FAIR WAS GOOD AFTER ALL
 Last Day Fine and Exhibits Still Draw Many People.
BETHANY BABY DRAWS PRIZE
 Scores Ninety-Nine Per Cent and is Awarded Highest Honor—Gresham Boy Takes Special Gold Medal.

(From a Staff Correspondent.)
LINCOLN, Sept. 11.—(Special.)—After refusing to give the state fair a square deal on the weather proposition, the weather clerk condescended to turn loose a full day of sunshine on the last day.
 A fairly good attendance today was sufficient to make the record of the week the equal of last year, which was one of the poorest of the last five years, caused by the extreme dry weather and partial failure of crops. The attendance for the past four years was as follows:

1910	130,114
1911	162,729
1912	169,963
1913	127,186

The attendance up to this morning this year was 114,757.

Corrected figures given out by Superintendent of Gates Jackson tonight make the total attendance at the state fair this year 125,117, as follows:
 Monday 14,611
 Tuesday 22,112
 Wednesday 22,630
Collective Exhibit Prizes.
 With the exception of 1911 and 1912 this exceeds any previous year.
 On the county collective exhibits premiums were awarded as follows:

Eastern division: Pawnee, first; Lancaster, second; Douglas, third.
Central division: Fillmore, first; Franklin, second; Kearney, third.
Western division: Scott's Bluff, first; Red Willow, second; Brown, third.
 Pawnee county scored the highest with 1,262 points and Brown county the lowest with 493 points. Twenty-two counties competed.

Beachey Stars.
 Beachey eclipsed all of his previous flights today, the weather being exceptionally fine for work and on his second flight he attained a height of over 6,000 feet, turned over and for some distance flew upside down. This afternoon, in his last flight, he gave the people a thrilling exhibition of flying sufficient to make them desire to see him return next year.

"Thinks" He Will Be Back.
 It is probable that the people will have the opportunity of seeing him in 1915, for Beachey likes the way he was treated by the fair management and the enthusiastic greeting he received from the crowd. To a local representative he said, after making his last flight, "Goodby for this time, but I'll see you again next year, I think."

Indiana See Beachey.

The tribe of Indians which have been one of the attractions at the grounds were this morning taken into the quarter stretch for the purpose of getting a close view of Lincoln Beachey and his aeroplane. When they were told by Beachey that the power of the machine was "mighty horse," Running Hawk, the main chief, shrugged his shoulders and responded: "Eighty ponies pull heap much more."
 They were invited to ride in the machine, but all of them expressed the desire to remain on the ground. One of them pointed to an old warrior, who appeared to be about 50 years old, and said: "Him go up. He die pretty soon anyhow."
 This afternoon at 4 o'clock dismantling of the exhibits began and by night most of the stuff had been pulled down and packed.

Like Conway's Band.
 Conway's band, which has given such universal satisfaction, will go from here to Topeka, where they will play at the fair at that place next week. Like Mr. Beachey, Mr. Conway expressed much pleasure at the treatment he had received and hoped to return next year.
 President Cameron and Secretary Corey of the Iowa state fair arrived this afternoon and were shown through the new agricultural hall by President Roberts of the Nebraska State Fair association. "They will have to give it to Nebraska,"

ALLIANCE, Neb., Sept. 11.—(Special Telegram.)—At the Thursday evening session of the Northwest Nebraska Methodist conference, being held here, Rev. M. L. Rader, a returned missionary from the Philippines, spoke on christianizing the far eastern world. It will not be surprising, he said, if they adopt the republican form of government along with christianity.

 This morning a session was begun with a devotional exercise, after which Bishop Henderson addressed the members on "Methodism and Duties of the Pastor." "RAINS" O'CONNOR WILLS IN COURT AT HASTINGS

HASTINGS, Neb., Sept. 11.—(Special Telegram.)—The late John O'Connor was determined that his \$50,000 estate should go to John T. Culavin of Omaha if a will which has come to light since his death is what it appears to be.
 Shortly after O'Connor died a purported will of his name anonymously to County Judge Button, naming Culavin as the beneficiary. It was thrown out because it had not been witnessed, whereupon Culavin said he would help to get the estate for two alleged children of O'Connor's. Subsequently Culavin produced another will in his favor, hearing on which is now pending in court.
 Today it was discovered that a third will had come anonymously to W. A. Young of this city claiming Young and Culavin as the beneficiary.
 "When this rain of wills will cease nobody can tell. Meanwhile about 150 O'Connors and Brads are claiming the estate and about fifty have positively identified the body. Hearing on the second will was continued until October 21."

BROWN LINCOLN POSTMASTER

Ex-Mayor of Capital City Lands by Aid of Secretary Bryan.

TURN DOWN FOR JOHN MAGUIRE
 Not Believed Any Opposition Will Be Made by Senator Hitchcock When Name Comes Up for Confirmation.

(From a Staff Correspondent.)
WASHINGTON, Sept. 11.—(Special Telegram.)—The fall of ex-Mayor F. W. Brown of Lincoln has been accomplished in the week here substantial fruit today when his name was sent to the senate by President Wilson for postmaster at Nebraska's capital city. The nomination is taken as a decided victory for the Bryan wing of Nebraska democracy notwithstanding the fight was not between the Hitchcock and Bryan forces, but was a clash between the Lincoln congressman, "Johnny" Maguire, and the secretary of state, Mr. Maguire having recommended A. W. Johnson for the place several months ago and insisting upon his nomination over the objection of Mr. Bryan.
 Senator Hitchcock is out of the city, but it is not believed that the cold shoulder given Maguire by the administration will result in any opposition on the part of Mr. Hitchcock to the prompt confirmation of Brown as it is regarded as a matter between Mr. Bryan on the one side and Maguire on the other affecting their home city and which ought to rest solely between them so far as the senate is concerned.

McBride at Red Cloud.
 Robert E. McBride today was nominated postmaster at Red Cloud in Congressman Barton's district. The postmaster general sent a request to Senator Hitchcock's office that the nomination be acted upon by the senate as quickly as possible as the present incumbent, who resigned a year ago, is anxious to vacate the office by reason of ill health.
 Among the Iowa postmasters nominated today were: A. A. Montgomery at Stuart and William L. Hoits at Newell.
Winner's Record Cleared.
 Congressman Barton was successful in having passed by the house today the special bill to clear the war record of A. E. Winner of Cambridge, Neb. The bill had passed the senate, where it was introduced by Senator Norris, and now goes to the president. It completely vindicates Mr. Winner of a technical charge of desertion.

Deluge Causes the Armies Discomfort

PARIS, Sept. 11.—According to official announcement, the fighting to the east of Paris is apparently developing into a deadlock. The German, who are announced to be waiting along the greater part of the line.
 The French and British evidently have made a strong offensive movement, causing the German hosts to fall back at some points as much as forty-five miles.
 The most furious onslaughts, sometimes from the French and sometimes from the German side, occurred about the center of an extensive line in the vicinity of Vitry Le Francois. Three great German armies, commanded respectively by General Von Kluck, the Crown Prince Frederick William and the duke of Wurttemberg, formed a junction and repeatedly hurled their heavy masses of troops to assault the French positions with the greatest vigor, but they were unable to achieve their object of breaking the allies' center, and thus dividing the Anglo-French armies.
 A rainstorm is becoming a deluge and has caused great discomfort to the troops. It has not, however, interfered with the operations, though it has caused terrible suffering, owing to the marshy district.

Belgians Come to Protest to Wilson

NEW YORK, Sept. 11.—The king of Belgium's commission on his way to protest against German violation of Belgium neutrality and alleged German atrocities in Belgium set foot on American soil here today enroute for Washington, where they will outline their case to President Wilson. They expected to remain only a few hours in this city and to reach Washington late today.
 The steamer Celtic, on which the commission made trans-Atlantic trip, reached Quarantine last night, but did not dock until this morning.
 Until President Wilson receives the protest no part of the text will be made public, according to an announcement made by the commissioners on arrival.
 An autograph letter from King Albert of Belgium to President Wilson is in the custody of the commission, to be presented by them to the president.

Germans Fight to Guard Their Line of Communication

LONDON, Sept. 11.—The correspondent of the Times at Bordeaux sends the following:
 "It is now beyond doubt that the German turning movement to the southeast of Paris has been defeated and there is a dawning hope that the allies' left, which has borne a rain of the enemy's blows since the fighting at Mons began is now about to take its revenge."
 "The Germans have been fighting desperately to guard their line of communication which is in considerable danger from the allies' left. They have been forced to retreat before the onslaught of the British and the withdrawal of the German right is bound to assist the French in forcing back the center unless the German desire again to find themselves obliged to follow the imperial chancellor's advice and "hack" their way through."
 "The German check in front of the Meaux and Verdun line has had its echo throughout the field of operations. On the extreme French right the enemy's division, bearing down upon Nancy, has been thrown back beyond the forest of Champagne."
