Will Probably Be Carranza's War Minister

GENERAL FELIPE ANGELES.

EL PASO, July 22.—Villa, as a part of his plan to amalgamate the Carranza forces with his own, has decided upon General Angeles as his candidate for minister of war under Carranza when the latter takes up the reins of government.

His elevation to the chief of the Mexican army—a step toward the presidency—Villa says would be only natural. The choice of Angeles, a polished soldier, with an excellent war record, is to be made on the ground that he is the most available man for the head of the war department.

GOOD ROADS BIG BENEFIT

Z. D. Dunlap of Columbus, O., Tells Local Autoists of Results.

HUGE SAVING EVERY YEAR

Fifty Thousand Miles of Highway Would Bring About Annual Saving to Nation of Three Hundred Millions.

At the Commercial club by previous arrangement, Z. D. Dunlap of Columbus, O., assistant director general of the National Highway association met a number of the members of the Nebraska State Automobile association and the Omaha Automobile club and with them discussed good roads.

Mr. Dunlap's work at this time is traveling about the country, meeting business men, farmers and others and creating a sentiment in favor of good roads to the end, that the federal government may be interested to the extent of taking hold of the project and helping financially. It is also for the purpose of centralizing sentiment in each community visited to the farther end, that citizens may go before the legislatures of the different states and ask for appropriation if necessary and the enactment of laws that will permit of counties voting bonds, the proceeds to be used in the construction of good roads.

His Campaign General.

No transcontinental or other road is being boosted by Mr. Dunlap, his campaign being in the interest of good roads in general. He simply comes from the National Highway association, of which Charles Henry Davis of Massachusetts is president and Coleman DuPont chairman of the board of national councilors.

Talking to the Nebraskans, Mr. Dunlap asserted that the prime movers in the National Highway association have in view the ultimate construction of 50,000 miles of good road in the United States within the next few years serving 65,000,000 people direct and 24,000,000 others indirectly. His contention that this mileage of good roads will connect every state with the national capital, will traverse 330 of the congressional districts of the country, will reach and connect every large and important city.

Will Create Brotherhood.

Good roads, the speaker asserted, would bind the states into one common brotherhood, would foster and develop the country, would add to the national wealth not less than \$20,000,000 annually, increase land values \$20,000,000, would save annually \$20,000,000 on the wear and tear of vehicles, and these 20,000,000 miles of good roads could be built at a cost of less than \$1,000,000,000, saving to the public an annual carrying charge for freight and passengers of exceeding \$200,000,000.

Then, too, asserted Mr. Dunlap, with the good roads built the "see America first" idea could be easily carried out, keeping at home \$20,000,000 annually which now goes abroad.

BEXTON FINED FOR GIVING SHORT WEIGHT ON ICE

W. E. Bexton, an ice man, who supplies numerous persons living at the new Hamilton apartments, Twenty-fourth and Farnam streets, was arraigned in police court on the charge of giving short weights. John Grant Pege, Burgess-Nash Co.—Main Floor.

REQUISITION FOR MAN WANTED AT PIERCE

PIERCE, S. D., July 22.—(Special Telegram.)—Sheriff George W. Goff of

Pierce county, Nebraska, today secured an extradition warrant for John Williams, who is held in jail at Sioux Falls for the Nebraska officers on a larceny charge. Williams broke jail.

Harmony Around Court House Gets Some Lively Jolts

A rift in the harmony that once pervaded the court house is plainly visible in the corridor that runs between the county clerk's office and the register of deeds office, and it is all over certain competition suddenly developed for the republican nominations for these two places. As explained by a court house employe, this is how it has come about: "County Clerk Dewey has been at odds for some time with Ben Stone, the well known fifth ward worker, and Stone has been predicting that Dewey would never have more than one term. He has been openly offering his help to any likely candidate who would go on against Dewey. Ben Stone's father, Frank Stone, holds an appointive job in the register of deeds office, so just ahead of the time limit Dewey gets busy and files D. M. Haverly, his chief office clerk, to run against Bandle, and then notifies Bandle that he will withdraw Haverly on condition that Bandle force Frank Stone to compel his son, Ben Stone, to pull off L. O. Holmberg, whom Dewey rears as his strongest competitor." At last accounts the filings of both Haverly and Holmberg were sticking, and Haverly and Frank Stone both still holding their jobs in Dewey's and Bandle's office, respectively.

CHANGES MADE IN THE "Y" DIRECTORATE MEMBERSHIP

William A. DeBord, an attorney, resigned from the board of directors of the Young Men's Christian association Tuesday, on account of his frequent absence from the city and a press of other business which prevented him from giving the association as much attention as he desired.

G. W. Noble resigned from his place as recording secretary of the board, but will remain as a member. F. H. Garvin was chosen to be recording secretary. A report was submitted to the board meeting by John M. Gilechrist, a certified public accountant, who had audited the books of the association and found them to be properly kept and in good order.

Total receipts of the association for the year ending April 30, were shown to be \$125,922, as against disbursements of \$123,000, making a deficit of \$2,922 for the year. The association's income during the twelve months included donations of over \$6,000 by business men. Its expenditures included an item of over \$5,000 paid as interest on its debt.

NEW FORM OF POSTOFFICE MONEY ORDERS ARRIVE

The new form of postoffice money order has arrived in Omaha, but will not be used until the supply now in vogue is exhausted. Reason for the abolition of the use of red ink and explanation of the new money order regulation are features of the new form.

Under the new regulation which went into effect July 1, money orders may now be cashed at any money order postoffice, instead of only at the offices where they are issued or on which they are drawn, as was formerly the case. Patrons of the money order department are taking advantage of the more liberal regulation, and many traveling men and tourists have also adopted money orders as a convenient and safe method of carrying money since the new rule was promulgated.
