ROY SANDERS DOWNS KAWS

Grover's Fluke Homer Only Score Made Off Semi-Pro.

SCHLIEBNER FOOLS TOPEKA

Frustrated Prince Goes for Home on Infield Out—Which Happens to Be Third One—and Kaws Are Paralyzed.

The Cooley-less Kaws, a band of stray athletes laboring under the direction of the dignified Bill Kaws, went down to defeat at the hands of Roy Sanders yesterday before a gathering of Nebraska bankers. The score was 5 to 1.

A youth by the name of Weidman started the game, but three runs were gathered off him in the opening round. After he had stocked the runway in the third, Bert Grover was called to perform. A couple more were made off Bert.

Bert surprised the house, his mates and himself in the sixth inning by making a hit. He shut his eyes and swung viciously on a slow one. A few seconds later the ball flew over the middle wall, while Bert stood at the plate rubbing his eyes. With proper encouragement he was persuaded to try around the sacks with Topeka's lone tally.

The bankers were given a touch of his league ball in the fifth. Fritz Schliebner showed 'em how Heine Zim, Ping Bodie and others of the well-known ivory fraternity work.

Fritz was on second in the fifth inning and Seabough was up. Tallion threw Seabough out at first and then Fritz pulled his play.

As Seabough made the third out, the Kaws thought Schliebner would trot over to first and take up his position at that sack.

Prince plays inside ball. But not Fritz. He uses his bean. He beat it for third, passed that like the Overland Limited and dug his spikes for a spring home.

With a lunge he hurried himself into the plate. But, alas, he was too late. Koerner footed him. Koerner threw the pill to Gleason and Gleason touched Fritz out, thus making four outs.

The bankers were tickled at the play. They applauded long and loud. It is thought Fritz was practicing a flank maneuver he intends to use this fall when the ball season is over and he goes to Europe to lick the enemies of the kaiser.

It was a fine maneuver, but the quick action of Koerner and Gleason showed that it might not succeed. Schliebner will have to think up another one to use this afternoon, when two games will be played. First game called at 2 o'clock. Score:

WANTS FEDS IN ON SERIES

Gilmore Asks O. B. to Let Outside Clubs Take Part in World's Play.

President of Outlaw Organization Asks National Commission to Agree to Tri-League Schedule.

CHICAGO, Sept. 15.—A chance for the Federal league to participate in the world's series was asked today in a letter from James A. Gilmore, president of the Federal league, to members of the National League.

In his plea, for a truce in the interests of the supporters of the game, Mr. Gilmore declared that the National agreement did not prohibit the clubs in Organized Base Ball playing an outside club, out-lined the claims of the Federal to be regarded as a major league and contended that no club could rightfully claim the world's championship until it had met the pennant winner of the Federal league.

Has Many Stars. "Our organization is backed by business men of high standing who stand for every principle which leads to the improvement of base ball," he wrote. "The Federal league has on its roster many stars of world-wide fame, and has gathered about it as splendid an aggregation of base ball players as is possible for any league."

"While it may be true that in your National agreement we are classed as an enemy of Organized Base Ball, the phrase does not survive the force of time and the demands of the sport-loving public. Your National agreement contains no provision prohibiting you from an honest contest with any ball club you may see fit to meet, and before either of the two clubs in Organized Base Ball who win pennants in their respective leagues can claim the world's championship they must win in some manner the winner of the Federal league pennant."

Suggests Truce. "We therefore suggest in the interest of the game that at least for the time being, we forget our differences and our acts of war, and peacefully, in keeping with the spirit of American business men, arrange a schedule for a world's championship between the three leagues."

Copies of the letter were sent to August Herrmann, chairman of the commission; Dan Johnson and John K. Tener.
