In purchasing a piece of property as an investment, you should, in order to get the proper results from your investments, place confidence in some reliable real estate firm.

Yellow Cereal Still Climbs in Price and is Being Helped in Its Strength by the Baiting Wheat Market.

OMAHA, Aug. 7, 1914.
When the fact is noted that there were heavy purchases of hog and beef products yesterday, and that enormous quantities of corn were bought for the army and navy.

The British grain trade, according to special cables, is in a very favorable position. Flour in that market was advanced.

Higher prices were also established in oats yesterday. Best figures showed a decline in price for the previous day.

Shorts in provisions were in variable places, but the market was comparatively light and there was a supply on hand.
