CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Sept. 10.—Wheat suffered a decided setback in price today, mainly because of a movement in congress to suspend the import duty on that cereal. NEW YORK, Sept. 10 .- Count von Bernstorff, German ambassador to the United States, denied today that there are mines in the North Sea. German ports are not blockaded, he declared, and neutral ships can enter them and can replenish their coal supplies in these ports, as there is no embargo on bunker coal.

"It is not true that there are mines in the North Sea," said the ambassador. 'Neutral ships which wish to enter ports n the North Sea must go to a point ten miles north of Helgoland, where they will find German pilots to take the ships into the harbors. Harbors in the Baltic can be approached directly and there are pilots before every port. The prohibition of the exportation of coal from Germany does not apply to bunker coal, and the supply of coal for ships is assured."

The ambassador gave out an extract from a letter sent from Belgium by his son, who is in a cavalry regiment of the guard, as follows:

"In every village there are bombs and we have to make people drink water they offer us. They are trying to polson us." The outcome of the war is more hope ful for Germany that ever," said Count von Bernstorff. "The capture of 40,000 men, four generals and 400 guns at Maubeuge, reported today, is something."
