Ben Taker Cash—John Stoker, 2219 South Twelfth street, has sworn to a complaint in juvenile court, alleging that his son, Joseph, took \$100 belonging to the parents and skipped out.

True Sues Althaus—William O. True has brought suit in district court against July Althaus, asking about \$1,900 damages on four counts growing out of deals concerning automobiles and repairing.

Ryder to Cleveland—City Commissioner J. J. Ryder has gone to Cleveland, and from there will visit in several other cities on business for the League of American Municipalities, which will meet soon in Milwaukee.

Peterson Back on Job—Chief Clerk Ed T. Peterson of the city engineering department returned to his desk after a severe illness. He was stricken with nervous prostration and for several days his condition was grave.

Polish Tender Thanks—Members of the Polish day committee have tendered a card of thanks to the officials who helped make their celebration such a complete success. Chief Burgess and Assistant Mike Gillan were mentioned particularly, as were the Omaha newspapers.

Phillips is Much Improved—Horace Phillips of Francis, Tex., who is in the Omaha General hospital, is very much improved and his friends are feeling hopeful for a speedy recovery. He slept well Sunday night. Mrs. Phillips, who was with her parents in Missouri, has arrived and will remain here until her husband is able to leave the hospital.

Sues Former Partner—An agreement to run a beauty shop on a partnership basis was not lived up to by Sarah E. Mohney, according to allegations of Carlisle I. Kenyon in a district court petition. The latter alleges that her partner and Martin Mohney removed all the furniture and fixtures from their shop leaving her unable to carry on the business. Damages of \$3,900 are asked.

Lane Returns from Funeral—Charles J. Lane, general freight agent of the Union Pacific, is back from New York, where he went to attend the funeral of his uncle, Horace Lane, aged 79 years, who died at his home in Willseyville, Tioga county. This uncle was the last of the original members of the Lane family that settle in Tioga county as pioneers of central New York.

A Lame Back—Kidney Trouble Causes It.

It don't take long for kidney and bladder trouble to give you a lame back, and even worse if not checked. Mrs. H. T. Strayner, Gainsville, Ga., was fairly down on her back with kidney trouble and inflamed bladder. She says: "I took Foley Kidney Pills and now my back is stronger than in years, and kidney trouble and painful bladder sensation have entirely gone." Good druggists are glad to sell Foley Kidney Pills because they always help. They contain no habit forming drugs. All dealers.

AVERT FIRE IN ASYLUM

Blaze in Lincoln Institution Put Out in Nick of Time.

NURSE DISCOVERS THE FLAMES

Defective Wiring Underneath Steel Ceiling Thought to Be Responsible—State Board to Overhaul Work.

(From a Staff Correspondent.) LINCOLN, Sept. 14.—(Special.)—The Nebraska insane asylum near Lincoln narrowly missed a serious fire Saturday evening, a nurse who happened into the room where the fire was burning giving the alarm in time to put out the blaze.

According to Superintendent Williams, who was conferring with the Board of Control this morning, the fire was caused by defective wiring, and had not the nurse happened in at the time she did, would have gained such headway that it would have been difficult to have stopped it. The wires were placed in the building about twenty-five years ago and steel ceilings were put on, leaving the wires running between the ceilings and the joist above. When discovered the whole ceiling appeared to be ablaze.

The board is considering today rewiring the whole building and putting the wires in conduits, an electrician being called in for consultation.

Contracts for Bridges. State Engineer D. D. Price has approved the letting of contracts for the building of bridges across the Platte at Lexington and also at Overton on the Dawson and Phelps county lines. The contracts both went to I. E. Doty of Columbus, the Lexington bridge for \$29,790 and the Overton bridge for \$37,790.

Steam at Capitol. Steam was turned on in the state house for the first time this morning in order to warm up some of the offices in the old building, which had developed a frigid atmosphere. This is a little earlier than last year, when the steam was turned on September 20.

Auto Tour Begins. Notwithstanding the mud, the automobile tour of the republican candidates was started this morning and an effort will be made to run on schedule time. Headquarters were opened this morning in the Lindell hotel and Walter George, chairman, and his corps of brilliant and experienced managers were early on the job getting ready to show the democrats what they may expect in November.

Search for Man in Mexico. Sheriff Beal of Kieth county secured papers in the office of the governor of Nebraska today, asking the governor of California to turn over to him, Fritz H. Cahill, charged with obtaining money under false pretences. Cahill is supposed to be in Colistoc, Cal., under the assumed name of P. L. Watkins. Cahill is charged with selling a team of mules to Ote Keithly of Kieth county for \$325, claiming there was no mortgage against them, when there was \$380 against the team.

EARTHQUAKE SHOCKS IN PERU CONTINUE VIOLENT

LIMA PERU, Sept. 14.—The earthquakes in the department of Arequipa continue. Yesterday thirty-five shocks, some very violent, were recorded at Caraveli, which was destroyed last week. The tremors continue today.

SUTTON SCHOOLS OPEN FOR WORK OF THE YEAR

SUTTON, Neb., Sept. 14.—(Special Telegram.)—The Sutton city schools opened today with the following teachers in charge:

High School—John E. Opp, superintendent; Henrietta Gankson, principal; Lucile Braun, assistant principal; Edith B. Williams, normal trainer; Frieda Arnold, German.

Grades—Vera Wiedenbach, eighth grade; Hazel Catterson, seventh grade; Mrs. I. B. Neumann, sixth grade; Helen Burnett, fifth grade; Emma Lohmeier, fourth grade; Alice Griess, third grade; Dora Brehm, first and second grades; Elizabeth Rath, primary and first grades.

Cottage School—Mary E. Bemis, principal; Sixth and seventh grades; Della Anthes, fourth and fifth grades; Mrs. Henderson, second and third grades; Nova Longstroh, primary and first grades.

Miss Wiedenbach is substituting for Miss Alice Moore, on account of the latter's sickness.

German will be taught in the seventh and eighth grades this year. High school German will be shifted from the eleventh and twelfth grades to the ninth and tenth grades to give four consecutive years of German.

RAINS VERY HEAVY IN IOWA

Water Falling in Way that Makes Up for Lost Time.

ENTIRE STATE GETS DRENCHING

More Precipitation in two Days at Des Moines Than Fell in Previous Three Months—Roads Too Soft for Fast Time.

(From a Staff Correspondent.) DES MOINES, Sept. 14.—(Special Telegram.)—Because of the heavy rainfall and storm of the last two days nearly all the trains on roads in southern Iowa are late, as the roadbeds have become soft and in some instances orders were issued to run slowly. It is estimated that several thousand dollars' damage was done in the city, chiefly to bridges and pavements.

Wilson May Drop Freight Tax Clause

WASHINGTON, Sept. 14.—President Wilson probably will not endorse a freight tax in the war revenue bill in the face of party opposition. Chairman Underwood of the ways and means committee called off a meeting of the committee today pending the president's return to Washington.

"Unless the president says to us that we must have this freight tax," said Mr. Underwood, "we will drop it immediately. We cannot pass it without the president's request."

Several protests against the proposed 30-cent tax on domestic wines were received today from California wine growers' associations, who maintained it would put the growers out of business. The committee has heard from one of the western associations that it would not protest against a tax of 10 cents a gallon. Treasury department officials had recommended a tax of 50 cents a gallon.

Among numerous substitutes for the committee's plan was one presented today by Senator Robinson of Arkansas. It would tax automobiles 50 cents or \$1 a horsepower; certain soda fountain drinks 10 cents a gallon; beer, an additional 50 cents a barrel and an additional tax on cigarettes.

RAILROADS WOULD LIFT LOW PASSENGER RATES

(From a Staff Correspondent.) LINCOLN, Sept. 14.—(Special.)—Members of the state railway commission say that there is going to be an effort made by the railroads to have the passenger rate raised from 2 cents per mile to 2½ cents.

The roads say that their income has been cut so much by freight reduction that it will be necessary to raise passenger rates. In order to meet the situation, they say also that automobiles have cut in heavily on the passenger revenues of the roads and take the two together it has become a serious problem for the roads to meet.

It is probable that the commissions of the various states will combine to fight the actions of the roads, which will apply only in western territory.
