 HOWARD AND SIXTEENTH STREETS

CIVIL SUIT FILED TO DISSOLVE NEW HAVEN COMBINE

(Continued from Page One)
 line of Connecticut to the St. Lawrence river and the Canadian border.
 The New Haven, the bill declares, resorted to many elusive and roundabout methods to cover its tracks in perfecting its combination, it acquired properties, got stock control, impoverished competitors and bought them in, and resorted to many illegal practices to attain its end.
 New England makes the bill says, about \$5,000,000 worth of products annually and there is consequently heavy movement to and from that section, so that a transportation monopoly there is of vast interest to every section of the United States.
 The government alleges that existing conditions have led to unreasonable delay in delivering freight, use of inferior and unsafe rolling stock, the lack of proper signal systems and safety devices, the destruction of the autonomy of the units now combined in making rates, the suppression of competition among these units, the diversion of freight traffic to the New Haven company, an effort to increase freight rates and dilatory and arbitrary methods in dealing with patrons.
Demands of the Government.
 The brief is one of the most comprehensive filed by the government in any similar suit. Today's bill asks that the New Haven be stripped of its ownership in the New England railroad, which parallels its famous shore line from Boston to New York, and that it be made to give up its so-called sound steamship lines, the retention of which was under the agreement to be left to the Interstate Commerce commission. If the court takes the view of the case presented in the bill the New Haven may find itself divested of almost everything but its main line along the Connecticut and Rhode Island coast between New York and Boston, with short projections into the interior of these states.
 No mention is made in the bill of the rights which the state of Massachusetts has in regard to the Boston & Maine company, but it is believed that Massachusetts will ask and receive the government's permission to intervene in the case to preserve those rights.

SUGGESTED AS BULL MOOSE ASSEMBLY CANDIDATE.

MRS. O. H. P. BELMONT.
 NEW YORK, July 23.—Along with the names of former Governors Odell, Dix, White and Sulzer that of Mrs. O. H. P. Belmont is suggested by George Henry Payne as a candidate for the assembly on the bull moose ticket, provided that ticket is headed by Colonel Roosevelt for governor.
 In a lengthy letter to Roosevelt Payne says: "The assembly of this state is a joke. It is a training school for boss floodings. If 100 men were willing to give up—in the spirit of July duty—a portion of their time to the state, the session would not last fifty days, the state would be saved hundreds of thousands of dollars, absurd legislation would be laughed to death at its birth, corruption would become a gargantuan memory and—perhaps, who knows?—we might have that strange and unheard-of thing—a legislative body with an imagination—and an idea."
 would marry his sweetheart if he won the championship. He did so, and was married the next day. Ever since then his wife has been his most ardent supporter.
 In the morning contest the preliminaries were held in calisthenic drills by teams of six men from each city represented, and in all the apparatus work and the 100-yard dash. Finals in the side horse apparatus contest were reached, and the other apparatus finals were completed this afternoon. Running high and broad jumps, ring work, pole vaulting, shot putting and other events were also held in the afternoon.
 Twenty-six judges and numerous scorers, timers and other officials were kept busy all day, and the big meet went off smoothly, with no heat prostrations and only one minor injury, a slight ankle sprain sustained by one of the visiting athletes. Drs. Kial and Louis and Frank Swoboda were on hand, with a hospital tent and full first aid treatment in case of emergency. Mrs. Dr. Staunton will look after the turner girls when they compete Friday.
 Entries in the tournament include the

following first and second division teams, in addition to a number of girls and junior teams:

First Division—New York, 7; Chicago, 7; Baltimore, 6; Cedar Rapids, 7; Long Island, 1; Omaha, 3.
 Second Division—New York, 3; Detroit, 7; Cleveland, 7; Chicago, 8; Oklahoma City, 1; Cedar Rapids, 7; Omaha, 4; South Omaha, 7; Milwaukee, 6; Schuyler, 1; Baltimore, 1; Iowa City, 3; Long Island, 1; St. Paul, 1.
Girls Entertained.
 This afternoon the visiting Turner girls were the guests of the local girls at Carter lake for swimming, boating, a dinner and dancing in the early evening. At 8:30 this evening the singing club of the Omaha Sokol will give an entertainment at Turner hall, followed by a dance.
 One of the features of the tournament will be the swimming contests to be held Friday afternoon, either in the Young Men's Christian association plunge or at Carter lake.
 That the Turner contestants are sturdy and need no special training table or diet is shown by the noonday meals furnished them at Turner hall between the morning and afternoon contests. Their menu today was as follows: Battered veal, cold baked beef, buttered potatoes, potato salad, bread and butter, oranges, bananas, jelly rolls and coffee.
How to Cure a Sprain.

Beatrice Loses Coal Rate Contention
 WASHINGTON, July 23.—Rates on coal from Milwaukee, Chicago, East St. Louis, southern Illinois fields, southern Iowa, northern Missouri, the Kansas-Missouri and Spadra, Ark., districts to Beatrice, Neb., were pronounced not unduly prejudicial as compared to lower rates to Lincoln, by the Interstate Commerce commission today, and a complaint by the Beatrice Commercial club was dismissed.
Business Changes in Exeter.
 EXETER, Neb., July 23.—(Special.)—P. C. Meitner has disposed of his hardware business to James T. Houtchick of Beaver Crossing, who is now in charge. Mr. Meitner intends removing to Kansas where he will engage in the lumber business.

Good Outlook for Furnas.
 CAMBRIDGE, Neb., July 23.—(Special.)—This section of the state received 1.18 inches of rainfall last night, which assures the greatest corn crop ever raised here. The corn is fully two weeks ahead of the ordinary season and with the present abundant moisture the most reserved estimates place the crop at a fifty to sixty-bushel average in Furnas county.

Call for State Warrants.
 All outstanding state warrants, totaling about \$50,000, have been called in by State Treasurer George T. Brannan. Warrants have been issued since July 1, all prior issues having recently been called in. Large remittances received from various county treasurers, including those of Douglas and Lancaster, has made possible the taking up of the warrants. In addition to these remittances the treasurer has been using the money in the university building fund.
Revising Rural Study.
 The state committee on the revision of the rural school, which is studying this morning met in the office of State Superintendent Deikel. The members of the committee present were: W. A. Yoder, Claud L. Alden, Mary E. Foster, Aletta Neff and Edith A. Lathrop.

New Phone System.
 The State Board of Control this morning awarded the contract for the installation of an intercommunicating telephone system at the Norfolk hospital for the insane, to the Stratburg-Carter Telephone company of Des Moines, Ia. The contract price was a little over \$1,000. The Norfolk institution is operated on the cottage basis and a large number of telephones are necessary for the various buildings. The state has been paying telephone rentals to the amount of \$30 a year because of the lack of cable.
Keos Figures Lower.
 The total valuation for next county this year is \$5,247,333, according to the report of the assessor of that county this morning received by Secretary Seymour of the State Board of Equalization. The decrease for this year is about \$7,000, the figures for 1913 showing \$5,254,333. These figures are on the assessed valuation, which is one-fifth of the actual valuation.
No More Distilleries.
 The State Railway commission has cancelled the date of the hearing on distillery products from Sioux City to Omaha, because the distilleries no longer exist.
Candidates in Arthur.

Both democrats and republicans have full tickets in the field according to a private list of candidates that is being tabulated by Deputy Auditor Minor in Banner county. The list of candidates is far from complete, there being no candidates for some of the offices and but one candidate for others. The republican and socialist parties are the only ones having candidates entered.

MAY USE THE GENERAL FUND
Board of Control Finds Way Out of Deficit Dilemma.

MARTIN MAKES NEW RULING
 State Institutions that Are Running Low to Have Help from Forty-Thousand-Dollar Appropriation.
 (From a Staff Correspondent.)
 LINCOLN, Neb., July 23.—(Special.)—A solution has at last been found by the State Board of Control of the problem of making up deficits in the maintenance funds of the various state institutions. Attorney General Martin has given out an opinion in which he says that it is within the power of the board to use \$40,000 of its general appropriation for the purpose of making up the deficit in the maintenance fund for the girls' industrial school. This principle will apply equally well to deficits occurring in the maintenance funds of the other state institutions under the control of the board. The appropriations for several of these institutions, including the penitentiary, are running low, and the ability of the board to use the general appropriation of \$40,000 solves the entire problem.
Where Money Comes From.
 The attorney general rules that the last legislature made an appropriation of \$40,000 to the board of commissioners of state institutions for the miscellaneous expenditures of the board, and for incidental expenditures for the various institutions. The appropriation authorized the board to expend the \$40,000 for such purposes as it might deem necessary. The attorney general makes it clear that in his opinion the board may use this fund to make up the deficit in the school maintenance fund, but states that the altering of books and records in the state auditor's and state treasurer's office is a question of bookkeeping with which he is not familiar, although these offices may recognize vouchers drawn on the general appropriation for the maintenance fund of the Geneva institution.

Drainage Suit Appealed.
 Drainage district No. 1 of Richardson county has appealed to the supreme court from a judgment of \$7,500 returned against it by the Richardson county district court in connection with the straightening of the Nemaha river. Albert S. and Roy Daggett were awarded \$1,000 damages by the Board of Appraisers for damage done their mill, which is situated on the river. The plaintiffs declared the drainage ditch took the water from the river and deprived their mill of power. The trustees appealed to the district court and a jury returned a verdict awarding them \$7,500 damages. The drainage board is shortening the river through Richardson county from a length of sixty-five miles to a length of thirty-one miles.
Approval of Reapportionment.
 Chairman Epperson of the progressive wing of the republican party has let it be known that he will move in the coming state convention to put Nebraska republicans on record as approving the reapportionment plan of the national committee for the next national convention.

Appeal from Judgment.
 The Gagebush-Wells Engineering company, Edward J. Cornish and Selma C. Cornish have appealed to the supreme court from a judgment of \$7,500 obtained by Mike Dudzinski, for injuries received through the alleged negligence of the defendants. Dudzinski was a carpenter employed by the engineering company in East Omaha, near Carter lake in the construction of an ice house, owned by Edward J. Cornish and Selma C. Cornish.

DR. S. JOSEPHINE BAKER.
 NEW YORK, July 23.—As long as foreign immigration continues there can be no race suicide in this country, says Dr. S. J. Baker, head of the bureau of child hygiene. "Alien women rear larger families than American-born women," she says, "but even without them I should not fear race suicide, because I believe people are as interested in babies as they ever were."

Eight Drug Victims Ask to Be Locked Up

ROCHESTER, N. Y., July 23.—Driven desperate by their inability to purchase heroin, cocaine, morphine and other habit forming drugs since July 1, when the new state law prohibiting the sale of those drugs became effective, eight victims of drugs, all young men, applied to the police yesterday and today and asked to be locked up. Several of the men declared that if they were not placed in confinement they feared they would either commit murder or self-destruction. To meet the situation steps have been taken to open a hospital for the detention and treatment of the victims and others who may apply.

INVESTIGATE PATIENT DEATH
Coroner of Des Moines Looking Into Clubbing Man to Death.

OFFICER USES HIS CLUB
 Eye-Witness Declares Policeman Was Extremely Rough in Handling John Doyle—Patched Detailed to London.
 (From a Staff Correspondent.)
 DES MOINES, July 23.—(Special Telegram.)—Coroner James Lee and the police department are today making two separate investigations into the death of John Doyle, escaped patient from the insane ward of the county poor farm, who was clubbed to death last night by Mounted Patrolman William Bahler near southwest Ninth street and Caulder avenue, while resisting arrest.
 One of the only two eye-witnesses to the clubbing of Doyle told Coroner Lee this morning that Bahler had used his club excessively and that if he had been able to get out of the house in time she would have prevented further clubbing. The eye-witnesses were Tom Gillespie, wife of the custodian of South park.

PLATFORM OF IOWA DEMOS
 (Continued from Page One)
 child labor in such a manner as to abolish it; pledges painstaking investigation of the roads question in the state, so that money spent for improvements may be spent to the best advantage; favors change in the workmen's compensation law so as to do away with the present unjust discrimination in favor of unmarried men; declares for physical valuation of railroads of the state as a means of fixing an adequate rate; favors government ownership of telephone and telegraph lines that private monopoly of these means of communication may be abolished.
 The platform opposes the contract labor system in the state reformatory and declares that prison labor should not be brought into competition with free labor; favors legislation that will give the traveling salesman, railroad man and others whose employment keeps them constantly away from home the right to vote whenever they may chance to be on election day.
The New Committee.
 Dr. J. W. Reynolds was chosen chairman of the new central committee for the coming year. This was done at an evening meeting of the new committee. Reynolds is from Union county. The new central committee by districts is as follows:
 Second District, August B. Balluff, Scott county.
 Third District, Charles Rogers, Hardin county.
 Fourth District, Tom Donovan, Chickawasha county.
 Fifth District, S. C. Hubbs, Tama county.
 Sixth District, L. S. Kennington, Jasper county.
 Seventh District, H. H. Crenshaw, Dallas county.
 Eighth District, Dr. J. W. Reynolds, Union county.
 Ninth District, J. J. Hughes, Pottawattamie county.
 Tenth District, W. J. Branshan, Palo Alto county.
 Eleventh District, Earl Bronson, Clay county.

Stand by Wilson.

While the convention waited for the report of the resolutions committee, several speeches were made. National Committeeman Martin J. Wade spoke in behalf of the democracy in general and President Wilson in particular. He also announced that he had not been for Wilson in the primary campaign in 1912 but had been a Champ Clark man. "However, after the convention," he said, "every true democrat in the land was for Woodrow Wilson." He was cheered on this point.
 John T. Hamilton, candidate for governor, spoke, saying he had no quarrel with the rank and file of the republican party, but felt that he and his party could administer a better and more economical government for the state than the republicans had done.
 Henry Volmer, congressman from the Second district, grew heated in his speech and echoed some of the religious fight that had entered into the state primaries. Connelly is a Catholic, he defeated Meredith, a Protestant, in the primary fight for the nomination for the United States senate. He said there was really no occasion for making it a religious fight, and announced that all the talk of a "menace" is idle, and that "the only menace I recognize are the conscienceless A. P. A. assassins."
