

ALUMNI REUNION MONDAY

Four Hundred High School Graduates Expected at Happy Hollow.

DANCE FOR YOUNGER MEMBERS

Reception Committee of Graduates of Classes Since 'Seventy-Six Will Extend Glad Hand to All Comers.

Hundreds of graduates and former students of Omaha High school will gather at Happy Hollow club Monday evening for what is expected to be the biggest and best reunion dance ever held by the alumni association of the school.

The advance sale of tickets has made President Stanley M. Rosewater feel justified in expecting at least 400 former high school students to attend, and it is probable there will be more, if the weather is good.

Directors of the association have been working for a month with a special boosting committee to perfect arrangements for the big affair. The large and popular orchestra of the "Happy" club has been secured to furnish the music for the dance, the latter being the principal thing on the evening's program.

Although not a word is said about the nature of the dances on the program, it is expected that all the newest steps will be demonstrated by the younger grads, including the members of this year's class, most of whom will attend.

Reunion, Too.

For the older people who proudly claim the Omaha High school as their alma mater, there will be a good old-fashioned reunion, that all may renew acquaintances and talk over old times at the school.

A reception committee, made up of members of each class that has graduated from the school since 1855, will be on hand to welcome everybody and make them feel at home at the club.

More than one parent and child, both graduates of the old school, are expected to attend. Mrs. Fannie E. Woodbridge, Mrs. F. H. McConnell, Mrs. A. D. Schermerhorn and Charles S. Elgutter are among the early graduates whose children have since graduated.

Recalling names of former students of the school brings to mind the facts that many of its loyal alumni have achieved prominence in varied lines of activity since they received their diplomas, and many are scattered all over the world.

association will be held prior to the dance tomorrow evening. Election of directors will be practically the only business. Officers of the association are chosen annually by the directors.

Woodmen Substitute the Indianapolis For Chicago Rate

TOLEDO, O., June 21.—The Indianapolis insurance rate was substituted for the Chicago rate in the bylaws of the Modern Woodmen of America by the triennial convention of the order in session here yesterday. The Chicago rate, which is higher than the Indianapolis, was the cause of much insurgency.

The insurgents of the convention lost in their fight to have the salaries of the head officers reduced. Their proposal to decrease the officers' pay about one-half was defeated by a vote of 3094 to 1004. The annual salaries voted the officers were:

Head consul, \$10,000; head clerk, \$7,500; head banker, \$5,000; directors, \$5,000 each; auditors, \$1,500 each, and members of the law committee \$50 a day when employed.

The conflict between the administration and insurgent delegates was ended tonight when the convention adjourned. Before adjournment an attempt was made to insert in the rate provision of the bylaws an amendment providing for the payment of 10 cents a month by all members under 30 years of age to defray the expenses of members over that age and the use of \$10,000,000 of the present surplus fund for the same purpose. The amendment, which was offered by C. A. Ingram of Wisconsin, was voted down.

Attendance Mark at Creighton Beaten

Announcement of honors at Creighton arts colleges last week marked the close of the most successful year in point of attendance that the university has enjoyed. For the first time the enrollment went over the 1,100 mark, reaching a total of 1,116 at the close of the school. It is only a year ago that the attendance first went above 1,000. This attendance is exclusive of the summer session enrollment. The total enrollment a year ago was 1,002.

The books of each department show that the students are divided thus: Arts, 490; medicine, 184; law, 173; pharmacy, 153; and dentistry, 116.

For the first time the alumni of the five departments this year became consolidated into one organization, known as the Pan-Alumni association, electing John A. Benneville president. A movement was started toward the erection of a new gym, and it is expected will be pushed next year.

The overcrowding of the different schools lead to talk of a single skyscraper in the business district to accommodate the students.

The session of the summer school opened yesterday with an enrollment for the first day of about seventy-five. Monday has also been designated an enrollment day and the beginning of classes has been postponed until Tuesday.

The majority of students at the school will be nuns, and the authorities say that of the 120 expected by Tuesday probably 125 will be nuns.

Metcalfe May Pass Up Junket Over Europe

(From a Staff Correspondent.) WASHINGTON, June 21.—(Special Telegram.)—Richard L. Metcalfe, candidate for the democratic nomination for governor of Nebraska and vice chairman of the government committee in charge of the official opening of the Panama canal next January, has been invited to become a member of the commission of the Southern Commercial congress, which will attend the Anglo-American exposition in London this summer and urban exposition in Lyons, France.

The commission will comprise diplomats, senators and representatives and about 100 of the most promising business men and mayors of cities in the United States. It will study European municipal problems for a month after attending the exposition.

The commission sails from New York July 2.

Owing to the approach of the date of the Nebraska primaries, it is doubtful if Mr. Metcalfe will be able to become a member of the commission.

DEMS CHANGE LABOR CLAUSE

(Continued from Page One.) son in such dispute, any strike benefits or any other moneys or things of value or from peacefully assembling at any place in a lawful manner, and for lawful purposes; or from doing any act or thing which might lawfully be done in the absence of such dispute by any party thereto, nor shall any of the acts specified in this paragraph, be considered or held unlawful.

The committee struck out language which would have banned injunctions against picketing and attendance near the houses of working places or any person "for the purpose of peacefully obtaining or communicating information."

In the section relating to contempt proceedings it struck out the house provision limiting the punishment to a \$1,000 fine or six months' imprisonment. It was pointed out that in many instances contempt might be willfully committed with the object of securing these comparatively mild punishments.

MRS. AUGUSTA KENT DIES FROM PARALYTIC STROKE Mrs. Augusta Kent, wife of Josiah Kent, 318 Pierce street, died Friday night from the effects of a paralytic stroke which she suffered the day before. She was born in Frederick, Md., July 18, 1844, and was married at St. Joseph in 1863. Mrs. Kent had lived in Omaha for the last forty-one years. Besides her husband, she is survived by seven children: Miss Ella, Omaha; John, Seattle; Josiah, Jr., Chicago; Miss Emma, Omaha; Sidney, Omaha; Leslie, Milwaukee, and Miss Sadie, Omaha.

Funeral services will be held this morning at 11 o'clock at DeDecker's chapel and will be conducted by Rev. C. N. Dawson, pastor of the Diets Methodist church. Interment will be at Prospect Hill cemetery.

Going to the "Movie" Tonight? If you want to know in advance what pictures are going to be shown at your favorite theatre tonight, read "Today's Complete Movie Programs" on the first page of this issue. Complete programs of practically every moving picture theater in Omaha appear EXCLUSIVELY in The Bee.

BIG SHOWS FOR AK-SAR-BEN

Samson Inspects World at Home and Is Pleased.

CHAMPION SWIMMER TO COME

Cora Beckwith, Wife of Former Manager of Orpheum Theater of Omaha, Will Again Please Audiences Here.

Again has Samson made a trip to keep an eye on "The World at Home" shows that are to exhibit on the King's highway during the Ak-Sar-Ben festivities. Secretary J. D. Weaver has returned from Dubuque, where he visited the shows which were staged there last week and is more enthusiastic than ever about the prospects for the King's highway this fall. He saw the shows from start to finish and declares they are the greatest line of attractions ever seen in any carnival ground in America.

It has just been decided that Cora Beckwith of Dubuque, the champion woman swimmer in America is to come to Omaha for these festivities and is to put on her swimming stunts here. Cora Beckwith is not unknown in Omaha, having been here on previous occasions. It is also remembered that her husband is Jake Rosenthal, who was formerly manager of the Orpheum theater in Omaha.

Among the attractions is to be a miniature Panama canal, an accurate representation of this stupendous engineering accomplishment, showing every detail of the canal, locks and even ships that are to pass through the big ditch. This is the only model officially endorsed by the United States government.

No less than twenty distinct shows comprise this great aggregation of attractions. Known as "The World at Home, There is the human butterfly, the Garden of Allah, the marvels of the universe, the autodrome, Armstrongs Fat and Lean convention, the frolic, the carry-us-all, and many other features that will please old and young alike.

Secretary Weaver spent several days at Dubuque to look over the shows again and select some of the best, eliminating some that he did not regard as the very best. For Samson stands for nothing but the very choicest in the line of entertainment for the King's highway.

BROWN FORGETS LICENSE NUMBER AND IS FINED

WATERLOO, Ia., June 21.—(Special Telegram.)—W. C. Brown, former president of the New York Central lines, passing through this city on his way to his farm in Lime Springs, was arrested and fined for the absence of the new Iowa license number on his automobile. He paid the fine along with others arrested on similar charges. W. C. Brown began his railroad career here forty years ago.

EDWIN A. REILS WINS FIRST IN BEACON PRIZE CONTEST

Edwin A. Reils won first place and Findley Jenkins, second place in the Beacon prize contest for temperance essays at the University of Omaha. Mr. Reil's subject was "Public Obligation," and Mr. Jenkins won second prize with "Alcoholism as an Inhibitor of Personal Rights." The temperance contest is an annual event at the university. Mr. Reils is now eligible for the state contest and if victorious there, may enter the national competition.

THE OMAHA BEE—THE HOME PAPER.

GERMANS TO TAKE ESPECIAL PART IN THE HOME COMING

The German societies of Omaha have decided to have a home coming of their old members formerly of Omaha, and this during the same week that Ak-Sar-Ben has its great home coming in connection with the fall festivities.

TEL JED SOKOL WILL BRING LARGE CROWDS TO OMAHA IN JULY

Word keeps coming of the crowds that are to be in Omaha July 22 to 27 for the annual convention of the Tel Jed Sokol, the Bohemian American society that is to have a convention and a series of national athletic championship matches on the base ball grounds. The athletic matches are to be for both men and women. The number of women athletes coming to enter the various lists is almost as great as the number of men. In the contest for the national all-round athletic Bohemian championship, Chicago has listed eighty-eight men entries and sixty-two girls. New York has listed thirty-six men and twenty-eight girls. Baltimore has listed eighteen men and thirty-two girls; Detroit, twenty-four men and twenty-six girls; Cleveland, forty-two men and thirty-eight girls. Other delegations, the numbers of which are not yet definitely made up, are from Texas, Kansas, Oklahoma, Minnesota, Iowa and Nebraska.

While it is not the intention to give a street parade during these festivities, which take place October 3 and 4, being on Saturday and Sunday during the fall festivities, it is the intention to have athletic entertainments, German opera, singing societies, picnics, speaking in German and English, reviewing the achievements of the German race; games, dancing and amusements for young and old. All the societies in neighboring towns will be invited, and many thousands of Germans will "get together" and it will result in many coming who otherwise would not get here.

The Germans have two club houses, the Deutsches Haus on South Thirteenth street and the singing society hall, Seventeenth and Cass streets. The committee of arrangements is in full action and propose to make it a social success.

Gepson Says He Has Excuse for Having Report Mussed Up

"That the female of the species is more neat than the male" is considered a proven fact since Superintendent E. U. Graff received the annual reports from the principals of schools.

One more man—Principal E. D. Gepson of the Fort Special School for Boys—sent in a report. This report was somewhat crumpled. There were ink stains here and there and a few words scratched out.

The reports from the women principals were the acme of neatness, not a blot, not a blotch.

The reports are on exhibit to prove to the militant feminine that a man is more or less rough in writing and that women will do the same work better than a man.

Gepson has an excuse, however. He says he makes the report at the school amid the din of industry and flying ink-wells, sticks, stray type and things.
