FIX BONDS ON WRONG BASIS

State Officers Refuse to Register \$50,000 Block for Butte.

NOT ON ASSESSED VALUATION

Union Pacific Will Put Motor Car on Branch to Spalding to Make Trial of Service—More Anthrax Discovered.

(From a Staff Correspondent.)

LINCOLN, Sept. 29.—(Special.)—Bonds in the amount of \$50,000 voted by the township in which Butte, the county seat of Boyd county is situated, for the purpose of aiding in the building of a railroad to the town, will not be registered by the state auditor, because the amount of the bonds was fixed on the actual valuation of the township, instead of the assessed valuation as required by law.

The matter was put up to the attorney general by Auditor Howard, and Deputy Ayers holds with the auditor that the basis for the bonds must be made on 10 per cent of the assessed valuation of the property in the township, which votes the bonds.

The law was enacted by the legislature of 1907, but railroads were not included. Later in the session it was discovered that the omission was made and another law was passed, which remedied the former act and included railroads.

Deputy Attorney General Ayers also hands down this morning an opinion regarding the selection of assessors in cities of over 4,000. The matter was brought up on an inquiry from County Attorney Trout of Adams county, who desired to know if assessors could be appointed by districts or for the whole city. Mr. Ayers replies that the deputies must be appointed en masse, meaning that district appointments are not to be made, but the whole city.

Trial Train on Branch.

In an effort to have the State Railway commission modify its former order requiring the Union Pacific railroad to place an extra passenger train on its branch line running from Columbus to Spaulding, N. H. Loomis, W. D. Lincoln and J. F. Cary, officials of the road, appeared before the commission today and asked that the order be changed so that a trial might be made of the service for two months. In speaking of the matter, Mr. Loomis said that the company did not want to be unfair in the matter, but believed they ought to be allowed time in which to test the paying proposition of the new train, but would not object to a longer period if the commission thought best.

L. Sargent of Cedar Rapids, J. D. Jarrett of Council Bluffs and J. R. Shields of Fullerton, appeared for the people along the line. Mr. Shields stating that the road had known for years that the service was inadequate and he opposed and trial of the train.

The commission modified its order somewhat in that it gave the road three months, in which it could make a test of the matter of expenses and revenues and then if it desired could come before the commission and make a showing, but would not make a trial order.

The service will be made by motor car and will be put on October 12, leaving Spaulding in the morning in time to connect with a train in the morning at Columbus and leaving Columbus about 5 o'clock in the evening for the return trip.

Damage Suit Reopened.

The Elizabeth Kuntze Real Estate company appeals to the supreme court from a judgment secured by Frances A. Rankin in the amount of \$3,750 in the Douglas county court for injuries received while residing in property owned by the real estate company. It is alleged that while passing from one room to another she stepped on a board, which was so loose that it allowed a nail to protrude through, which ran into her heel. As a result blood poison set in and she suffered severely from the accident. She asked damages in the sum of \$5,000.

More Anthrax Found.

Dr. Kigin, state veterinarian, returned from Douglas county this morning, where he investigated a bunch of sixty-five head of cattle north of Omaha. He discovered that some of the cattle were suffering from anthrax, fly of them having already died and a sixth at the point of death. About two years ago the disease prevailed in the same place, but by effective work the disease was stamped out. Dr. Kigin believes that he has the cause of the disease, but that it will be no more trouble. The cattle have been vaccinated and isolated from other cattle and strict sanitary and quarantine methods have been put into effect and it is believed that there will be no further trouble.

FOURTEEN-YEAR-OLD BOY

ROBS TILL IN A STORE

FAIRBURY, Neb., Sept. 29.—(Special.)—A bold burglary was committed in Friesen's implement shop, yesterday morning, when Claude Corwin, aged 14 years, ransacked the cash drawer in broad daylight and secured \$100 in currency. Hermann Friesen saw him leaving the office and gave chase, but was unable to catch the juvenile burglar. However, Sheriff Hughes later arrested him and his father thought the reform school at Kearney was the proper place for him. He will be taken to that institution today by Deputy Sheriff Shea.

Young Corwin has owned a number of stores in Fairbury during the last summer and went through the cash drawers, securing small change. He maintained a hiding place for his currency in the Johnson lumber yard and drew on his "bank" whenever he wanted to go to a picture show, to buy ball games or other entertainment. He was arrested a few weeks ago and given a reprimand by County Attorney F. L. Rain. He is the son of Mr. and Mrs. J. E. Corwin of this city.

FOOTPADS TAKE \$200 FROM BROKEN BOW MAN

BROKEN BOW, Neb., Sept. 29.—(Special.)—Jake Johnson, a barber, was set upon by two footpads near his home in the outskirts of town early last evening and robbed of \$200. He was returning from his place of business and had nearly reached home when two men rushed from the shade of the trees, one of them selling Johnson by the head and the other holding his hands, and in this way going through him. The officers were at once notified, but as Johnson can identify neither of his assailants there is little to work upon.

WADSWORTH TAKES LEAD

Later Returns from New York Primary Indicate His Nomination.

GLYNN DEFEATS HENNESSY

Present Governor Wins from Opponent on Democratic Ticket—Tammany Predicts His Re-Election.

NEW YORK, Sept. 29.—Returns which came in slowly this forenoon showed that James W. Wadsworth, Jr., was leading William M. Calder for the republican nomination for the United States senate from New York by 25,000 in 1,287 districts outside of New York City. Balloted returns from 1,067 election districts out of New York City increased Frederick M. Davenport's lead over William Sulzer for the progressive nomination for governor. At noon Davenport was leading Sulzer by 1,181.

On the face of the senatorial returns at hand—most of which are from New York City, Calder has a lead, but Wadsworth is gaining rapidly. If he can continue to gain in the up-state counties as he did in late returns last night he will obtain the nomination by a majority of about 25,000 votes. Such a majority already is claimed by his campaign managers. David Hill, the third man in the race, is hopelessly distanced. Although the progressives cast an extremely light vote, they have an interesting fight on. With approximately half of the election districts in the state reported, Davenport is leading Sulzer by about 1,000. Late returns show Davenport is gaining up-state and if he can continue to gain as he has his majority will be about 2,000.

Governor Glynn defeated John A. Hennessy for the democratic nomination for governor with 55,000. The estimate at Tammany hall that the governor would win by 75,000 in this city will not fall far short of being correct. He also leads up-state. District Attorney Witman had a runaway race against Harvey D. Hinman and Job Hedges for the republican gubernatorial honors, showing surprising strength both up and down state. Ambassador James W. Gerard proved an easy victor over Franklin D. Roosevelt and James S. McDonough on the race for the democratic senatorial nomination. Hattiebridge Colby is the progressive candidate for senator. He was unopposed as were all the candidates on that ticket except Davenport and Sulzer.

It appears that practically all of the incumbents in congress who sought re-nomination were successful. The democratic platform includes a warm endorsement of President Wilson's administration, beginning with these words: "We tender our tribute of whole hearted praise and felicitations to the great New Jersey democrat, Woodrow Wilson, who is now the leader of the nation at Washington."

Wilson Is Endorsed By New Jersey Dems

TRENTON, N. J., Sept. 29.—Representatives of the republican, democratic and progressive parties met in state conventions here today and adopted party platforms.

The democratic platform includes a warm endorsement of President Wilson's administration, beginning with these words: "We tender our tribute of whole hearted praise and felicitations to the great New Jersey democrat, Woodrow Wilson, who is now the leader of the nation at Washington."

An effort to have the resolutions committee include in its draft of a platform an endorsement of President Wilson for re-election in 1916 was defeated at the instance of Chairman Grosscup, who said he was expressing the president's own wishes in the matter.

The republican platform was a strongly protestant one and criticized the democratic national and state administrations. The progressives reiterated their platform of two years ago and defeated a proposed plank in favor of government ownership of public utilities.
