HE day of the stage holdup was supposed to have passed, until two bold robbers decided to hold up some of the conches for tourists in the Yellowstone National park this summer. Mr. and Mrs. J. L. Baker have just returned from a western

trip, where they also took the trip through the park.

Their coach was just back of those which were held up and someone escaped from the coaches which were stopped and warned them to stop or they would have had this rather disagreeable and dangerous experience. "All of the women were badly frightened," said Mrs. Baker, "and we were very fortunate to escape.

The robber got over \$2,000 in cash, but would not bother with jewelry. The passengers were at a decided disadvantage because they are not allowed to carry firearms in the park.
