

NO BAD SPOTS IN THE STATE

General Manager Holdrege Says Entire Nebraska is Superb.

CORN IS BEGINNING TO TASSEL

Wheat is Moving Slowly Because So Many of the Farmers Are Not in Need of the Money They Would Get.

In from a daylight trip over the company lines in the south half of Nebraska, General Manager Holdrege of the Burlington returns home very optimistic. He asserts that all through the southern portion of the state the small grain is cut and in many fields the farmers are threshing the wheat yielding anywhere from twenty-five to forty bushels per acre and all of an excellent quality. Adding, Mr. Holdrege says: "There are no poor spots of any large area in Nebraska this year. I have never seen a time when the crops were so generally good. Corn is making rapid growth and a large portion of it is in tassel. Everything indicates that this cereal is going to yield abundantly."

The wheat has not begun to move to market with the rapidity that railroad men had anticipated and at this time they are of the opinion that there is a tendency upon the part of many farmers to hold for higher prices, the majority of them being abundantly able to do so this year.

The fact of farmers holding off in the shipment of their wheat is helping to solve the possible car shortage. In Kansas, where there was a complete failure of the corn crop last year, many of the farmers have been a little cramped for ready money for several months. Consequently, instead of moving, they have been selling wheat in large quantities for the last two weeks. This has taken a large number of cars south and there it is contended there is no possibility of a congestion.

With the Kansas and Oklahoma wheat moved, railroad men are of the opinion that by the time farmers in this state commence to sell their wheat, the cars will be back and into this territory and that there will be enough of them to easily handle the grain.

Railroad Officials Pay Attention to Sporting Editor

Just why they are doing it they do not know, but the officials of both the Union Pacific and the Northwestern are laying themselves out to do honors to Portus Baxter, sporting editor of the Post-Intelligencer of Seattle, when he goes east. He will be in Omaha, coming over the Union Pacific and arriving at 11 o'clock Sunday morning. From here to Chicago he will go over the Northwestern.

From the offices of the general passenger agents of both the Union Pacific and the Northwestern an order that heretofore has been applied only when ambassadors, lords and ladies of distinction travel has been applied. Agents along the line and officials at terminal points have been instructed to have Baxter met, shown every possible attention and rendered assistance in changing cars and making his transfers.

Sporting Editor Baxter is traveling in state—that is, he is going to occupy a state room and be accompanied by his wife and a brother on his little jaunt across the continent.

Vice President of Otis Elevator Co. Heads Omaha Office

The Omaha office of the Otis Elevator company has been made headquarters for the sales and auditing forces for nine states. R. G. Gardner, vice president of the company, has come to Omaha to take charge himself. Thirty skilled draftsmen will be brought here to do the work on orders and estimates. The branch office now located here at Twelfth and Harney streets has been caring for the business of Nebraska only.

Under the new arrangements the Omaha office is to become headquarters for Nebraska, Minnesota, Iowa, North and South Dakota, Kansas, Wyoming, Montana and Colorado. The Otis company has been doing a big business in Omaha and the state. The elevators are designed and then made to order. They are shipped here in pieces and are assembled at the building in which they are to be installed.

Veterans Will Go to Detroit in August

The movement of Grand Army veterans to the annual national encampment at Detroit, Mich., will occur out of Nebraska August 20. That is the date on which they will all pass through Omaha. The encampment begins August 31 and continues until September 5, inclusive. The Nebraska headquarters in Detroit will be at the Hotel Cadillac.

This year the Grand Army men will not have a special train out of Nebraska, it being figured that not enough of them will attend to make the running of such equipment necessary. The Rock Island will carry the deputy commander, his staff and the department officers. The Union Pacific-Northwestern will be the official line for the veterans of the country north of the Platte and the Burlington for those south. Over these roads they will all go to Chicago, where there will be enough of them for a special train that will go to Detroit over the Wabash.

GOOD ROADS BOOSTERS ARE VISITING IN OMAHA

H. L. Sharp, secretary of the Commercial club of Atchison Kan., and C. D. Brenner of that city are in Omaha doing some missionary work for the good roads meeting, which is to be held at Falls City, July 22. They have been stopping at all the towns along the way, boosting for the meeting which is for the purpose of doing everything possible for a scenic automobile route between Omaha and Atchison. They report plenty of enthusiasm and say that indications are that the meeting will be largely attended.

TITLE MEN TO BE GUESTS OF SAMSON ON AUGUST 31

The National Association of Title Men is to be entertained at Ak-Sar-Ben Den on Monday night, August 31. The title men are to open a national convention in Omaha on that date. They are to be in session three days. Samson will invite them to the Den and will see that the entire crowd is escorted to the famous haunt of the king on the stated evening.

One of the Ten I. W. W. Agitators on Trial

The above is a photograph of Rebecca Edelson, one of the ten surviving defendants in the free speech disorders in Tarrytown, N. Y., whose trials were postponed July 6 until July 20. Justus Sheffield, their counsel, requested the adjournment because of the absence of witnesses who were either sick or dead. The dead witnesses are Arthur Caron and Charles Berg, who were blown up and killed in the New York bomb explosion July 4.

REBECCA EDELSON. The above is a photograph of Rebecca Edelson, one of the ten surviving defendants in the free speech disorders in Tarrytown, N. Y., whose trials were postponed July 6 until July 20. Justus Sheffield, their counsel, requested the adjournment because of the absence of witnesses who were either sick or dead. The dead witnesses are Arthur Caron and Charles Berg, who were blown up and killed in the New York bomb explosion July 4.

BANK STEEL IS NEARLY UP

Framework for U. S. National Bank Completed in Few Days.

LAYING THE FLOORS NOW

Concrete is Being Poured and Work Will Go Rapidly Forward—Omaha Constructors Are Making Good.

The steel work on the United States National building is now practically completed. The Omaha Steel Construction company which has been doing the work, expects to move its machinery in a day or two. A little riveting yet remains to be done. This steel contract was one of the subcontracts let by James Stewart of St. Louis, general contractor, to the local company. It will be finished well within the time limit set by the contract.

The work of laying the concrete floors is already in progress by the Stewart company. One floor is already concrete and the others will be completed at once. In ten days, it is said, the concreting work will be completed.

Part of the steel work gang of the Omaha Steel Construction company, now just finishing the steel work, is to start soon for Sioux City, where the company has contracted to build a viaduct three blocks long.

Another gang from the same company is just completing the steel construction work of the Nicholas street viaduct. In two weeks it is estimated the viaduct will be ready for use.

Burlington Suing for Demurrage on Side-Tracked Cars

In federal court the Burlington has commenced bringing suit against shippers who have failed to pay demurrage on cars in which commodities have been shipped. It is understood that these two suits have been instituted to test the validity of the rules adopted by the railroads and approved by the Interstate Commerce commission.

One of the suits brought by the Burlington is against the Lyman Sand company of Ashland, Neb., and the M. Maken Sons company, a building material company of Iowa. In this case the claim amounts to \$1.35 and covers a number of shipments extending over a period of a year or more. The other suit is against the National Refining company of Omaha and covers nineteen shipments made to Nebraska points since 1907. In this suit the demurrage amounts to \$130.

OLD BOILERS AT CITY HALL TO BE EXAMINED

Commissioner C. H. Withnell has been instructed by the city commission to name two disinterested men to examine the boiler plant at the city hall and give an opinion as to whether it is feasible to repair the plant. If the plan to repair the old boiler is not feasible Commissioner Withnell will ask for bids to heat the city hall with heat from an adjacent building.

Cure of Indigestion.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers.

HARVESTERS HOLD UP TRAIN

Two Hundred Men Stop Northwest-Freight to Reach Fields.

POLICE DISPERSE THE GANG

No Arrests Made, However, and the Workers Are Advised to Get Out to Jobs in a Less Conspicuous Way.

About 200 moneyless men held up a Northwestern freight train yesterday at Fourteenth and Locust streets in an effort to get a ride out to the harvest fields. They were from all over the United States and had been attracted to Omaha as the center of the harvest region and a point from which they could work out to jobs. A squad of police was sent to the scene in response to a call from Northwestern headquarters, and when they arrived they found the trainmen holding off the gang at the point of guns.

The men were finally escorted off of the railroad right-of-way and the train proceeded. No arrests were made and the workers were advised to scatter and get out to the country in a less conspicuous way.

Republicans in Race for Governorship to Speak at Florence

Three republican candidates for governor of Nebraska, Ross L. Hammond, John O. Yeiser, and J. H. Kemp, are to be speakers at a big picnic to be given at Florence by the Douglas county republican league August 8. The league has just decided upon the picnic, and the candidates were invited to attend and speak. This will give the candidates a chance to indulge in a three-cornered debate for supremacy or a chance to toss one another beautiful nosegays, just as spirit moves them.

ELK TRAINS ARE NOW ENROUTE TO DENVER

While a goodly number of Elks will pass through Omaha during the next three or four days enroute to the annual convales at Denver, the railroad officials are somewhat disappointed. There will not be anything like as many as was anticipated. The number of special trains

BABY'S HEAD IN WATERY PIMPLES

Top Almost Solid Eruption. Pimples in Patches. Would Inflammation and Fester. Hair Fell Out in Bunches. Used Cuticura Soap and Ointment. Head Well.

R. R. No. 1, Kytes, Ohio: "My baby's head when about a year old began to break out with small watery pimples causing her head to itch. She would scratch her head till the blood came causing the top of her head to be in almost a solid eruption. The pimples at first were nearly as large as a pea and in patches which would inflame and fester and when they would come open would leave a kind of wet scales there for a few days. When it dried up it would leave scales on her head that caused her hair to fall out just in great bunches."

"Her head was this way for nearly a month and I had washed her head with different kinds of soap and used different salves but to no success. One day I happened to see Cuticura Soap and also Cuticura Ointment advertised in a paper and I ordered a sample of each. They seemed to help her head so much that I purchased a cake of Cuticura Soap and a box of Cuticura Ointment and in two weeks' time her head was sound and well. Her hair had stopped falling out and was also free from dandruff." (Signed) Mrs. J. L. West, Feb. 20, 1914.

Samples Free by Mail

Although Cuticura Soap (25c) and Cuticura Ointment (50c) are sold by druggists and dealers throughout the world, a sample of each with 20-p. skin Book will be sent free upon request. Address post-card: "Cuticura, Dept. T, Boston."

Encouraging reports of the settlement work initiated at the Oak Street church were received at a meeting of the Methodist Deaconess Aid society. Miss Ethel Glendon, in superintendent of the work, which was begun about one month ago. Miss Glendon reported a total attendance of seventy-two at the three Saturday sewing classes which have been held. There are five classes, besides a dress-making class, which meets Friday afternoon from 2:30 to 4:30.

Oak Street Church Settlement Workers Much Encouraged

Those who have volunteered their services as teachers are: Mrs. Charles Pinkney, Mrs. F. B. Bryant, Miss Blanche Young, Miss Vera Fisk, Miss Frances Underwood and Miss Margaret Bradley. Several contributions for the work have been received, but some of the present needs are: One bolt of toweling, six folding tables, thread, books and magazines.

is nothing near as great as in past years, and railroad men say the cause of the prospective attendance is in a measure due to the fact that they are laying off and will go to San Francisco next year, where the convales probably will be held. So far the indications are that there will be but six special trains here. One of these will be from this city, carrying the Omaha Elks. The first of the Elks to arrive will be those from Pittsburgh and West Virginia. They will arrive over the Rock Island at 8:30 Friday morning and will remain here until 1:40 in the afternoon. Saturday noon a train over the Northwestern will bring in the Pennsylvania Elks, and later in the day another train will bring the delegations from Cincinnati, Ohio and Kentucky. They will go out at 6 o'clock over the Union Pacific. Sunday the Rochester and central New York Elks will arrive over the Northwestern and will be here but a few minutes. Sunday night the Michigan delegations, occupying a Northwestern-Union Pacific train, will arrive, but will not make any stop.

A Tremendous Clearing of Men's Clothing

Your unrestricted choice of our entire immense stock of Hart, Schaffner & Marx and other high grade suits. Nearly 2,000 of Them—Choice \$13.50

Suits that sold at \$18.00, Suits that sold at \$20.00, Suits that sold at \$22.50, Suits that sold at \$25.00. All the Blue Suits, All the Black Suits, Included in this Sale. HAYDEN'S All the Business Suits, All the Dress Suits, Every Garment Included.
