

ELKS VISITING IN OMAHA

Big Delegations Enroute to Denver Stop Here.

ARE BEING ENTERTAINED

Local Elks Meet the Delegations at the Trains—Take Them on Sight-seeing Trips and to the Commercial Club.

The pilgrimage of Elks through the city, enroute to the annual grand lodge meeting at Denver next week, will end today, when the last of the delegations will pass through the city.

Saturday there was a bunch of Elks in the city from western Pennsylvania, West Virginia and Ohio. They arrived over the Northwestern at 11:30 and left for Denver over the Union Pacific at 4:15 in the afternoon. At the Union station they were met by a delegation of Omaha Elks and escorted to the Commercial club rooms, where they were guests of the club. Later they were given an automobile ride and, upon returning, until their departure, were entertained at the Elks' club rooms.

This afternoon, in their own special train, the Omaha Elks will leave for the west, some 150 of them going along. Stops will be made at Fremont, Columbus, Grand Island, Kearney and North Platte, where delegations of Elks will meet the party. Today, also, the Council Bluffs and Iowa Elks will go west. They occupy a special train over the Burlington out of Council Bluffs, leaving at 4 o'clock in the afternoon.

The Chicago Great Western will bring a carload of Elks from southern Minnesota points and at Council Bluffs they will be transferred to the Burlington's Iowa train.

This evening three carloads of Elks from Minneapolis and St. Paul will arrive in Omaha and after a stay of thirty minutes, the cars will be attached to the Burlington's Omaha-Denver train and leave at 11:30 o'clock. Another bunch of 100 Minnesota Elks, traveling on a special train, will arrive at 9:30 o'clock tonight, and fifteen minutes later will leave for Denver over the Burlington.

More Candidates Enter the Ring

Aspirants for office are becoming more numerous with the approach of the last day for filing for the primaries. Only a week now remains.

To run against A. C. Hart, present county commissioner from the Third district, John O. Tourke, one and a half miles west of Florence, has made his filing. He is a democrat. Frank B. Kennard previously had filed for the republican nomination in the same district. C. M. Rich has filed for the republican nomination for county commissioner in the South Omaha district. Other recent filings are:

John Morrissey, democrat, for member of the water board; James F. Callahan and Ed Hanlon, democrats, for police judge of South Omaha; James H. Chadcock, democrat, for state representative; E. Fogel, republican, for justice of the peace, South Omaha.

Pioneer Woman Dies at Local Hospital

Mrs. Sarah J. Haswell-Gaynor, mother of Mrs. R. F. Williams, died of arterio sclerosis at St. Joseph's hospital Friday night. She was one of the pioneer women of Omaha, having come here in 1858. She was the wife of the late Judge Isaac B. Haswell.

Mrs. Williams is the sole surviving relative. Funeral services will be held Sunday afternoon at the Burket undertaking parlors, Twenty-ninth and Leavenworth streets, and interment will be in Forest Lawn cemetery.

Mrs. Williams is the wife of R. F. Williams, member of the Board of Education.

Mary Briggs Wants to Retain Her Home

Mrs. Mary Briggs, who slapped Thomas W. Blackburn's face because he was attorney for the purchaser of her homestead at administrator's sale, was in district court again, seeking to restrain Frank Weber, the purchaser, from ousting her from her property on Wirt street. Mrs. Briggs alleges that Pierce Ryan, the administrator, induced Weber to buy the place, and seeks to retain on the grounds that her homestead right is proof against the claims of creditors of her deceased husband's estate. Judge Estelle took the case under advisement.

HEAVY GRAIN SHIPMENTS ARE EXPECTED MONDAY

Members of the Omaha Grain exchange would not be surprised to see 150 carloads of new wheat on the local market Monday morning. Receipts on "change are exceeding expectations, there being fifty-five cars reported at the opening of the season. With the wheat coming in over Sunday, it is asserted that 150 cars is not a large estimate for the Monday morning market. Most of the wheat grades No. 2 hard, yet there were a few cars that went to No. 3, they having come from the southern portion of the state, where the grain was slightly damaged by the heavy rain of last week.

Omaha May Get an Important Office

Omaha may be selected as the location of one of the important departmental offices of the American Rural Credit association, according to Frank G. Odell of this city, who is a member of the board. New York is to be the headquarters of the association, but Mr. Odell asserts that there is likely to be several branches located, some of which will be of great importance to the cities where located. The question of location will be settled next month and at that time Mr. Odell will be in New York, where he will do some work for Omaha.

HOWELL AS A REPUBLICAN

Water Board Boss to Keep Job During the Campaign.

WILL GIVE REASON FOR SWITCH Had Previously Given Out a Signed Statement to the Effect that He Would Not Be a Candidate.

R. Beecher Howell, general manager of the metropolitan water district of Omaha, who has announced his candidacy for governor, will run on the republican ticket, although he will court the support of the progressive party. He has been, until recently, strongly of the progressive persuasion.

Mr. Howell will hold onto his position with the metropolitan water district while making his campaign for governor. Three weeks ago, when declining to enter the gubernatorial race, Mr. Howell gave out the following signed statement:

"I have felt very much complimented by the suggestion of my name for governor and as much as I should like to serve this state in that honorable capacity, yet I am more strongly inclined to carry on the work of public ownership in this city. As a result, I will not be a candidate at the coming primary, but will devote my energies to the water plant and to a campaign for lower electric rates through the development of a public lighting and power plant under the control of the Metropolitan Water district. Concerning this statement Mr. Howell says now:

"I will prepare a statement giving reasons why I have changed my mind. This statement will be ready Monday."

Several Omaha men called on Mr. Howell and conferred with him regarding his proposed campaign.

"I've not yet decided what kind of a campaign I'll make," said Mr. Howell, "but I'm talking plans over with my friends."

Incubator Baby Case Again in Court

Josephine Knauber, 14 years of age, incubator baby of exposition times, was recalled again in court yesterday when Judge Crawford allowed Administrator John E. Quinn \$2,500 out of the \$13,000 estate of Amanda E. Patrick, who willed some of her property to the girl. Attorneys for Eugene Patrick, husband of the deceased, opposed the allowance and will appeal to district court, they say. They assert that because of the present large allowance, and a former allowance of \$1,000, Josephine, Patrick and other heirs are losing a considerable portion of the estate property.

ECZEMA BURNED SO NEARLY WENT CRAZY

Like Ringworms on Face and Neck. Later Formed White Scales. Spread. Could Not Sleep. Cuticura Soap and Ointment Healed.

"254 Plum St., Youngstown, Ohio:—Eloches like ringworms started to come out all over my face and neck. Later it took the form of white flakes and when I would rub they came off in little white scales. The scales so disfigured me that I was ashamed to go out anywhere. It itched all the time and whenever I perspired or got my face the least bit wet, it would burn until I very nearly went crazy. The more I rubbed or scratched the more it spread and it made me so restless I could not sleep at night. I used one remedy after another, and two or three others that were made at home, but none of them did any good and I was despairing of ever being cured. One day a friend prevailed upon me to get a sample of Cuticura Soap and Ointment. They caused the itching to stop instantly and in a very few days my face and neck began to show a marked improvement. I used three cakes of Cuticura Soap and one box of Cuticura Ointment and my face and neck are completely cured." (Signed) Newton D. W. Chapman, Feb. 27, 1914.

Samples Free by Mail Although Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold by druggists and dealers throughout the world, a sample of each with 32-p. Skin Book will be sent free upon request. Address post-card: "Cuticura, Dept. T, Boston."

Taylor Prepares Rest Rooms for the Indians. How to handle Indian witnesses that come to federal court here three or four times a year and how to separate them from other witnesses and people around the government building has been a problem that has annoyed government officers for a long time. THE FIELDS OF WAVING GRAIN WHISPER PROSPERITY

THERE is good news rustling throughout the country and the thousands upon thousands of acres of waving grain are whispering gently, but persistently, PROSPERITY. It is estimated that this year's crops will be far greater than this or any other country ever harvested in any former year.

Our own Nebraska, which perhaps comes nearest of all states of being "self-supporting" in its products, has a wheat yield of about 80,000,000 bushels.

The corn fields and the sun are getting to work and the ears of corn will soon be swelling and bursting their husk by growth—a yield estimated by the government to be about 98 per cent, or the second largest of any state in the union.

Nor are these the only advance whispering of PROSPERITY. The forty thousand auto enthusiasts and the millions of dollars' worth of automobiles at the races at Sioux City the "Fourth" certainly cannot be made to spell hard times.

Some of the wheels of business have become a little clogged, it is true, and the political questions are at white heat and raising a dust, but we can quicken our pace and get ahead of the dust.

Therefore, let us look on the cheerful side, whistle and work all the harder. By the way—this store's business is like the year's crop—the greatest ever known.
