amounced today, left for Europe this week, a total almost 4,000,000 bushes larger than for the corresponding time a year ago. This fact was mainly responsible for lifting the market temporarily c above yesterday's close, but degression, which had prevalled earlier, set in again near the end of the day and there was virtually no buying except from shorts.

Corn followed the action of wheat Clear, cool weather tended to favor the bear side, and so also did slowness of cash demand. Assertions that 1,000,000 bushels of oats had been sold here for export held the oats market strong in the face of the weakness of other grain.

Provisions magged under realizing by packers. It seemed to be a case where better prides for host gave an advantageous chance to unload.
