OUTSIDERS ARE BUYING SOME Other Countries Are Londing Up on United States Wheat for Future. Deliveries-European Outlook Not So Good.

The general belief in grain as well as business circles is that prosperity will travel hand in hand with the big wheat sales which have already commenced. A crop of 900,000 bushels in he southwest and northwest means that

enormous quantities of money are to be thrown into the country, and that where there has been a lack of presperity for some time, business will revive. At the low levels for wheat last week At the low levels for wheat last week there was some investment buyins, and these purchases were among the stronger men in the trade. Foreigners have bought considerable wheat here for August shipment and they undoubtedly have made these purchases and will demand dellyery. The European outlook, while not as favorable as that of North America, is by no means alarming.

SUSPENSE OVER RATE RULING Speculation Dull During Morning, with Slow Downward Movement -Course Changed Abruptly

by Oil Lands Decision.

NEW YORK, June 22—After the receipt from Washington of the familiar announcement that no decision would be given during the day in the freight rate case, the stock market settled down for another day of waiting. Speculation was dulf duding the morning, with a slow downward movement. The course of the market was changed abruptly, however, by the decree of the United State supreme court, tavoring the title claims of the Southern Pacific railroad to California oil lands. The ruling of the court caused a sudden rush of buying orders and the quotation of the stock moved upward swiftly. There was a demand from commission houses as well as from room traders and at the close the price was 94 again of more than three points. Prices of nearly all the leading railway and industrial share joined in the upward movement. Early declines were cancelled and at the close small net advances were supported. In the early trading chief interest lay
in the action of the Reck Island set
curities. The stimulating effect on the
bonds of the reorganization plan, caused
the upturn of Saturday, had worn off
and quotation were lower all around.
The declining tendency of foreign exchange was checked, the quotation for
demand sterling advancing about 25
points. Engagement of \$1,50,000 more
gold for export was announced. It was
the opinion of banks, however, that the
outflow of gold was nearing its end.
Trading in bonds was unusually heavy
with particular activity in Rock Island
and Southern Pacific issues. The market
was irregular. Chicago & Indiana

Beneficial rains and the slowness of eastern cash demand made the corn market tend to sag with wheat. The almost complete absence of country offerings, though, acted somewhat as a checkt to the bears and there was a suggestion of caution in the remarkably small increase of the visible supply. Nevertheless, the market closed weak. Continued poor crop from Onto, Indiana and Central and Southern Illinois, were of less effect than heretofore regarding oats.

Provisions succumbed when grain showed no power to rally. A small advance due to higher prices for hogs and better demand for cured meats was more than wiped out.

dozen loads being taken on by speculature.

Packers did not seem willing to allow the advance and would not follow the lend of speculators. On the other hand a Hera felt that they were entitled to the money and they fought hard to hold the market up to the opening figures. The result was a slow market and it was midday or after before a clearance was effected. Packers finally took on a few hose at prices that were a shade higher than Saturday, but as a rule they did not want to pay better than Saturday a prices and that was where the market closed.

The bulk of the hogs sold at \$5.368.35, with a top at \$8.30, while on Saturday about half of the hogs sold at \$8.20, with a top at \$8.30.

STURGIS, S. D., June 22.-(Special Telegram.)-A telegram received in Sturgis

this morning announced the death at Greeley, Colo., from cancer of Mrs. Nellie McMahon, who was tried here in 1910 for the killing of Attorney David P. Thomas. At that trial her attorneys interposed plea of insanity. Later when brought before the Board of Insanity examiners, she made a claim that her attorneys had framed up her insanity plea and that the evidence was false, She, however, was committed to tha
