HOWARD AND SIXTEENTH STREETS

Notes from Beatrice and Gage County

BEATRICE, Neb., July 1.—(Special.)—O. Butler, circus man, was arrested Tuesday by Officer Dillow on the charge of buying stolen property. He admitted having purchased from one of the roustabouts with the show which passed through Beatrice Sunday an overcoat for \$1.50, the garment having been stolen from the room of L. C. Mullenhoff. The sum of \$25 was also taken with the overcoat. The defendant settled by paying \$50 for the coat and the money which Mullenhoff said was in the pocket. The coat was sent ahead with the show, and when the circus man returns the coat is to get a rebate of \$5. He also paid a fine of \$1 and costs.

F. M. Woodcock, a former Beatrice resident, was shot from ambush while fishing near Hillsboro, Ore., a few days ago and seriously wounded. The charge entered his shoulder blades and passed up into the base of the skull. He is a man 70 years of age and is reported to be in a serious condition. A boy has been arrested on the charge of shooting Mr. Woodcock and will be held for an investigation. Hobbey is supposed to have been the motive of the person who fired the shot.

Joseph K. Cackel and Katherine Varaska of Wilber were married here Tuesday.

Henry Fred Schober, a former Beatrice resident, died at the Soldiers' home at Grand Island Monday night. The body will be brought here for interment. Mr. Schober was 79 years of age.

William Parish of Cortland passed away Monday at his home at that place, aged 47 years. Death was due to tuberculosis. He is survived by a widow and two sons.

Mrs. John Tiedman, aged 81 years, died at her home at Cortland Tuesday. She was a native of Germany and is survived by her husband and six children.

Miss Louise Pemberton, youngest daughter of Judge L. M. Pemberton of the district court, and Lee Wilson Johnson were united in marriage at noon Tuesday.

WHEAT IN FRANKLIN YIELDS THIRTY BUSHELS TO ACRE

UPLAND, Neb., July 1.—(Special.)—Wheat harvest is almost finished in Franklin county and thrashing has begun. So far the yield seems to be about thirty bushels to the acre, which is the best for many years here. Oats are being cut now and promise a better than average yield. There has been practically no hail here and just enough rain to help potatoes, alfalfa and corn. Take it all in all, it seems as though this county is going to have a record general crop report this year.

GENEVA, Neb., July 1.—(Special.)—A meeting of the citizens was held in the court room, Monday evening, to consider voting bonds to build a city hall, with room for fire equipment house. Circulation of petition to the voters was proposed and the issue adopted. At present Geneva has neither a public hall of any capacity, a fire house nor a fire department.

Yesterday morning a hail fell, lasting but a short time, but covering the ground and doing much damage to vegetables. North and east of town it was much heavier. Some corn fields were destroyed. This was the second hard hail storm this spring for this locality.

The body of Wesley Birch, twenty-two years of age, who was drowned at Okhok last Saturday, was brought here for burial today. This being the home of his parents.

METCALFE SAYS FIGHTERS CAN APPRECIATE PEACE

(From a Staff Correspondent.)
WASHINGTON, July 1.—(Special Telegram.)—Richard Lee Metcalfe, democratic candidate for governor of Nebraska, came forward tonight with a strong endorsement of the address recently delivered by M. L. Corey, selected for temporary chairman of the Columbus state convention, appealing to the democrats of Nebraska to forget their past differences and do nothing before the primaries that would prevent them from working harmoniously together in the interest of the democratic nominees.

Mr. Metcalfe said: "I approve the address by Mr. Corey. It was an admirable speech. I hope my friends throughout Nebraska will act in the spirit of that address. I shall attend the state convention at Columbus and I shall do what I can to make the party stronger and more harmonious by reason of the Columbus proceedings. I know it has been said that I have been a conspicuous participant in the party fight of the past. That is true, but I have never contributed a thing in the way of peace. Men who have fought the hardest are, as a rule, the best peace-makers, for they have defined the folly of war. From what I hear from Nebraska, I think it will be true that the men who have stood on the firing line when the battle was on, and I've received the wounds, will be found earnestly counselling a policy of constructive effort at Columbus on July 5."

STAPLETON WINS POINT IN FIGHT FOR COUNTY SEAT

STAPLETON, Neb., July 1.—(Special.)—A petition was filed with the county board with 348 signers asking for an election on relocation. C. C. Connelly and James Philpot, two members of the county board, refused to act on the petition and attempted to lay the matter over for sixty days, but Judge Grimes of North Platte ordered action to be taken a week later, if not, to appear before him and show cause, which was done on June 29. Judge Grimes turned the remonstrants down and orders the commissioners to meet and act on the petition on July 15. The petition as filed with the county board had 308 more signers than was necessary under the law. County Superintendent W. D. Paul, County Treasurer E. H. Ensign, County Attorney Hill, County Clerk George Higbee, besides Commissioners Philpot and Connelly, are fighting the move. Present county seat is at Gandy, an inland town.

HUNDRED SHINGLE MILLS CLOSE TEMPORARILY

SEATTLE, July 1.—One hundred shingle mills in western Washington shut down tonight for the annual Fourth of July holiday, and probably will remain closed for some time.

Stack building throughout the country caused an over production.

CHEYENNE COUNTY RYE IS GIVING RECORD YIELD

SIDNEY, Neb., July 1.—(Special Telegram.)—The harvesting of winter wheat

and fall rye is in full blast and it will yield from twenty-five to sixty bushels to the acre. The first ear of timothy hay of the season was loaded at the Oberfelder farm and sold for a fancy price to Denver parties.

Carranza is Moving Capital to Monterey

SALTILLO, Mexico, June 30.—(Via Laredo, Tex., July 1.)—General Venustiano Carranza arrived here today and began preparations to remove his capital to Monterey. He was accompanied by E. Canova of Havana, who claims to be a representative of the United States Department of State, and George C. Carothers, who has acted in that capacity. They joined Carranza at Monterey last night.

HUCKLEBERRY MOUNTAIN FEUD BREAKS OUT ANEW

PARIS, Ark., July 1.—The "Huckleberry mountain feud," which has existed in this section of Arkansas for many years, was revived last night when Frank Rose, a mountaineer, shot and killed Hobart Horn and probably fatally wounded Chatham Sherill when, it is said, Horn and Sherill attacked the Rose home. The officers have arrested all known factional leaders in the feud to prevent further trouble.

FIRST FATAL FOURTH INJURY

Knoxville Boy Killed by Explosion of Home Made Torpedo.

DIES IN DES MOINES HOSPITAL

Weaver, Who Loses Ear as Result of Broken Belt, is First in Iowa to Come Under New Compensation Act.

DES MOINES, Ia., July 1.—(Special Telegram.)—Fourth of July accidents began early here. Christian Probst, of Knoxville, a boy of fifteen, died at a local hospital here this morning from the effects of an explosion of a home made torpedo. It was made out of piece of gas pipe, and a piece struck him on the face, inflicting fatal wounds.

The first industrial accident under the new law which will require settlement out of court, occurred in a local factory today, when George Bristol, a weaver, was injured by a broken belt, which tore off his ear. The new law went into effect this morning.

Officials for Convention.
The republican state committee has selected for temporary chairman of the state convention July 23, Paul Stillman, editor of the Jefferson Bee, and former speaker of the Iowa house. Mr. Stillman will be entirely satisfactory to all the candidates of the state ticket and will give a good address. The committee also selected W. S. Cooper of Winnetronk to be temporary secretary.

No information of any definite character has been collected with regard to the general complexion of the next republican state convention. Delegates were selected entirely without regard to factions or to past personal preferences.

State Auditorship Will Wait.
All the indications are that the matter of who shall be nominated for state auditor on the republican ticket will be settled in the convention. The candidates do not anticipate any plan of combining that will have any bearing on the result. All five candidates will ask the indorsement of the convention. The delegates in Folk county were selected without regard to their preferences for the candidates, and it is estimated that each and every one of the candidates will get votes out of the county. No one of the candidates is claiming all the delegates of the county.

Must Build the Bridge.

The supreme court settled it that a county board of supervisors cannot abandon a road by refusing to build a bridge over a drainage ditch. In a case from Harrison county where the board had refused to construct the bridge on the request of patrons of the old highway the supreme court holds that the building of the bridge is compulsory and cannot be denied.

Bryan's Decision Reversed.

In settling a collateral inheritance tax case the Iowa supreme court reversed the decision of Secretary of State Bryan on a matter involving interpretation of a treaty with Denmark. It develops that Mr. Bryan held that the Danish treaty forbade Iowa, collecting an inheritance tax on property left to collateral heirs in Denmark. But the supreme court holds the treaty does not apply in this case. The state department had intervened and the United States attorney for northern Iowa had appeared in the case and argued against the collection of the tax.

Postoffice Matter Involved.

The matter of who shall get the Des Moines postoffice appeared in connection with the contest in the democratic county convention here. The most likely candidate for the place, George Hoffman, former state chairman, supported Maurice Connelly for senator in the primary, and this angered a lot of the local democrats who were for Meredith. The latter are trying to select a member of the state committee and want Harry C. Evans for the member. John DeMar is also a candidate for the place. The outlook is that the committee will come from outside of Des Moines.

Disposed of Soldier Claims.

The state officials yesterday disposed of the troublesome matter of the claim of F. R. Thurber, a former janitor of the state house. He was discharged by A. W. Duckworth, custodian, and claimed it was without proper form and in violation of the soldier preference law. He secured judgment for the salary he lost while out of service. This was settled by Duckworth today and the case closed satisfactorily to all.

DEATH RECORD

Mrs. C. A. Murch.—(Special Telegram.)—Mrs. C. A. Murch, widow of the late Clarence A. Murch of the Normal faculty and well known in educational circles throughout the state, died suddenly this morning of apoplexy of the stomach. Mrs. Murch had been home but a few weeks, having just recently completed a school year at Central City as head of the art and drawing departments of the city schools. Mrs. Murch had lived here since 1899, being connected with her husband in business schools conducted by him in this city until the opening of the normal.

Conference of Demo Senators Called on Anti-Trust Motion

WASHINGTON, July 1.—A conference of democratic senators for tomorrow was called tonight by Majority Leader Kern to act on a resolution announcing to the country that congress will stay in Washington until it has disposed of anti-trust legislation.

The conference will begin tomorrow at 4 o'clock and although leaders are not certain what may develop, they expect the resolution announcing it to be the sense of the party in the senate to put through trust legislation before adjournment to be adopted without prolonged discussion. Its adoption will bind democratic senators.
