TROON. Scotland, June 11.-Play opened here today for the qualifying rounds of the British open golf champion-The 1913 entries included three American players, Francis Oulmet, American open champion; John J McDermott, former American champion, and Harold Weber of Toledo. Outmet did the first nine in 40 and completed the round in 77. All players will play two rounds to qualify. One round is played on the old Troon course and the other on the new municipal course.

Edward Ray's score for the eighteen holes was 74. Harold Hilton took 81, while J. L. C. Jenkins, amateur champion, returned a similar card. Harold Weber of Toledo was far behind

with a score of 84. At the end of the first round Oulmet had tied with four others for thirteenth place, but he headed the list of amateurs with his score of 77, although S. O. Shepherd ran him close with 78.

McLaughlin Two

KANSAS CITY, June 11 .- M. A. Denver, Colo., was two up in his match with W. N. Chambers of Omaha at the eighteenth hole of the third round of the Transmississippi Golf tournament today. McLaughlin played an improved game, while Chambers' putting did not hold up as well as yesterday, when the Omaha player defeated Harry Legg of Minneapo-

FIVE PLACES IN EACH EVENT TO CARRY POINTS

CHICAGO, June 11 .- In order that a well balanced team may have a better chance to win than one whose strength is represented by a few star athletes, officials in charge of the University of Chi-

school of Azusa, Cal., in 1912, when they scored seventeen points, their school's

University High of Chicago and Lewis institute are favorites in the meet on the showing they have made in earlier events

SIDE-DOOR STREET CAR TRAILERS ARE SUCCESS

Street railway officials are so well pleased with the service given by the sidedoor trailers on the Council Bluffs line that they are considering the manufacture of more of them in the Omaha shops and placing them on the South Omaha line during morning and evening

rush hours. A test recently made shows that the less time than those having exits at the in the event that trailers should be put on city lines in the future the new kind

of Bass and Perch in Carter Lake

W. J. O'Brien, fish commissioner, brought the fish car to Omaha yesterday and in it he brought 60,000 small bigmouth bass fry and about 5,000 six-inch

perch for Carter lake. Mr. O'Brien says he is quite encouraged over the renewed interest being shown in the protection of the fish of Carter lake since The Bee started its campaign some time ago to stop illegal seining in this body of water.

Several catches of bass at the lake this pring have convinced Mr. O'Brien that there are a large number of good sized bass there and that with the protection of Carter Lake club, assisted by the city commissioners, there is no reason why the people of Omaha might not enjoy good sport at Carter lake.

Yeiser Has Scheme

to Take Glare Off

Crooked Lawyers

To divert attention from crooked lawyers caught with the goods, and incidentally accumulate some free publicity for his candidacy for governor, Attorney John O. Yeiser has evolved a brand new scheme to go after crooked newspapers, which he divulges in a lengthy letter he is sending to the pewapaper editors of the state. This newspaper editors of the state. This eminent attorney would enact an initiative law, which law he kindly furnishes ready-made, to declare newspapers common carriers, and give everybody with a supposed grievance a right to use their space free of charge. The title of Yeiser's bill starts out, "A bill for an act to make all newspapers, journals, magazines, and periodicals, printed or circulating in the state of Nebraska, common the common that the common is the common to the common that is a supposed grievance a right to use the common their space free of charge. The title of the common their space free of charge. The title of the common their space free of charge. The title of the common their space free of charge. The title of the common their space free of charge. The title of the common their space free of charge. The title of the common the common their space free of charge. The title of the common carriers, and give everybody Up on Chambers

carriers of intelligence; to compel them to print answers, explanations and justifications of persons whenever and as 1 car (corn mixed), 38c. Corn: No. 2 white, 1 car, 384c; no grade, 1 car Laughlin of the Lakewood Country club, ticles in such publications," and this is the beginning of the fire-starting argu-

ment submitted with it: The time has come for the people to re-sent the abuse of crooked editors and crooked newspapers. Not all editors and newspapers are crooked; many already concede what we are asking and will supconcede what we are asking and will support this move—especially the country
press. Dr. Washington Gladden recently
compared newspaper men with ministers
of the gospei. This may be true as a
general rule, but keep your eye on those
who squirm under what we are going to
do to them. There is in my judgment more
blackmail tribute paid to newspapers,
enjoying respectability, each year than
bank robbers ever got, all told, since dynamite was discovered. They hush from
the public evidence of murder with the
same nonchalance that some members of
the medical profession assume as they intercept an unwelcome birth. They sell
their boasted freedom for the cash as
often by silence as they sell their space ficials in charge of the University of Chicago's interscholastic meet here next Saturday have decided that five places in each event will carry points. Five points will be credited to the winner, four to the second man, three to the third, two the fourth, and one to the fifth.

The ruling is expected to favor the teams with the greatest number of entrants and to lessen the chance for a victory. Jackson, the little negro athlete, and J. Whited won for Citrus Union school of Azusa, Cal., in 1912, when they

GRAIN AND PRODUCE MARKET

New Crop of Wheat Being Shipped from Oklahoma to Kansas City.

CORN HAS MUCH STRENGTH

Need of Moisture in Yellow Cereal Belt Keeps the Prices of This Grain at Steady and Strong Level.

OMAHA, June 11, 1914.

A message received at Chicago yesterday from Kansas City told of the shipment of new crop wheat from Okinhoma to that market. These first shipments from the southwest will be followed by the movement of enormous quantities of the new crop from all the states. The best judges of conditions in the wheat market, not only at Chicago, but elsewhere, volunteer the opinion that prices are likely to sell still fower. Conditions yesterday showed that it would take new and persistent buying to hold prices up around the present level.

Enormous quantities of wheat have been bought in the southwest, and as a partial offset to this the sales on export account have been heavy. The bids yesterday from abroad were said to be somewhat out of line as compared with Tuesday and there was a belief in local export circles that foreigners would back away from our wheat unless the offerings were curfailed.

There are some in the wheat trade at Chicago who wefure to believe that to

Other buyers..... CATTLE—Receipts of cattle con-tinue very moderate at this poin, only eighty-six cars being re-ported in the yards this morning. For the four days this week receipts show a failing off of a few hundred head receipts red head

show a failing off of a few hundred head as compared with recent weeks, and a year ago.

Owing to the light receipts and the good buying demand, beef steers were quite active this mcrning and sold at prices that were anywhere from steady, to as much as 10c higher. Good light yearlings and sold up to 19.09, and choice well finished heavy cattle brought \$1.56.

While the dry lot cows and helfers are in good demand and prices steady, most of the butcher stock coming to market at the present time, shows more or least grass, and is discriminated against by working lower, the trade being lower and feeders in first hands, but few are used and the feeding on the market is very weak. Common light stockers are greefally are working downward.

Quotations on cattle: Good to prime the first of the lifers, \$1.5000, good to choice beef steers, \$1.5000, good to choice corner down, \$1.0007.75; fair to good stockers and feeders, \$1.5000, fair to good stockers and feeders, \$1.50

BEEF STEERS.

HOGS—Receipts amounted to III cars, or about 8,000 head. The four days supply foots up 25,807, being more than 3,500 head smaller than last week, but slightly larger than for the corresponding days

who got left yesterday to start things. As a result it was after \$120 o'clock before much of anything was done, but in the end offers were raised so that by the time the bulk of the supply star' to move prices were a big nicker sher than Wednesday's average. Evel, a this basis, movement was dull and I there was a good, strong buying demand prices continued to strengthen, the big end of the supply finally selling at figures that were spike higher. The close was probably the strongest time, and the general market can be quoted as 5610c better than yesterday's average. After a trading basis was reached the market being basis was reached the market be-came fairly active, and practically every-thing was cleaned up before 10 o'clock. Bulk of the supply sold at \$7.323-50 7.97%, the long string landing at \$7.36. Several loads of good hogs sold as high as \$5.00.

as \$8.00. Up uhtil today the market has Up uhtil today the market has a steadily downward, in spite of light ceipts, and while today's advance covers a part of this break, values diversely the closes still nearly a dime below Representative sales:

SHEEP—The activity and the strong demand that featured the market on sheep and lamba the fore part of the week was absent this morning and, as on yesterday, trade was incalined to be very slow, with trade was incalined to be very slow, with prices anywhere from a dime to a quarter lower. As compared with two weeks ago and a year ago, receipts were light again today, for they amounted to no more than 2,600 head, against 1,837 last Thursday, 3,192 two weeks ago and 3,682 on the same day a year ago. The quality in general showed little if any change. A cut of the Lehmer lambs that brought \$8.80 yeaterday sold at \$8.70 this morning. This price was paid for two loads averaging 78 pounds. The big bulk of today's clipped lambs moved anywhere from \$6.00 to \$8.60.

A very limited supply of clipped ewes

to \$8.60.

A very limited supply of clipped ewes went to the packers at \$5.4005.50.

Included in the receipts were a few bunches of spring lambs at \$9.3508.40.

On the first two days of the week the general trade was highly satisfactory to the selling side, as receipts continued of light proportions and prices made an advance amounting to 15025c on the average. On Welnesday and today, however, the trend in values has been in the opposite the trend in values has been in the opposite direction and all the improvement has been loat, leaving the general market quotably the same as at the close of last week. There was still a scarcity of anything in the line of aged sheep, there being, as a matter of fact, not enough here today to compare values.

NEW YORK, June 11.—Cotton goods market was firm today and mills declined business because of low prices. Bleached goods sold well. Raw silk was easier. Light weight serges were with/frawn pre-London Stock Market.

NEW YORK STOCK MARKET

Business Appears Heavy in Spots and Speculation Dull.

CANADIAN PACIFIC DEPRESSED Statement for First Week of Jane

Showing Decrease of Nearly Half

Million Dollars Has Bad Effect. NEW YORK, June 11 .- Heaviness ap-

NEW YORK, June 11.—Heaviness appeared in spots in the stock market today. Speculation was as dull and coloriess as on recent days. Canadian Pacific was depressed by the statement of gross earnings for the first week of June, revealings a decrease of nearly \$500,600. St. Paul tell behind for a time, owing presumably to disappointment over the slow absorption of the new bonds.

Engagements of \$2,000,000 gold for Paris today prought up the total this week to \$17,380,000, a high record in the outflow of gold from New York in a single week. The outward movement of gold since May 5 new amounts to \$38,200,000 and since January 1 to \$62,000,000. Despite the size of the movement, exchange rates held at an abnormally high level. Demand sterling touched a new high mark for the movement at 4,8800 and cables amounted to 4,896. The gold movement was reflected in the firmer tone of the money market, sixty and ninety days loans moving up ic. It was the general opinion among international bankers that the shipment of gold to Europe would continue.

Once more the freight rate decision was the foremost consideration in the stock market and it was said generally that, barring the unforeseen, speculation would be held down to a low point until the Interstate Commerce commission announced its ruling.

Weakness appeared again in Virginia

its ruling.

Weskness appeared again in Virginia debt certificates, which feil four points to fifty. Rock Island issues also were heavy. The general bond market moved uncertainly. Total sales par value, \$2,000,00. United States bonds were unchanged on call.
