Sixty Acres Near City of Omaha

This land is about 9 blocks southwest of Elimwood park, high and sightly. An ideal location for a suburban home or platting into acreage tracts.

Last week we advertised this splendidly located property for \$20 to \$300 per acre. or \$15,000 for the whole tract, but most offers and propositions received were on the "easy-pay" plan or trades.

Now, the only reason the owner sells this land away below its real worth is that he must have some ready cash to protect some other investments with. Land 9 blocks north and no better sells for \$1,000 per acre and up. This land ought to be a money-maker at price asked.
