O HAVE John Purroy Mitchel, mayor of New York City, choose one her art works for use in a city-wide poster campaign is the latest honor accorded Miss Lucile Patterson of Omaha, who has won numerous other art honors since going to the metropolis.

Mayor Mitchel's choice of Miss Patterison's design was made from a large number that were available. It was a "modern madonna" picture of an Italian mother and baby, the first in a series of six "mother and child" cover designs by Miss Patterson, which a large eastern Sunday magazine is now publishing. The other covers will depict mothers and babies of other nationalities.

When the first cover appeared Mayor Mitchel saw it, and immediately asked the publisher's permission to use it. Hundreds of enlarged copies have been made and will be displayed throughout the big city in advertising a municipal children's benefit.

Since Miss Patterson went to New York with her mother, Mrs. Elia Patterson, she has rapidly won her way into prominence among illustratora and cover designers.
