PIONEERS PERFECT PLANS

Are All Ready to Entertain Guests Here During Ak-Sar-Ben.

CUDAHY INVITES THE VISITORS

Reception Committee Named to Look After the Welfare of the Home-comers During Their Stay Here.

The Douglas county pioneers are completing preparations for the entertainment of the territorial pioneers of the state, who convene in Omaha, September 28 to October 2.

Together with the Omaha Commercial club the Douglas county organization will make the state visitors' visit during carnival time a pleasant affair.

The pioneer room in the court-house will be headquarters for the out-of-town folk and a committee of six women will constantly be there to look out for the guests' comfort and welfare. It is desired by the local contingent that the visitors wear their home badge upon coming into the city, so that the committee, which will be at the station, will have no difficulty in recognizing them. The committee will wear the emblem of the Douglas county affiliation.

The Cudahy Packing company of South Omaha will entertain the visitors one day and will serve a luncheon for them. The committee to meet the visitors is made up of Augustus Lockner, Peter Besen, John F. McArdle, John G. Willis, Leo Jankowski, Alvin Metzler, P. J. Creedon and Richard Tizard.

Powerful Dog Saves Child from Being Run Down by Auto

The 2-year-old daughter of C. T. Dunkle, thirty-seventh and Dodge streets, was saved from an approaching automobile by a powerful dog owned by Mr. Dunkle. The dog is a bull terrier, and possibly part mastiff. Automobiles speed down the hard pavement of Dodge street in this part of the city at a terrific rate, especially when the motor-bike cops are not looking.

At the rising and honking of a speeding automobile member of the family looked out just in time to see the powerful dog dragging the child off the street with his teeth set in the child's sleeve.

W. A. BLOMBERG GIVES HIMSELF UP TO POLICE

William A. Blomberg, who has been sought by the police and federal authorities of Omaha for more than a month, has given himself up. Blomberg is charged with having counterfeited money in his possession and to have tried to pass it.

He denies having tried to pass a certain bonus dollar, and says he gave it to a friend for whom the police are looking. Blomberg heard he was wanted in Omaha while staying in Sioux City and immediately straightened out. The police turned the prisoner over to United States Marshal Warner, who will hold him until the case has been more thoroughly investigated. Blomberg, who is about 25 years of age, has been a resident of Omaha all his life.

MISS Frances Nash and Miss Nathalie Myers, who are now in Berlin, Germany, write that they will probably return home some time in November.

Miss Nash finds herself in an unusual position. Although a citizen of the United States, Miss Nash has been in Berlin over a year, so that she is now a resident of that city, and the rule has been made that tourists are to be given the first opportunities of leaving the countries now at war, and those who have been abroad for more than a year must wait until all tourists have received transportation out of the country. So Miss Nash and Miss Myers, although they have every comfort and special favors through influential friends, both German and American, must wait until the tourists are taken care of. Mrs. E. W. Nash has sent gold, so that the young women will not lack for ready funds to leave Berlin.

Miss Nash was to have made her musical debut this winter by giving a piano concert in Berlin. She has had great success in her music, and the postponement of this concert is a great disappointment to her many friends.
