REAL ESTATE
FARM & RANCH LANDS FOR SALE

Nebraska.

Come to Dawes Co. The Garden Beyond the Sand Hills

Why do you wait, Mr. Land-Seeker?

Why do you figure on this country and on that country and some other country and allow this man and that man and some other man to job you around, here and there, when there is ONLY ONE real, advisable place for you to locate, and that is at CRAWFORD, DAWES COUNTY, NEBRASKA—"The Land of Independence"—"The Garden Beyond the Sand Hills."

You must certainly be familiar with the fact that I have excellent soil here; nice streams of the purest of water; inexhaustible wells; the best of alfalfa, potatoes; small grains of all kinds, and, anything that you or anyone else would care to raise. No better country in the world for cattle and horses than right here in Dawes County. * * * Now, why do you procrastinate and spend your money traipsing around viewing other unproductive sections, when such a garden spot as this awaits your coming? What more do you want than from 3 to 5 tons of alfalfa to the acre; from 100 to 250 bushels of potatoes to the acre; from 20 to 40 bushels of wheat to the acre; from 35 to 80 bushels of oats to the acre? We yield that, and yet land here has been held back from a boom and kept down within the price that a man of medium means can afford to pay. You cannot find a section where they have better railroad facilities, better climate, better schools, churches and society, than we have right here at CRAWFORD, DAWES COUNTY, NEBRASKA.

The following are just a few samples of the bargains I have:

160 A.—8½ miles out Crawford, more than half of it excellent farm land, balance good bottoms, but rough along edge, Pierre clay soil, per A.....$12.00

327 acres 5½ miles out of Crawford; 80 A. under plow and into crops; 15 A. alfalfa; all fenced and cross fenced, some timber; 300 acres can be farmed; good Pierre clay soil; good wells, windmill and tank. Per A.....$21.00

720 A.—3½ miles out Crawford. First water right on White River—a world of water; 245 A. under free irrigation; 250 A. more can be irrigated from the service ditch; 140 A. fine alfalfa; 200 A. more under cultivation and into crops. Place all fenced and cross fenced; one 6-roomed house, one 4-roomed house, two frame barns with hay mows, 200 running feet of cattle sheds, several large board corrals, good well and windmill with water piped to house, barns and corrals. White River, a small, never-failing stream, runs through the place for more than a mile, and along the stream is excellent timber and a beautiful feeding park for stock. More than 600 A. of this place can be farmed, while the balance is creek, blue grass pasture and timber. Railroad loading station and school house right on the place. You can load all hay and grain without hauling it off the place. There is not a better place than this in the state of Nebraska. For quick sale, per A.....$46.00

From $8,000 to $10,000, first payment, will handle this place.

800 A.—3 miles out Glen, improved, ready to move into, rough but excellent stock land, heavily grassed and timbered, running water and wells and windmills; place is all fenced and cross-fenced; it is an excellent stock ranch. Per A. only.....$9.50

880 A.—2 miles out of Glen; all improved, ready to move into; more than 100 A. under cultivation, 250 acres can be farmed; running water timber, excellent grass, and everything complete for a first-class grain and stock ranch. Per A only.....$15.00

1,440 A.—15 miles out of Marsland, all heavily grassed; hundreds of acres of good farm land; little improvement, but all fenced and cross-fenced; good well, windmill and tank; excellent stock ranch. Per A. only.....$8.50

107 A.—Joining town site of Marsland; nearly all can be farmed; excellent pasture land; only a couple of blocks from loading track. Per A. only.....$46.00

240 acres 4 miles out Marsland, 90 A. under cultivation, 175 A. can be farmed, all fenced, excellent sandy loam soil. Per A. only.....$20

160 A. 5½ miles out Whitney, 10 miles Crawford; good three-roomed frame house, small barn; all fenced and cross-fenced; good well and windmill; excellent opportunity for a man who wants to move right on this fall. Per A. only.....$30.00

640 A. 12 miles out Crawford; 2 miles from railroad loading station. About 90 A. under cultivation; 40 acres of fine farm land; 4 roomed house, good well and windmill and tank and about 2 miles of fencing. This is an excellent section. Per A. only.....$14.00

313 A. joining the townsite of Crawford. Large 8-roomed frame house; barns, sheds and corrals. Nice lake of water and used to supply the city with ice. Nice creek runs through the place. 30 A. of fine alfalfa under irrigation with free irrigation right going with the place. 116 A. under cultivation. Nearly 300 acres can be cultivated. Part of this place will be in demand for city lots within the next couple of years. The house on this place is in a beautiful location, overlooking the city of Crawford. Per A., $45.00

1,320 A. 11 miles East Harrison, 13 miles due west of Crawford. Place is all improved, good frame house, barns, sheds and corrals. All fenced and cross-fenced into several different fields. More than 300 A. under cultivation. 70 acres alfalfa; 60 acres Brome grass. With the place there goes 85 head of cattle, 50 head of horses, full and complete line of machinery, blacksmith outfit, wagons, buggies, harness and tools and implements of all kinds. You can get this place and immediate possession with a $16,000 first payment and you can have from 5 to 10 years on the balance. Where can you beat this, at only.....$30,000?

1,120 A. 12 miles out from Crawford, 8 miles from Ft. Robinson. About 200 A. under cultivation; good frame house; large 2-story frame barn, 60 by 80 feet; all kinds of sheds, corrals, etc. This place is all fenced and cross-fenced, has plenty of timber and good wells of fine water. That part that is not farm land is heavily grassed with buffalo, wheat and gramma grass. With the place there goes 10 head of brood mares and 10 head good milch cows and a full and complete line of machinery for the working of the place. Immediate possession can be given if desired by party buying the 170 A. of crops now in on the place or making arrangements for its harvesting. $7,500, first payment, will handle this. Price of everything complete as above described, only.....$17,000

The above are only a few of my different offerings. I have anything you want, any size and at almost any price. ***Now, don't throw this down thinking you will look it up again in two or three days or a week. This ad will not appear again. Clip this out and put it in your hat, then get busy at once; raise enough money with which to make a closing payment, have your wife get ready and both of you come right up here. It won't do any good for you to come alone and then have to go back and talk it over with your wife—these delays are just what causes a man to lose the best things in life. If you have got an offer on your land, accept it before you come so that you will know just what you can do. The place you look at today would undoubtedly be sold to someone else before you would get back home to raise the money with which to buy. Arrange with your banker so you can use from $500 to $1,000 with which to close a deal on the place you like—if you don't see the place you like, then don't buy. After seeing that I am all right and that my country is all right, then don't be silly enough to go back home without buying.

If you don't see anything in the above list and you are really interested, write me for one of my catalogues of Western Homes. I will gladly send you one, but it would be better for you to come at once for you would see the land itself in reality and you would get in on my bargain prices that you would not get in on if you waited a few weeks.

Sincerely yours,

Arah L. Hungerford

GRAIN AND PRODUCE MARKET

Rains in Wheat Belt Prove Help to Market in Price Gains.

CORN IS QUITE UNSETTLED

Yellow Cereal Shows Irregularity and Weather Reports Show Influence in Increased Offerings.

OMAHA, July 2, 1914.

Rains in the winter wheat belt are likely to delay threshing and movement of wheat for a few days at least. This fact was the principal help to the market yesterday, when there were fractional price gains, and this, too, against free offerings from the opening to the close of the session.

Liverpool was 5@6½d higher for futures, which fully demonstrates the claim made that it is suicidal for the producers of wheat in the United States to follow the market downward and dispose of their surplus at prices unnecessarily low. The strength displayed at Chicago on Tuesday attracted world-wide attention, as this market is head and shoulders above the others.

Cash wheat was sold at Chicago to the extent of possibly 500,000 bushels for export yesterday. The milling demand was quite small, the total being around 50,000 bushels. Vesse; room was chartered for a round lot of wheat that will go out by water from this market. Exporters continued to take hold freely, as they have been assured there will be no trouble in moving the wheat out of here before the close of navigation.

Corn was irregular and unsettled yesterday. Favorable weather in the belt where there were good rains caused increased offers in the pit and the supply on sale was but poorly absorbed. Resting spots for the day were ½@⅝c lower for nearby futures, while the deferred months were ½c better. The new style of inspection of corn had more to do with the unsettled feeling in the pit, as it was a difficult matter for buyers and sellers to arrive at any understanding.

Oats showed losses of ½@⅝c yesterday. The oats yield of Oklahoma is officially placed at thirty-four bushels, with twenty-five one year ago. Advices from Nebraska say that the crop of this state is ten days earlier than usual, and that it will be one of the largest ever raised.

The feature of the provision market was the continued buying of July pork by brokers who were representing belated shorts. The selling was almost wholly by profit-taking longs. Lard and ribs were fractionally lower. The stock of hog products as compiled by Registrar Boore of the Board of Trade was construed by provision specialists as bearish.

Cash wheat was unchanged.
Cash corn was unchanged to ½c higher.
Cash oats were unchanged to ½c lower.
Clearances: Wheat and flour equal to 356,000 bu., corn, 17,000 bu. and oats, 15,000 bu.

Liverpool closed with wheat ½@⅝d higher and corn ⅝d higher.

Primary wheat receipts were 596,000 bu. and shipments of 396,000 by., against receipts of 572,000 bu. and shipments of 341,000 bu. last year.

Primary corn receipts were 473,000 bu. and shipments of 266,000 bu., against receipts of 577,000 bu. and shipments of 424,000 bu. last year.

Primary oats receipts were 554,000 bu. and shipments of 574,000 bu., against receipts of 869,000 bu. and shipments of 634,000 bu. last year.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, July 2.—Assertions that black rust had been discovered at Wilmot, N. D., formed the chief cause of a decided advance today in the price of wheat. The market closed firm, 1 1¼ to 1¾c net higher. Corn finished unchanged; oats up, ¼ to ⅝c, and provisions with a gain of 5 to 20c.

Heavy acceptances on bids from here to the country gave the wheat market some reaction, but, however, failed to last. The weather southwest, causing delay to threshing, acted as an offset. In addition it was said northwestern millers had acertained that the new winter wheat was remarkably deficient in glutten.

Corn grading under the new system was more of a success today, and the improved facility with which receipts were handled brought about a good deal of selling. Showers in the Ohio valley and elsewhere tended also to encourage the bears, but unfavorable reports from Argentina, and the castings of wheat helped to rally the market. Rust in Iowa, Nebraska, South Dakota and Minnesota was largely responsible for the oats bulge.

Provisions ascended with hogs, and because of better cash demand. Stocks of cut meats at the five leading western points were shown to be fifty million pounds less than the total a year ago.
