### ITALY IS FIRM IN ITS NEUTRALITY IN PRESENT MIX

German Government Uses Its Utmost Endeavors to Get Italy to Change Attitude.

MEMBER OF TRIPLE ALLIANCE

But the People Feel More Friendly to France and Great Britain.

NO MANIFESTATIONS ALLOWED

Yet Everywhere Are Spontaneous Outbursts for France.

OFFER TO JOIN THE FRENCH

French Embassy at Rome Besieged with Offers to Join the French Force to Fight the Kaiser.

ROME, Via Paris, Aug. 7.—2:40 p. m.—The German government is using its utmost efforts to bring about a change in Italy's attitude in the present European situation. Direct appeals have even been made to King Victor Emmanuel, but in vain. It is asserted that Italy, having declared its neutrality, intends to maintain it.

Italy's position as a member of the triple alliance, and therefore an ally of Germany under certain conditions, has been discussed in every phase, and the general consensus of opinion seems to be that the Italian people would never permit an act of hostility against France and Great Britain.

Because Italy is neutral all manifestations for or against the belligerents are being rigorously repressed. Yet everywhere, spontaneous outbursts of enthusiasm for France have occurred. In Rome there have been frequent cries of "Long live France! Long live our Latin brothers!" and the "Marseillaise" is being sung in the streets.

The French embassy here and the French consulate in other cities of Italy are daily receiving offers from men who wish to join the French forces.

WAR FEVER IN BERLIN—Crowds in streets of capital cheering and singing "The Watch on the Rhine," the German national anthem. ### FUNERAL OF MRS. WILSON MONDAY

Services at the White House Are to Be Strictly Private and Simple.

BODY BURIED AT ROME, GEORGIA

Thousands of Messages of Condolence Reach President, Who Asks Congress to Keep at Its Work.

WASHINGTON, Aug. 7.—Funeral services for Mrs. Woodrow Wilson, wife of the president, will be held at the White House at 2 p. m. Monday, after which the body will be taken on a special train for burial at Rome, Ga.

Tentative plans for Mrs. Wilson's funeral provide for private services at the White House Monday afternoon, with burial Tuesday in Myrtle Hill cemetery, Rome, Ga., the burial place of her parents. These plans were made late today, but are subject to change following the arrival of Prof. Stockton Axson, Mrs. Wilson's brother, who is due here Sunday night or Monday morning.

While the house stood in silence, immediately after it convened, Chaplain Couden prayed for "comfort and consolation" for President Wilson and his daughters in their bereavement.

Half a hundred of the senior members of the house were appointed by Speaker Clark to attend the funeral of Mrs. Wilson. The speaker, who will head the

### AMERICANS MAY GET GOLD IN NETHERLANDS

THE HAGUE, Aug. 6.—(Special Cablegram to New York World and Omaha Bee.)—Germany seems to be staking everything upon a lightning offensive campaign, careens of its rivals and utterly regardless of treaty rights.

The report, if true, of the losses to its tiny squadron in the Mediterranean, which should have been kept rigorously in an Austrian port for the present, is another symptom of this policy, as is its occupation of the Orland islands, that strange unnumbered archipelago of matted islets and rocks between Sweden and Finland. With the command of the sea this capture would have some importance, without it, useless unless as a pawn in the ultimate peace negotiations. Meanwhile let us consider larger things.

### BRITISH EMBASSY AT BERLIN STONED

Britons and Americans Arrested—British Subjects Being Rounded Up in Berlin.

KEPT PRISONERS IN CASTLE

Americans Are Making Every Effort to Secure Their Release—Americans in Copenhagen Have Sufficient Funds.

OLDENZAAL, Netherlands, Aug. 7.—(Via London, Aug. 7, 11:30 a. m.)—The correspondent in Berlin of Reuter's Telegraph company of London, who with other British subjects, were expelled from the German capital, arrived here with several other newspaper correspondents on the train which conveyed the British ambassador, Sir William Edward Goschen.

The correspondent says the British declaration of war on Germany was followed by an attack on the British embassy. A crowd besieged the building for hours, smashing all the windows. The same night two American and two English correspondents were arrested on suspicion of being spies, but were released a few hours later through the efforts of the American ambassador.

All British subjects in Germany, according to the correspondent, are being rounded up by the police, and about forty of them have been kept as prisoners in the fortress of Spandau, but the American embassy in Berlin hopes to be able to bring about their release.

Among those held is Captain Horace H. Holland of the British navy, who had

### Heavy Firing Lasting an Hour Heard Sixty Miles South of N. Y.

NEW YORK, Aug. 7.—Heavy firing of great volume and at short intervals, lasting more than an hour, was heard at 6 o'clock this morning sixty miles south-east of Scotland Lightship by officers and crew of the steamer Scottish Prince, which reached here this afternoon from Trinidad.

Captain Naylor said that the firing was very distinct and that the shots appeared to come at very quick intervals. He saw no warships during the voyage. The Scottish Prince carried eleven passengers. It sailed from Trinidad July 21.

RAINBOW IS AT SAN FRANCISCO

British Cruiser Comes Into Harbor at Golden Gate, but Must Leave Port Within Twenty-Four Hours.

WASHINGTON, Aug. 7.—Foreign merchant ships being converted for war purposes or carrying foreign reservists in organized manner will not be permitted to clear from ports of the United States.

Instructions to aid the customs authorities at New York in enforcing President Wilson's neutrality proclamation were telegraphed today from the Department of Commerce.

"Wire the department before issuing clearance papers to foreign vessels, unless you are satisfied, after careful inspection, that the ship has not made any preparations while in port tending in any way to its conversion into a vessel of war," said the department.

"Taking on an abnormal amount of coal, except in the case of colliers, would indicate such conversion. Unpacking of guns already on board would be conclusive. Painting of vessels a war color would indicate conversion. It must be clear that it is not to be used for transportation of reserves or recruits for a foreign army or navy. This does not prevent transportation of passengers in the usual sense, as where there are women and children and men of different nationalities, even though among them there were a few reserves without your knowledge.

"If the passengers are nearly all men and practically all the same nationality, clearance cannot be granted. It must be unquestionable that it has no arms or munitions of war aboard. Have representatives of each foreign vessel in your port certify to this department whether it is a merchant vessel intended solely for the carriage of passengers and freight, excluding munitions of war, or whether it is a part of the armed force of its nation. This information is for the purpose of maintaining the neutrality of the United States under the recent proclamation of the president. Clearance will be refused in the absence of this certificate."

NEW YORK, Aug. 7.—The Olympic, crack ship of the White Star fleet, may not be permitted to sail tomorrow for Southampton, inasmuch as it belongs to the British naval reserve. After receiving the Department of Commerce's instructions concerning enforcement of neutrality, customs officials declined today to say whether they would give it clearance.

The Red Star liner, Vaderland, booking only male passengers for Belgium and with its entire stowage accommodating 2,000 persons, placed at the call of the Belgian consul here for reservists, may also be held, according to customs officials.

Rainbow May Be Detained.

SAN FRANCISCO, Aug. 7.—The German freighter Alexandria of the Cosmos line, with \$1,000,000 cargo in its hold, was sighted five miles outside the harbor, bound in, at 10:30 a. m. today. Had the British cruiser Rainbow, which passed in two hours and twenty minutes earlier, delayed its arrival it might have made a rich prize of war.

No civilians were allowed aboard the Rainbow, but it was learned from the boarding officers that Captain Walter Hose made informal application to be allowed to take on coal. He was informed that the application must be put in writing.

Captain Hose was asked his intended destination and he was understood to have replied he was bound south, supposedly to join the Algerian and Shearwater. If such is the case, he will not be allowed to coal, as the neutrality regulations provide that he be allowed to take on only enough coal for a run to the next home port, which, in this case, would be Victoria, B. C.

Another Neutrality Proclamation. WASHINGTON, Aug. 7.—Upon receipt today from the Russian embassy of confirmation of Austria-Hungary's declaration of war against Russia, officials of the State department began drafting another neutrality proclamation to define the position of the United

### Latest News of the Great War

Winston Spencer Churchill, first lord of the British admiralty, declared in the House of Commons there had not been any fighting or losses other than had been announced officially. This statement ensued on reports of a naval battle between German and British ships received from several sources, but the admiralty refused information. It was regarded significant that the fishing fleets on the east coast of England were given permission to go out and fish.

Complete silence reigns as to military movements in Germany and France, and it is assumed both armies are concentrating for decisive battles. No hint as to where they will come into contact has been given. Liege, Belgium, was again attacked by German troops Thursday, but was still holding out. The report of a German reverse there was denied in a dispatch from Berlin.

The German cruisers Goeben and Breslau, obliged owing to Italian neutrality to leave San Salvatore, Sicily, have gone out to meet the British fleet. The commanders are said to have handed their wills to the German consul before departure. A London newspaper report says the German crown prince has been seriously injured by an unidentified assailant.

A Finn sea captain on arriving at Stockholm reported the Russian navy bottled up at Helsingfors and the Russian ports of Libau and Revel to be burning after an attack by German vessels. No confirmation.

Many German merchant vessels were brought into English ports yesterday by British cruisers. The Holland Lloyd steamer Tubantia, with \$2,500,000 in gold from South America for the Deutsche Bank in London, was also brought in.

French warships also captured several German merchant ships.

The French premier appealed to the women of France to gather the wheat and wine crops.

Tokio reports the German squadron at Tsing-Tsao, China, hemmed in by British war vessels. The British tank steamer San Wilfredo is reported destroyed by a mine off Cuxhaven, Germany, and the British steamer Craigforth was beached near Constantinople after contact with a mine.

Stories of discourtesy in Germany to the dowager empress of Russia are declared false by the German foreign office.

Paris and London send unconfirmed dispatches concerning the fighting at Liege, Belgium. The French telegram states that fierce fighting continues in the streets, while the London messages report the German attackers asking for an armistice of twenty-four hours.
