RUSSIANS RULING IN EAST GALICIA

CZAR'S PLAN IS OUTLINED

In Accepting Count Bobrinsky Tells How They Expect to Reorganize the Province on Russian Ideals.

Mayor of Lemberg Informally Surrenders the Government to the Russian Authorities.

PETROGRAD, Sept. 30.—(Special Telegram.)—Dispatches received from Lemberg, Galicia, declare that all prominent Austrian provincial and city officials, together with the judges, the archbishops of all the churches, and the rabbis, attended the establishment of Russian civil government over eastern Galicia and the assumption of the office of governor general by Count Bobrinsky.

M. Rutovsky, mayor of Lemberg, informally surrendering the government spoke in Polish. He continued: "Not without our co-operation have the Austro-Hungarian troops left Lemberg without firing a shot. There was no struggle here, thanks to our efforts. We believe your excellency has been informed that your troops found here co-operation and a cordial reception. In proffering the government of this capital allow me to express my gratitude to the former military governor, who lessened our hardships."

Count Bobrinsky replied in Russian. After thanking the mayor for keeping order in the town, he said:

Original Population Russian. "I think it necessary to acquaint you with the leading principles of my policy. I consider Lemberg and east Galicia the real origin of great Russia, since the original population was Russian. The reorganization will be based on Russian ideals. We will immediately introduce the Russian language and Russian customs. These steps will be taken with the necessary care. We shall at first limit this to the appointment of Russian governors and other officials. Many of the present executives will not be replaced. We shall forbid the convocation of your legislature during the war. All social and political organizations must be discontinued and may resume their activities only by permission. These precepts obtain only in east Galicia; west Galicia will be treated differently."

BELGIAN SORTIES ARE SUCCESSFUL

(Continued from Page One.)

known. In any case the town is well provisioned and defended. The German losses in the last few days must have been enormous. Certainly many thousands have fallen."

Germans Wish to Save Monuments. A dispatch to Reuter's Telegram company from Amsterdam states that a telegram from Brussels, reaching Amsterdam by way of Berlin, says:

"In a battle around Malines the German artillery was instructed not to bombard the town in order to spare the cathedral. The Belgians themselves threw heavy shells into the town from Fort Wolwehien."

The commander of the German troops around Antwerp announces his readiness to make the following agreement with the Belgian government and the American and English ministers:

"If the Belgian military authorities will agree not to use the monuments of the city, and particularly the steeples of the churches, for military purposes the Germans will spare these monuments so far as possible while using the high explosive power of modern shells."

Bombardment Ineffective. ANTWERP, Sept. 30.—(By way of London.)—An official statement issued by the Belgian general staff today says:

"A vigorous German bombardment of forts Wolwehien, Wavre and St. Catherine, which was continued throughout the night, abated at 4 o'clock this morning. The assailants did not succeed in silencing the guns of the Belgian forts nor in any way lowering the morale of the garrisons of the forts."

"At no point did the German infantry dare to move against our first lines of defense. Only one attempt was directed against Fort Liezele and Bredonck. Our troops, holding positions between these works, allowed the enemy to advance until they were within close range, when the artillery and infantry, working in a remarkable combination, showed the attacking columns with a hail of projectiles and bullets, which threw their ranks into disorder and compelled a precipitate retreat. In short, the events of the day confirm the confidence of Belgians in the power of resistance of their national redoubt."

TURKS DISLIKE THE BRITISH ATTITUDE

(Continued from Page One.)

tenant Colonel Neish, British officers attached to the Gordon Highlanders and now prisoners of war in the hands of the Germans, confessed in the course of an official examination that the British and French news agencies have produced a moratorium of truth for the world over."

Sven Hedin, the Swedish explorer, has published an article in the Hamburger Nachrichten in which he declares that the British money market will be discredited by the moratorium for a long time to come. He says that the cutting of the German cable by the British and the "stupendous lies of the English and French news agencies have produced a moratorium of truth for the world over."

KAISER'S PEDIGREE STOCK CAPTURED BY RUSSIANS

LONDON, Sept. 30.—(Herald.)—A dispatch to the Star from Petrograd says that among the remarkable war trophies arriving at Smolensk is the entire stock of Emperor William's famous pedigree cattle and stud horses, captured by the Russians from the emperor's estate at Rominten in East Prussia. They were taken to Moscow and presented to the Russian Agricultural Institute for distribution to agricultural breeding associations.

The National Capital

Wednesday, September 30, 1914.

The Senate. Met at 11 a. m. Finance committee continued work on the war revenue bill.

The House. Met at noon. Debate was resumed on the bill for codification of the printing laws.

ALLIES' TURNING MOVE IN NORTH IS DEVELOPING

(Continued from Page One.)

On our right wing in France, but nothing decisive. The center is quiet. The French advances in the vicinity of Verdun and Toul have been renewed."

LONDON, Sept. 30.—A dispatch to Reuter's Telegram company from Berlin, says by way of Amsterdam, says that the headquarters of the German general staff made the following official statement last night:

"On our right wing in France indecisive battles have occurred. Between the Oise and the Meuse it is generally quiet. The army operating against the forts on the Meuse was repulsed."

"The French have made a new assault along the line from Verdun to Toul. Our siege artillery has opened fire on the forts of Antwerp. The assault of the Belgian forces against the attacking line has been repulsed."

"In the eastern theater of the war the Russian advance in the government of Suwalki failed. Heavy artillery yesterday began a bombardment against the fort of Osannone."

French Retake St. Mihiel. The correspondent of the Times at Nancy, France, telegraphing under date of Sept. 28, gives an unconfirmed report that the French have retaken St. Mihiel, a fortified encampment of the Meuse, twenty miles southeast of Verdun, and also that they have captured Prince Rupprecht of Bavaria at Nomeny, fourteen miles north of Nancy. The correspondent adds that, according to the report, the Germans are assaulting Nomeny with the object of setting the prince free.

German Advance Repulsed. PARIS, Sept. 30.—(Special Telegram.)—The allies led yesterday to receive the shock of the enemy on the battle front in northern France, and although the official communication does not say so, it is reliably stated that again they took many prisoners.

The apparent lack of consistency in the operations of the Germans, added to the increased vigilance of the allies, is making the lot of the military prophets a hard one. All they can deduce today from the information given out is that the Germans failed to break through the allies' front anywhere.

Naturally, the absence of news makes a place for rumors, which are very plentiful, but which no one dares to publish, even if their truth had been ascertained. Commentators are required also to be very circumspect, as is shown by the blank, white gaps of various lengths in the consorted articles in the Paris newspapers. All that can be said of the unofficial reports that are printable is that they are not unfavorable to the allies.

The Zouaves are reported by returning wounded soldiers to be covering themselves with glory on the allies' left. It is related that one day recently the French were obliged to recede under a tremendous pressure of numbers and left eight-three-inch guns in the hands of the enemy. This enraged the Zouaves, who begged to be allowed to get them back and recapture the position.

When trumpets sounded for the charge and the Zouaves bounded forward many turned their heads, as they did not wish to see what they thought was sure to happen to them, but on they went, singing and shouting and defying the rain of machine gun fire. A great proportion fell on the way, but the rest pressed forward until they pounced on the enemy's line. It seemed then as if there were only a few flashes of steel before the enemy broke and the cannon were immediately trained on the fleeing foe.

Will Try to Limit Cotton Acreage by Law and Pledges

NEW ORLEANS, Sept. 30.—Arousing public sentiment in favor of greatly reducing activity or total elimination of cotton planting next year through the medium of county organizations with the ultimate aim of having state legislatures enact laws regulating planting, was the subject today of the Southern Cotton convention, as the best method of meeting the situation caused by the European war. The plan is to have county organizations of the Farmers' union and the Southern Cotton association obtain pledges from planters that they will reduce acreage at least one-half or not to plant cotton at all in 1915. Then the county organizations are requested to petition each governor to call a special session of the legislature to enact laws either prohibiting planting at all or providing for acreage reduction of at least 50 per cent.

PROHIBITION SQUADRON ATTACKS PEORIA FIRST

CHICAGO, Sept. 30.—Under the leadership of Eugene W. Chaffin, twice prohibition candidate for president, the "flying squadron of America" began a nationwide campaign for prohibition today with Peoria, Ill., the scene of the first demonstration. Approximately 150 cities, including all state capitals and the national capital will be visited.

J. Frank Hanly, former governor of Indiana and several other men who have been prominent politically as well as a number identified with church organizations are members of the party. The squadron, however, is declared to be affiliated with no political party or organization, but to be working to uphold the hands of whoever has declared for prohibition.

The speakers will tour the west as far as Spokane, Wash., and then work back through the east from November through the middle of February, when they will turn southward. The itinerary has been mapped out until April 11.

Three-day stops will be made in each city, according to plans.

THOUSAND REFUGEES ARRIVE FROM DENMARK

NEW YORK, Sept. 30.—The Danish steamer United States reached New York today from Christiania with 1,063 passengers, mostly American refugees. The ship was chartered by the American Red Cross and today was the steamer Naxos from Palermo. The Cunarder Mauretania sailed for Liverpool at 1 o'clock this morning and the New York and Atlantic were due to leave at noon for the same port. On these three steamers 1,183 persons had booked passage.

Re-readers are too intelligent to overlook the opportunities in the "want ad" columns. They're worth while reading.

REPORTS AGREE FOR FIRST TIME

Official Statements from Three War Offices Are in Accord on Situation in France.

CLAIMS LARGELY NEGATIVE

Allies Say They Are Holding Own and Teutons Say Result of Fight. Ing Indecisive—No Confirmation of German Defeat.

LONDON, Sept. 30.—For the first time in this war of nine nations, there is some concordance in the drift of the reports from the headquarters of the three armies holding the center of the stage in France, which is still the theater where the most important operations are in progress. It is, however, to be noted that corroboration by one side of claims of the other is largely negative.

"The French advances from Verdun and Toul have been renewed," is the German report of yesterday's fighting on the eastern end of the line, and the communication of General Joffre, commander-in-chief of the French forces, agrees with it in the statement that his troops "have made slight progress" in that field.

At the other end of the 500-mile line, the allies "are holding their own," is the report from the British headquarters, and Berlin announcement seems indirectly to admit this claim by announcing that the battles on this end have been indecisive.

In the center, the French commander-in-chief claims slight progress. According to another version of the report from the German headquarters the French attacks from Verdun and Toul have been repulsed.

Confirmation of a news agency story that the German right wing had been broken, and was in flight, is still lacking. Commentators show much scepticism of this report, although they consider the breaking of the German right wing would be only a natural result of the great turning movement, the present status of which is pictured in the French official announcement of yesterday. This shows that the allies have pushed back the invaders in this region until the German right wing is virtually at right angles with the rest of the lines.

The fact that the German army headquarters admit that their great efforts to throw back the pressure of the allies have proved indecisive is regarded in England as significant.

Vienna Will Erect Isolation Hospital for Cholera Victims

PARIS, Sept. 30.—The municipal council of Vienna has voted 1,000,000 francs (\$300,000) for the construction of isolation hospitals near that city in anticipation of an epidemic of Asiatic cholera. This information is forwarded by the Milan correspondent of the Paris Midi, who has reached Milan from the Austrian capital. Continuing, the dispatch says that the cholera has been reported in various detachments of the army. Whether any cases have yet been discovered in Vienna is not disclosed.

Italian Torpedo Boat is Sunk by a Mine

ROME, Sept. 30.—(Via Paris.)—An Italian torpedo boat is reported to have been sunk today by a mine between Venice and Comacchio in the Adriatic sea. No confirmation of the report can be obtained in official circles.

CHANCE SAYS HE HAS NO BASE BALL PLANS

CHICAGO, Sept. 30.—Frank Chance, former manager of the Chicago Cubs, and more recently manager of the New York Americans, was emphatic last night in telling friends that he had no baseball plans in mind at present. Chance and Mrs. Chance reached here today by automobile from New York. They will continue in a few days by train to their home in Southern California.
