

THREE CHARGED WITH DISCLOSING SECRETS OF ARMY

Editor, Aviator and Photographer in Trouble Because of Magazine Article. WAR DEPARTMENT GETS BUSTY Views of Canal Zone and Presidio Fortifications Produced in "Sunset." ARE TAKEN FROM AN AIRSHIP Penalty of Disclosures Abroad Ten Years or Ten Thousand Fine. NOT SO GREAT IF IN U. S. As Soon as Copy of Periodical Brought to Attention of War Department It Asks Investigation.

SAN FRANCISCO, Cal., July 10.—Warrants for the arrest of Charles K. Field, editor of the Sunset Magazine and former president of the Bohemian club; Robert J. Fowler, an aviator; Riley A. Scott, a writer, and Ray S. Dupen, a photographer, were issued today at the request of John W. Preston, United States attorney here. The charge against all three is the disclosure of military secrets and the penalty is ten years' imprisonment or a \$10,000 fine for each disclosure if made abroad and one year or a \$1,000 fine if made in the United States.

Mr. Field's defense today was that the photographs showed no actual fortifications nor artillery, but only the emplacement for a gun and the preliminary work for a fort. To this Mr. Preston replied: "I think the case has merit. It has always been an army regulation with the force of law forbidding the taking of photographs or views of the permanent works of defense, whether in course of construction or completed."

Attempt to Burn Ord Postoffice

ORD, Neb., July 10.—(Special.)—At a late hour last night a futile attempt was apparently made to burn the Ord postoffice. John Ward, Tom Wright and Roy Colson were in a photograph gallery across the street from the postoffice when their attention was attracted by a fire in the doorway. They ran over and extinguished the flames before any damage was done. They found a pint flask that had been filled with kerosene and a patented cigar lighter on the floor of the office, and near the wood panel through which there are openings for depositing of mail from the outside. It seems probable to James Milford, who owns the building, that the attempt had been made to drop the opened bottle of oil into the mail box and then ignite it with the lighter, but the bottle was too thick for the opening, so the flame was started outside. The postoffice is in the brick building that is a part of the big Milford store, a frame structure.

House Passes Salem Aid Bill

WASHINGTON, July 10.—The house today voted, 18 to 66, to pass the senate amendment to the sundry civil bill appropriating \$300,000 to help the Salem fire sufferers.

SEES PLOT TO ANNEX MEXICO

Moheno Says T. R. and Wilson Both In on Scheme. WILL SHOW UP THE PRESIDENT

Former Minister of Commerce and Labor Virulently Criticizes Policy of U. S. Toward His Country. VERA CRUZ, July 10.—Querido Moheno, former minister of commerce and labor, before departing today on board the Espirame for Cuba and the United States, virulently criticized the policy of the United States toward Mexico. As he sat in the forward salon of the French liner, Senor Moheno looked through a port hole toward the American flag floating over Vera Cruz and shook his fist in rage. He insisted that he was in a position to produce proofs that there existed a "secret platform" of the progressive party in the United States of which Colonel Roosevelt was cognizant and in which he concurred, looking to the ruination of Mexico and the acquisition of territory between the Rio Grande and Panama.

Says Escudero Has Letters. He said that Francisco Escudero, who was minister of foreign relations in Venustiano Carranza's cabinet, has letters which to him are conclusive evidence of his allegations, and declared he hoped to be able to produce these letters at the proper time. "And not only were the leaders of the progressive party pledged to this policy," he added, "but politicians of both the republican and democratic parties had promised their secret support. That President Wilson himself had subscribed to this insidious conspiracy is evidenced by his attitude toward Mexico. Not a single American in all the 100,000,000 population of the United States can give a satisfactory answer as to why those troops are there on shore in Vera Cruz."

Will Show Up Wilson. "To show up President Wilson's crime against Mexico, the greatest in the history of modern nations," is the announced object of Senor Moheno's trip to the United States. He arrived this morning on the Espirame from Puerto Mexico, and said he would not go ashore during the liner's stay, as Vera Cruz was to him a disagreeable spectacle under the existing conditions. Senor Moheno also announced that he would publish a book explaining his connection with Mexican political affairs since the "tragic ten days" and also deliver lectures by these methods and through interviews in the newspapers, he said, he hoped to convince the American people of the enormity of the "crime committed not only by President Wilson, but by all the political factors in the United States, regardless of party."

Neither did Senor Moheno have any hope except of the slightest nature that the overthrow of General Huerta by the constitutionalists would be followed by peace.

Since he left the Mexican capital, Senor Moheno appears to have become frank in his admiration of Emiliano Zapata, the southern revolutionary leader. He told newspaper correspondents that Zapata was a much misunderstood man. He declared Zapata to be a simple inductor of high ideals and patriotic impulses, although his methods were somewhat barbarous. Zapata would never yield, he asserted, to any government unless that government agreed fully to his demands for the surrender of the lands of Morelos to him and his followers.

He added that he had no doubt the victory of the northern revolutionaries would be succeeded almost immediately not only by a continuation of the Zapata revolt, but by other revolts, headed by disappointed sub-chiefs of Carranza, himself. In his denunciations of President Wilson, Senor Moheno resorted to much sarcasm, characterizing him as "the Puritan president."

Moheno frankly admitted belief that armed intervention in Mexico finally would come. He promised to reveal on his arrival in New York the exact method of the killing of the late President Madero and Vice President Suarez. "I will say now that I am confident General Huerta had nothing to do with the assassination of these men," he continued. "It was a political blunder and it was inevitable that it should result in a revolution which all thinking Mexicans now concede to have practically triumphed."

After the revolution he would return to Mexico whether peace was restored or not, he said, and would again play his part in the effort to restore normal conditions. He would not admit that he proposed working for the presidency of Mexico, but other Mexicans on board the Espirame told friends there was no doubt that if the opportunity arose, Querido Moheno would announce himself as a candidate.

NEW YORK, July 10.—John D. Rockefeller has reversed his reply to a school teacher who asked him how to accumulate a fortune. His answer was: "Save your pennies." Yesterday Mr. Rockefeller while walking around his estate at Pocantico Hills came upon several children of his employees. To each child he gave a cent and said: "There is a penny to spend and a nickel to save."

When a friend asked him why he changed his wealth accumulating advice, Mr. Rockefeller said: "Oh, well, you know children have to have candy now and then." Four Drowned at Brantford, Ont. BEAUFORT, Ont., July 10.—In a boating accident on the Grand river last night Thomas Garnet, a wealthy farmer, his two children and a maid lost their lives. The other occupant of the boat, a farm hand, swam to the shore and gave the alarm, but the boat and its occupants had disappeared when aid arrived. The two children drowned were 19 and 8 years old.

EDWARD CARSON GIVEN FREE HAND

Ulster Leader Now Has Authority to Order Orange Volunteers Into Action. MEN ARE IN SHAPE FOR FRAY

They Are Declared Ready for Mobilization at Moment's Notice. HE MAKES A DEFIANT SPEECH

Time for Loyalists to Translate Words Into Deeds. NO PEACE WITH SURRENDER

Arrival of Members of Volunteer Force Cablegrams Call Them Back to Province. BELFAST, July 10.—The "provisional government" formed by the Ulster Unionists at its first meeting today, gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms. The men were declared ready for mobilization at a moment's notice.

Sir Edward in a speech declared that the time had come for the loyalists of the Ulster Unionists to take action. He said something must be done to compel the British government to make up its mind. Ulster, he concluded, was anxious for peace, but was not going to accept peace with surrender.

Wired to Return. LONDON, July 10.—A special dispatch from Cairo, Egypt, says the Anglo-Egyptian members of the Ulster volunteers have received cablegrams calling them back to Ulster.

Americans Who Moved to Canada Are Coming Back

WASHINGTON, July 10.—Secretary Wilson of the Department of Labor in a report he is receiving which indicates that a number of American citizens emigrating to Canada is decreasing. For several years the tide of emigration across the Northern borders of the United States grew to such proportions as to cause anxiety to government officials and others. During 1912, 97,881 American citizens went to Canada while the number returning from that country to the United States was only 38,317. When he became secretary of labor, Mr. Wilson ordered that departmental bulletins giving facts as to the products, resources and physical characteristics of all the states be sent to American residents of Canada. In response many inquiries for more specific information began to come in.

For the eleven months ending May 31, 1914, it is stated at the department 68,336 citizens of this country have returned to the dominion while 41,127 Americans returned to the United States.

A gratifying feature of the return movement to Mr. Wilson is that large numbers of those coming back are seeking information from the department as to the location of land on which they may settle.

Canada Chief of Police Thrown from American Vessel

ST. CATHERINE'S, Ont., July 10.—A Canada chief of police was thrown, he alleges, from the steamer Cadillac, an American vessel, to a canal bank today when he boarded the ship to serve a summons on Captain Sullivan. Sullivan contended that no British peace officer had the right to board an American vessel, and, according to the complainant, ordered two of his officers and the crew to deposit the chief of police on the bank. Captain Sullivan was later arrested by two police officers from Port Dalhousie and held in \$4,000 bail.

The National Capital

Friday, July 10, 1914. The Senate. Not in session; recess Monday. Judiciary and interstate commerce committee continued work on the trust problem. Military committee approved Senator Sheppard's bill to appropriate \$25,000 for survey for a military highway 60 miles long over the Rio Grande. The house resolution to return to Louisiana its original ordinance of secession, now in the War department, was approved also by the military committee. The House. Met at noon. Disputed amendments in the Indian appropriation bill were debated. The general deficiency bill to appropriate \$4,885,464 was reported. Agreed to senate's appropriation of \$20,000 for Salem fire sufferers. Considered an omnibus private pension bill. Adjourned at 5:25 p. m. until noon Saturday.

ARMED BANDITS BLOW SAFE

Express Car on Katy Train Robbed Near Matson, Mo. AMOUNT OF BOOTY NOT KNOWN

Stolen Packages Were Consigned to Texas and Intermediate Points—Posses Trying to Trace the Bandits. ST. LOUIS, Mo., July 10.—The two masked bandits who held up the west-bound "Katy Flyer" on the Missouri, Kansas & Texas railroad, near Matson, Mo., sixty miles northwest of St. Louis, last night captured a track walker who surprised them as they were robbing the train and took him away with them to prevent him spying on their departure.

The train, which left St. Louis at 8:22 last night for Texas, stopped at Matson, Mo., on the north bank of the Missouri river at 10:15. There the bandits are supposed to have boarded the train. After the train had gone a short distance from Matson John Snadley, the engineer, heard a noise behind him, and, turning, looked down the barrels of two revolvers.

"He told me to stop the train," said the engineer, "and I stopped. Then they told the fireman to run back and uncouple the train between the last express car and the first passenger car." Safe Blown Open. The fireman did as he was told, and the bandits forced the engineer to run the engine and express cars to a point (Continued on Page Two.)

REED WINS FROM PETERS

Country Club Lad is Downed by Happy Hollow Youth. FOYE IS ALSO OUT OF RUNNING

Veteran of the Greens Defeated by the Happy Hollow Youth—Reynolds and Hughes Win Their Matches. The semi-finals, as well as the finals of the Nebraska golf championship lie between the Happy Hollow club and the Field club, both Country club players being defeated yesterday in the third round of the championship flight, by Happy Hollow club golfers, Kenneth Reed and Harold Johnson, while the entire lower bracket is composed of four Field club players, Hughes winning from Hale in twenty holes, and Reynolds defeating Downs.

Real surprises came thick and fast at the Happy Hollow club yesterday when the two young players of the Happy Hollow club made a remarkable showing against older and more experienced golfers of the Country club in the third round of the championship in the Nebraska state golf tournament.

W. J. Foye, veteran of a score of tournaments, a frequent finalist and all-round crack player, was defeated by Harold Johnson, the Happy Hollow protege, by the score of 5 up, 4 to play, the Happy Hollow man having the better of the match all the way. Kenneth Reed, champion of the Happy Hollow club, won from Ralph Peters, the Country club crack, 1 up and 12 to play, having the better of the match all the way. Peters was ragged in his iron work, driving into the creek, out onto the street and back over the green at eight, which (Continued on Page Two.)

Sisters Who Shot Brother to Death Held Without Bail

DIXON, Ill., July 10.—Mrs. Emma Hutton and Miss Lillie Byers were held to the grand jury without bail today on a charge of having shot and killed their brother, Emmanuel Byers, yesterday. There had been frequent disagreement between the brother and the sisters, and according to witnesses, the two women went to Byers' hay field yesterday and calling their brother to the roadside, shot him four times.

The court was told that each of the sisters fired shots which struck their brother, but Mrs. Hutton today tried to shield her younger sister, Lillie Byers, and said that she alone did the shooting. It was reported today that the two women had practiced shooting at a mark in their orchard for several days. They were taken to the county jail at Morris. David Byers, their father, is a wealthy land owner.

Fusible Plug that Did Not Fuse Causes Death of Eleven Men

WASHINGTON, July 10.—On a miniature mahogany galleon in the department of Commerce was "blasted" the fusible plug that failed to operate and caused a boiler explosion that killed eleven of the crew of the steamer Jefferson off Cape Henry. Secretary Redfield acted as chief executor at the "hanging" ceremonies, which were held to emphasize the necessity of "safety first."

New steamboat regulations were adopted as the result of the explosion on the Jefferson. PHILADELPHIA, July 10.—Empress, said to have been the largest female elephant in captivity and an inmate of the local zoo for thirty-eight years, died last night. Death was due primarily to the fact that she recently broke a leg while lurching to take a bath. After the accident the big animal was unable to raise her four tons of flesh, and a block and tackle were employed to lift her to a standing position. The skeleton and skin will be sent to the Academy of Natural Sciences to be mounted.

Disappearance of Two Women Still Baffles the Police

ATLANTA, Ga., July 10.—Local postal and police officials, whose aid has been enlisted by Mrs. J. W. Nelms in an effort to unravel the mystery surrounding the disappearance of her two daughters—Mrs. Eloise Dennis and Miss Beatrice Nelms—today admitted the problem still is baffling. Mrs. Nelms stated the note from San Francisco, in which Mrs. Dennis is said to have asserted that she had killed her sister in New Orleans and intended to kill her brother—Marshall Nelms—was typewritten, but bore the written signature, "Eloise Nelms-Dennis." She added that she was convinced her daughter signed it.

A new element of confusion was injected into the case by press dispatches today, which state that Victor Innes, a Nevada lawyer, said to have assisted Mrs. Dennis in obtaining her divorce, was married and had moved to Seattle with his family. Mrs. Nelms, after reading these dispatches, said she and her daughters had believed Innes unmarried and that Mrs. Dennis was engaged to marry him when she left Atlanta.

Local police are endeavoring to trace an express package shipped to Mrs. Beatrice Nelms in care of Mrs. Margaret Mims at San Antonio, Tex.

LARGEST FEMALE ELEPHANT IN CAPTIVITY IS DEAD

PHILADELPHIA, July 10.—Empress, said to have been the largest female elephant in captivity and an inmate of the local zoo for thirty-eight years, died last night. The skeleton and skin will be sent to the Academy of Natural Sciences to be mounted.

Thought Him Murdered

The young wife of Meeker, who was left at Llewellen, Neb., and coming to Omaha, employed detectives to prosecute the search. They were unable to find the young man and the opinion became general that somewhere between Chicago and Grand Island he had stopped off and there had been murdered and robbed of his money, which amounted to a considerable sum. Forty-Six Bushels an Acre

AUBURN, Neb., July 10.—(Special.)—Several farmers have threshed, and as a rule the wheat is turning out good. One farmer reports a yield of forty-six bushels per acre. None reported have average less than twenty-three bushels. Where it is not affected by the fly the yield will be way above the average. Corn is in excellent condition. The fruit crop will be light. Cattle look good, but are affected considerably with smut.

REBS WILL THROW SIXTY THOUSAND MEN AGAINST CITY

Insurgents Make Comprehensive Plan for Campaign Against the Capital of Mexico. WILL MASS ARMIES AT CELAYA

Obregon's Victorious Division at Guadaluajara is Within Six Hours of City. VILLA AGAIN STARTS SOUTH

Part of His Army is Eighteen Hours from Capital. FOUR STRATEGIC POINTS IN WAY

Huerta Army is Expected to Make Its Last Stand at Queretaro, Which is Ninety Miles from Capital. EL PASO, Tex., July 10.—The speedy return of General Villa's army southward from Chihuahua City to resume the campaign against Mexico City was predicted here today, following the receipt of advices from Torreon that the international peace conference was finally ended and a report of its transaction soon would be given to the press.

With Guadaluajara in constitutionalist hands and San Luis Potosi besieged by the revolutionists there remain only two or three points of defense for the federalists between the national capital and the southern edge of the territory controlled by the revolutionists. On the east General Pablo Gonzalez, with an army of 20,000 men, holds dominion from the border to San Luis Potosi, twenty-four hours by rail from Mexico City.

In the center General Villa's division occupies the country from Juarez to Agua Calientes, eighteen hours' travel from the capital city of Mexico. To the west General Obregon has stretched his lines as far as Guadaluajara, second largest city in the republic, and within six hours' ride by railway to the central goal.

Sixty Thousand Men Available. Once San Luis Potosi is captured the three military divisions of the constitutionalist force will converge on Mexico City, according to assertions made in El Paso today by both Carranza and Villa followers. When this combination is affected 60,000 men will be available for the movement against the ultimate goal. It was predicted here that this concentration will take place at Celaya, state of Guanajuato, and eight hours' ride from Mexico City. This is Queretaro, ninety miles from Mexico City and the place where Huerta, according to general belief, intends to make his last stand.

General Obregon has advised General Carranza that his troops in taking Guadaluajara, captured fifteen troop trains and eighty cannons. Obregon stated also that seven machine guns, plenty of rifles and rifle ammunition and two carloads of cannon ammunition were abandoned by the enemy.

Federalists Evacuate Guaymas. SALTILLO, Mexico, July 9 (Via Laredo, Tex., July 10).—Guaymas, one of the most important seaports on the Mexican west coast, was evacuated by federalists today, according to advices to General Carranza. The constitutionalist commander investing Guaymas was authorized to agree to an armistice until the federalists should leave the city by boats, the truce being to save property of noncombatants and unnecessary slaughter. General Carranza has authorized Alvarado to establish a municipal government immediately at Guaymas. It is understood the terms of evacuation announced here in advance yesterday were carried out, by which the American naval vessels in the harbor guaranteed the armistice, with a promise also that after it was over the federal garrison would not bombard the newly established constitutionalist garrison.

A few additional details of the capture of Guadaluajara arrived today. General Obregon reported: "Concerning the disaster which befell (Continued on Page Two.)"

MEEKER FOUND AT SEATTLE

Young Farmer Thought to Have Been Killed is Located. MAY BE WOMAN IN THE CASE

Reported that He Met a Nurse at North Platte and Continued His Western Journey with Her. Howard L. Meeker, the young farmer residing near Llewellen, Neb., who last February mysteriously disappeared between Chicago and Grand Island, has been located, but no effort will be made to bring him back to Nebraska. He is now in Seattle, where he has been for six months.

Meeker, it will be remembered, took a car of horses to Chicago and sold them on the market there. They were from his father's ranch, the father being one of the rich ranchers of Garden county, Nebraska. It was learned that the horses were sold and that the young man visited his mother, who was ill in a Chicago hospital. He left her, telling her that he was going home. That was the last seen of him by friends or relatives. However, later it was learned that he bought a railroad ticket from Chicago to Grand Island.

The young man not arriving home, the father became worried, and coming to Omaha, employed detectives to prosecute the search. They were unable to find the young man and the opinion became general that somewhere between Chicago and Grand Island he had stopped off and there had been murdered and robbed of his money, which amounted to a considerable sum.
