> Raise in Auto Valuations. Automobile owners in the capital city are considerably agitated over the fact that auto assessments average about 40 per cent higher this year than formerly. The increase in the city alone amounts to something like \$250,000 and shows that there ar cabout 14,600 automobiles within the city limits. In one instance the assessor decreased the value of a machine fro mthat made by the owner who thought his machine was worth about \$50. The assessor put it down at nothing. One man who had just purchased a machine for over \$2,000 put it in at \$500. The assessor raised it to \$1,000 more. An estimate of the value of machines as returned by the owners shows an average of \$501. Assessors' figures average them at \$700.
