FASHION is surely a fickle lady. Only by most careful study and watching is it possible to keep abreast

of her many moods and changes. For months our designers and buyers have been in closest touch with London, Paris and New York styles. They have been choosing and rejecting, having in mind the high fashion standard of Omaha women. So we announce with confidence the arrival of the advance models in suits and dresses. We invite you to view with confidence the many beautiful garments we have on the second floor. Shop leisurely and carefully-our saleswomen take particular delight in showing the garments to the woman who is

## The New Garments Are Very Pretty

I NCLUDING suits in charming models of green file cloth, brown granite cloth, black broadcloth, mannish serges, etc. Some of the jackets are 46 inches long, some shorter, trimmed with beautiful velvet collar and cuffs, some bird velour effects, some corded back and buttons, lined throughout with good quality satin. The skirts are Russian tunic and drape effects.

The dresses are very prettily made of serges, silks, etc., in Russian tunic, tier, accordian plaited and drape effects. Pretty button and girdle trims.

The above is just an idea of what we have. Come and see for yourself.

## The New Fall Hats Are Beautifully Simple

SIMPLICITY is the keynote in hats for street wear for fall and so the close-fitting turban is quite the go. And, there is a wonderful charm and smartness about these jaunty little hats. For semi-dress and dress wear the large sailor hat is quite proper. The predominating color note in these hats is black and black and white with an occasional midnight blue and tete de nigne. Again we score in our showing of French style hats in the turban. and sailor type. Nowhere else in Omaha can you match these exclusive hats. We are lucky to have them. Women who delight in an effective and individual hat should be sure to make early selection, for we doubt that such lovely hats will be shown again in Omaha this year.

From \$15.00 to \$45.00.

FILMY LACES FOR FALL

BEAUTIFUL E XQUISITE, charming, beautiful are the new Fall oriental laces shown at our lace section. Women grow enraptured over them for they express the very daintiness that is so much the charm of woman herself. The designs are wonderfully artistic in silver, gold and colored runs. And they are all new. We particularly invite Omaha women to investigate these laces Monday.

One may spend a delightful half-hour in viewing them.

# The Lines of the New Fall Shoes Are Extremely Beautiful

WOMAN once said, "Let me glimpse the shoes a woman wears and I'll quickly tell you her There is REAL style in the shoes we are showing. And what we mean by style is a shoe with symmetrical, dainty lines and a fit that gives comfort the very first time the shoe is worn; the kind

of style that holds its lines and shape through months of wear. The vamp is essentially a point of style as the shoe follows the lines of the vamp. Full long, medium long and short or stage toes are equally in favor with perhaps a leaning toward

For Dress Wear The patent shoe with cloth top in black and color combination is most favored. Satin delaine—the most beautiful fabric shoe made—will be in favor with the woman who wishes an extra dressy shoe that is perfectly easy. Dull kid and bronze are also much in vogue. Button shoes predominate.

Dress Shoes from \$3.00 to \$7.00 The gun metal and demicalf are the leathers. For Street Wear
