TOURING by motor is the favorite pastime of an unusually large number of people this year, and their experiences are varied and interesting. Mr. and Mrs. Charles Martin and two small nephews, Charles and George Martin, returned home last evening from an automobile trip to Galeburg, Ill., where they visited Mr. Martin's father, Mr. T. B. Martin. In crossing Iowa they met two touring parties from Los Angeles. They met them first at Missouri Valley, and again later at Carroll, Ia., where they spent the first night. One of the California parties resides near Mr. G. W. Wattle's winter home at Hollywood. They also met Mr. and Mrs. A. B. Busch and family, who have been touring three weeks in Nebraska, Iowa and Minnesota. Mr. and Mrs. Martin say that some of the scenery was as pretty as in Jamaica, where they toured last winter, and they think by next year the roads may be as good.

Mr. Barton Millard, Mr. Harley Moorhead and Mr. Samuel Burns, Jr., have made the trip to Lake Okoboji a number of times this summer.

Neilson Pleads for Lives of Sick Dogs During Hot Weather

"Save the dogs," is the plea of City Humane Officer Hans Neilson.

In the last week or more the police have had scores of calls from citizens who desire their canine pets killed because they act queerly.

"This weather affects the animals just like it does human beings," declared Neilson. "When your dog froths at the mouth and acts strangely, maybe he's just sick at the stomach from something he's eaten, or maybe it's the weather. These are regular 'dog days' anyway. You needn't be afraid of rabies. Out of hundreds of 'mad dog' scares there is perhaps one case of real rabies.

"In this kind of weather don't rouse your animal's temper if he snaps at you; keep him tied up.

"It's a burning shame the way we are called upon to kill dogs that have every right to live. Many of the dogs are remarkably intelligent and valuable yet the minute they show their teeth and froth at the mouth the cry of 'mad dog' goes up and the poor beast is doomed.

"If folks treated me the way I see people treat pet dogs in this weather I'd froth at the mouth and bite, too."

Requisition Papers for J. A. Gustafson

Requisition papers were issued Monday morning for John A. Gustafson of the Bureau's detective agency, who was arrested in Kansas City Saturday, on the charge of conspiracy to have public officials here charged with bribery.

The requisition papers will be sent to Lincoln for the signature of Governor Moorhead, and then forwarded to the governor of Missouri. After he has honored the requisition papers they will be forwarded to Kansas City, and in the event that the hearing before Justice Clark there develops sufficient evidence to hold the prisoner, he will be returned to Omaha for trial.

Following are the honor letter carriers and the year in which they entered the service:

OMAHANS LAND BIG FISH FROM OVERFLOW LAKE

Chester Weeks, Charles Ryan, Rudolph Schmidt, Clement Agnew, Harry Rodenfals and Ed Hennessey are back from Lake Houlthian, near Fort McConnell, near Valley, where they spent Sunday fishing in one of the lakes caused by an overflow of the Platte. Among the other things caught was a forty-pound spoonbill sturgeon that they will have mounted.

The sturgeon caught by the Omahans is said to be the largest fish of the kind ever found in any waters of the west, outside of the Missouri river. It was nearly six feet long and to land it required the entire efforts of the Omaha party nearly an hour being consumed in getting it out of the water and onto land. A doughball was used for bait.

Foreign Language to Be Loaned from Library Stations

Bohemian and Yiddish branch library stations, where books printed exclusively in those two languages will be loaned free to the public, will soon be established by the public library board.

The Bohemian station will be placed at the Beranek drug store, Sixteenth and William streets, and the Yiddish station will be installed in a drug store on North Twenty-fourth street, in a center of Jewish population. Both foreign stations are the result of an insistent demand on the part of Bohemians and Jews, who desire library books in their own languages. A Syrian branch station is also being asked for and may be established later.

Miss Edith Tobitt, librarian, is still in need of several more 1913 city directories, and would be glad to send after such volumes, if they are offered by business houses.

WIVES HONOR VETERANS

In the presence of 750 Omaha letter carriers and their families, the wives of twenty-three veterans of the Omaha postoffice pinned on their coats a purple badge of honor at the annual picnic of the Omaha letter carriers at Riverview park Sunday afternoon.

The ceremony was the first of the kind to be performed in Omaha and was instituted by the local branch of the association for the purpose of honoring the employes in the department who have been in the service twenty-five years or more.

Following a basket luncheon the letter carriers assembled in rank and as the names of the men who have been in the service for more than twenty-five years were read the veterans stepped forward.

After they were assembled in line, their wives were called forward and each of the women pinned a badge of honor on her respective husband. Upon the badge in gold letters was stamped the year the veteran entered the service.

Following this ceremony the veteran letter carriers and their wives stood in two lines and in review, the other letter carriers marched between the lines, two abreast, to a spirited air played by the postoffice band.

Congressman Lobeck and Mayor Dahlman then delivered addresses very much in spirit with the ceremony which preceded the speechmaking. The base ball game between the married men and the single men attracted much attention, the married men winning by a score of 11 to 5. Races and other outdoor sports completed the program of the day. During the afternoon the postoffice band of fifty pieces played a concert of classical and popular music.

WESTERN NEBRASKA CORN IN EXCELLENT CONDITION

General Manager Holdrege is back from his ranch in Perkins county, Nebraska, and returns enthusiastic over the corn crop outlook. All along the Burlington lines, Mr. Holdrege asserts the crop is in splendid condition, though there are some places where rain would be beneficial. However, over a large portion of the western part of the state there were fairly heavy rains last week.

According to Mr. Holdrege the wheat yield, as threshing proceeds, is coming up to expectations. Pastures are in the best of condition and cattle on the range are rapidly taking on flesh.

Hascall accepted a challenge from the Michigan men as the Michigan men have been declaring their superiority over Nebraska for the past two years and arrangements were made to hold a game. But Palmer went out of town and then he couldn't get his men together and Hascall promptly has declared that the Michigan men are afraid of the Nebraska team. Hascall also says the longer Palmer procrastinates the better players he picks up and he now believes his team could beat the Athletics.
