of it until told by Senator Hanna of Wood Lake and had not thought very much about it since. The governor caught the biggest fish of the season at Marsh lake, a fine bass weighing four and one-half pounds.

Pardon Board to Meet. The state pardon board will meet tomorrow at the penitentiary, but has only one application for pardon to consider, although several applications for parole are to be taken up. Thomas Collins, sent up from Douglas county and received at the institution on January 3, 1910, to serve a life term for the murder of "Shorty" Grove, a saloonkeeper at Thirteenth and Dodge streets in 1899, will ask the board to give him another chance. Collins went into Grove's saloon and had some trouble with the proprietor and left the place saying he would return. A short time afterwards he came back with a gun and killed Grove. He was tried and found guilty, receiving a life sentence.

BURLINGTON RAILWAY. The case was a test on grain shipped to Rulo, one of the Burlington's three transit points in this state. At these points the shipper is allowed to store his grain for a period not to exceed six months. While the grain in question was in storage and under consignment to a St. Louis house, the Burlington raised its tariff and charged for the remainder of the way under the new tariff. The Granaries company paid under protest and sued to recover. The decision of Judge Cosgrave means that suits of this kind must be brought in the federal courts.

SHEA SAYS METCALFE WILL MAKE IDEAL GOVERNOR

ORLEANS, Neb., June 10.—(Special.)—Regarding the filing of Richard L. Metcalfe as a democratic candidate for governor, Hon. P. W. Shea of Orleans, democratic candidate for congress in the Fifth district, has given out the following interview: "I am glad that Richard L. Metcalfe will make the race for governor of Nebraska. I have no word of criticism for either Governor Morehead or George W. Berge, who are candidates for the same office. I have known Governor Metcalfe for more than twenty years and have learned to like the man. He is a man of high ideals, splendid mental attainments and incorruptible. During the years that I have known him his sympathies have been with and for the rank and file. He is as loyal to his friends who are right as is the young mother to her first born. He will make an ideal governor of our state."

Postmasters Ask For More Authority

(From a Staff Correspondent.) LINCOLN, Neb., June 10.—(Special Telegram.)—Most of the members of the Postmasters' association in session here today believe that greater efficiency will be secured in the postoffice of the country if every office is put under civil service rules. Wallace T. Morse, postmaster at Friend, believed that power should be given postmasters to suspend any clerk not giving satisfactory service without the trouble of having to file charges and then have to defend the charges possibly months after being made. Postmaster W. A. Dally of Chadron deplored the ignorance of the public regarding the postoffice service and thought that instruction in the public schools should be given by the teachers in order better to inform the pupils on the general rules of the service. Letters of regret for their inability to be present were received from Congressmen Stephens, Lobeck, Kirkaid and Bar-
