Sixty-Six Per Cent.

According to the last report of the Bureau of Labor Statistics the retail prices of the "principal articles of food" in forty industrial cities advanced sixty-six per cent. in fourteen years. The price of

Shredded Wheat

in all that time has remained the same, and it is just as satisfying, strengthening and sustaining as it was fourteen years ago—a complete, perfect food, supplying more real, body-building nutriment than meat or eggs, costing much less and much more easily digested. Your grocer sells it.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Deliciously nourishing when eaten in combination with baked apples, stewed prunes, sliced bananas or canned or preserved fruits. Try toasted Triacuit, the Shredded Wheat wafer, for luncheon with butter, cheese or marmalade.

Made only by The Shredded Wheat Company, Niagara Falls, N. Y.
