NARROW PLATTE CHANNEL

CLARKS, Neb., July 30 .- (Special.)-An interprise has been undertaken by Merrick county, here, which, in the opinior of many, will revolutionize the bridge pestion on the Platte river. About four niles cast of here at a place known as Little's island, the river is now running in two channels, but Monday morning a large gang of workmen under the direction of Contractor Thomas Gass of Elm Creek, commenced the construction of a dam or fill across the north channel of the river, which wil throw all of the water into the south channel, it is figured that the south channel is large enough to carry all the water and that it will be deepened by the action of the greater flow. The state engineering department and those in charge of the work say that there is absolutely no question but that the project will be a success. In this one place the river is narrowed to half of its original width, the channel dammed being 2.000 feet in width.

The fill or dam is of sand and willow mats and the cost is much less than that of bridging and the work is permanent. instead of building and repairing bridges year after year it is the plan of the county to keep on with this work and eventually have but one bridge to look after in the place of from three to five in a place, as it now is.

Bryan Prepares Proclamation of Neutrality

WASHINGTON, July 30.-Secretary Bryan today awaited additional developments in the ominous rumbling in European politics before announcing a proclamation declaring the neutrality of the United States. If other nations than Austria and Servia are drawn into the conflict, probably a proclamation covering the entire situation will be determined upon by State department officials.

The declaration will follow the lines of that issued in 1911, when Italy and Turkey fought over Tripoll. Announcing the purpose of maintaining absolute neutrality, the proclamation will enjoin all American citizens and remeents within the United States to obey the laws, rules and principles governing the conduct of neutrals in time of international conflict and warning will be given that persons who misconduct themselves will be subject to strict enforcement of penalties prescribed by American law. All American citizens who undertake to violate neutrality outside of the jurisdiction of the United States will be warned that they can in nowise obtain any protection from the Washington government against the appropriate legal consequences of their missesses and the states of the states of

CHICAGO, July 30.—Boston bunched hits today, shutting out Chicago, 4 to 8, and making it two straight. Benz started for Chicago and was touched for two singles, which, coupled with an error and a base on bails, netted two runs and caused his retirement. Russell replaced him and the game developed into a pitchers duel, in which Ernest Shore, the recruit pitcher obtained by Boston from Baltimore, excelled. Russell had one bad inning, the sixth, when two hits and a fielders' choice scored two runs. EXTEND WATER PAYMENTS

House Amends Senate Measure Relating to Irrigation.

JUDGE KINKAID IS ON JOB Declares Bill as Now Altered Will

Give Settlers of Semi-Arid West Twenty Years to Pay.

(From a Staff Correspondent.) WASHINGTON, July 30 .- (Special Telegram,)-A new breathing spell was vouchsafed the hard-driven and sorely disturbed homesteaders of the semi-arid west through amendments made today in the house of representatives to a senate bill to extend the time from tan to twenty years in which to make water right pay ments. In addition to the extension of payments the house amended the senate censure requiring that foture expenditures on the padt of the reclamation service should be authorized by congress. which many far-seeing western statesmen regard as a step backward, as it will tend

to create a log-rolling altuation wholly unthought of when the original act creat ing the reclamation bureau was adopted While the house went on record in favor of limiting the expenditure on the part of the reclamation service, ! 'squashed' the proposition of Representative Mann of Illinois that the bill should be recommitted to the public lands comprittee with instructions to report an amendment charging 3 per cent interest on deferred payments. The Mann amendmet was defeated by a vote of 140 to 80,

Kinkaid on the Job. While a number of western members of congress deserve praise for the amendents to the new reclamation measure none has been more earnest or more forceful than Judge Kinkaid of the Sixth Nebraska district. He brought to the discussion of the measure first-hand knowledge of what his constituents wanted and the relief they should have. in his speeches on the various phases of the bill, Kinkaid was equipped with facts that were not controverted and he can with honesty be said to have led the rep-

Speaking of the measure, Judge Kinkaid "It will be of great benefit to the semi-arid west. It will be of great service on the North Platte project. It will give the homesteader twenty years' time in which to pay for the water on his property and twenty years without it is a really great triumph for our people."
